

Introducing our *AI Classifier tool*...

...an innovative self-service solution that enables you to categorize the AI-driven tools your company is using and determine your obligations under the AI Act.

The AI Classifier can be used to assess and document your AI use cases reducing the involvement of in-house legal to edge cases. The user is led through a sophisticated questionnaire that has been specifically developed by our own legal AI experts and is regularly updated when new guidance emerges.

After processing the input, the tool generates a tailor-made report that provides clear insights and actionable recommendations, including a checklist summarizing the applicable obligations under the AI Act. Empowering your business to thrive in the evolving regulatory landscape while protecting it from compliance risks.

KEY FEATURES

Compliant

Developed in accordance with the EU AI Act, helping you ensure compliance with regulatory requirements.

Scalable

Using simple questions, the AI Classifier enables consistent documentation and compliance at scale.

Customizable

The AI Classifier can be customized to your company's use of AI.
