

HELLO!

MY NAME IS:

Otto the Auto

I TEACH K-2 STUDENTS ABOUT:

Traffic Safety

LET'S LEARN ABOUT:

- BUCKLING UP
- SAFE PLACES TO PLAY
- CROSSING THE STREET
- SAFETY ON WHEELS
- SCHOOL BUS SAFETY

Be Safety Smart with Otto the Auto

For Educators

Welcome! Otto the Auto is a comprehensive safety tool for children in grades K-2. Once a three-foot-tall, remote-controlled, talking robot, Otto is now fully animated and ready to teach your students about safety at any time.

Topics include:

- Passenger Safety
- Safe Places to Play
- Pedestrian Safety
- Safety on Wheels
- School Bus Safety

In this packet you will find activities to reinforce Otto the Auto's safety messages as well as a printable safety pledge and trading cards. Video segments may be used separately or together to best fit your teaching schedule and curriculum.

National Health Education Standards (SHAPE America):

- 1.2.4 List ways to prevent common childhood injuries.
- 7.2.2 Demonstrate behaviors that avoid or reduce health risks.
- 8.2.2 Encourage peers to make positive health choices.

Be Safety Smart with Otto the Auto

For Parents

Hello! Today your student(s) met Otto the Auto. Otto is a comprehensive safety tool for children in grades K-2. Once a three-foot-tall, remote-controlled, talking robot, Otto is now fully animated and ready to teach your student(s) about safety at any time.

Topics include:

- Passenger Safety
- Safe Places to Play
- Pedestrian Safety
- Safety on Wheels
- School Bus Safety

Otto encourages students to share what they learned about traffic safety with a friend, family member, or even a pet. We encourage you to start the safety dialogue at home and ensure everyone practices safe behaviors. Safety is for all ages!

Pre/Post Test

INSTRUCTIONS: Have each student answer the questions below before viewing the Otto the Auto video segments. Have the students answer these questions again after each Otto safety lesson segment. Compare scores to measure comprehension of safety topics.

- 1** Buckling up is safe for _____, no matter how long or short the trip is.
A. kids
B. adults
C. everyone

- 2** It's important to choose safe places to play, like _____.
A. a playground
B. near the road
C. in a parking lot

- 3** Always look left, right, _____ before crossing the street.
A. up
B. left
C. down

- 4** Wear a properly fitted _____ every time you ride on wheels.
A. helmet
B. bicycle
C. hat

- 5** Never stick anything, including body parts, outside of the school bus _____.
A. roof
B. window
C. door

Pre/Post Test

Answer Key

INSTRUCTIONS: Have each student answer the questions below before viewing the Otto the Auto video segments. Have the students answer these questions again after each Otto safety lesson segment. Compare scores to measure comprehension of safety topics.

- 1 Buckling up is safe for _____, no matter how long or short the trip is.
A. kids
B. adults
C. **everyone**
- 2 It's important to choose safe places to play, like _____.
A. **a playground**
B. near the road
C. in a parking lot
- 3 Always look left, right, _____ before crossing the street.
A. up
B. **left**
C. down
- 4 Wear a properly fitted _____ every time you ride on wheels.
A. **helmet**
B. bicycle
C. hat
- 5 Never stick anything, including body parts, outside of the school bus _____.
A. roof

BOARD GAME

Help Otto get to school safely!

Instructions:

1. Find objects to use as game pieces (math counters, coins, candy, etc.).
2. Print and cut out game cards.
3. Print the game board.

To Play:

1. Divide students into groups of four.
2. Choose who will go first (age, alphabetical order, wearing a specific color, etc.).
3. Place cards face down in a pile near game board.
4. During their turn, each student will draw a card from the pile and follow the instructions.
5. . After moving their game piece according to the instructions on the card, they will place their card in the discard pile. Once all cards are used, shuffle the pile and place them face down near game board to continue play.
6. Students will take turns drawing cards and moving around the board. The first student to get Otto to school safely is the winner. Exact number of spaces are not needed to land on school and win.

Otto looked LEFT,
RIGHT, LEFT before
crossing. Move forward
4 spaces.

Otto forgot to look
LEFT, RIGHT, LEFT
before crossing. Move
backward 1 space.

Otto crossed at a
crosswalk! Move
forward 3 spaces.

Otto forgot to cross at
a crosswalk! Stay
where you are until
your next turn.

Otto held a trusted
adult's hand when
crossing the street!
Move forward 2 spaces.

Otto forgot to hold a
trusted adult's hand
when crossing the
street! Move backward
1 space.

Otto did not cross
between parked cars.
He knows that is
dangerous! Move
forward 4 spaces.

Otto ran into the road
from between parked
cars. That is dangerous!
Move backward 1
space.

Otto's basketball rolled into the road. He stopped and asked a trusted adult for help! Move forward 5 spaces.

Otto chased his basketball into the road. Stay where you are until your next turn.

Otto continued to look out for cars as he crossed the road. Move forward 3 spaces.

Otto looked left, right, left but forgot to look out for other cars as he crossed. Move backward 1 space.

Otto stopped, looked, and listened when he got to the edge of the road before crossing. Move forward 4 spaces.

Otto forgot to listen for cars coming when he got close to the road. Move backward 2 spaces.

Otto saw white lights on the back of a car and waited because he knew it was backing up. Move forward 2 spaces.

Otto didn't pay attention to a car that was backing out of a driveway. Move backward 1 space.

You are a safety super star! Move forward 3 spaces.

Great job! You taught a friend something about safety. Move forward 1 space.

You are a safety super star! Move forward 2 spaces.

Great job! You taught a friend something about safety. Move forward 1 space.

Oh no! You forgot to look left, right, left before crossing the road. Stay where you are until your next turn.

Oh no! You didn't LISTEN FOR THE CLICK when buckling your seat belt. Move backward 2 spaces.

Oh no! You ran into the road to get your football. Stay where you are until your next turn.

Oh no! You forgot to wear your helmet when riding your scooter. Move backward 1 space.

Safety on Wheels

Design Your Own Helmet!

If you could wear any helmet in the world, what would it look like?

School Bus Safety

DIRECTIONS: Write what you learned from Otto about school bus safety and draw a picture.

Today I learned:

A large, empty rectangular box with a thick black border, intended for drawing a picture related to school bus safety.

My favorite thing I learned from Otto is:
