CB-30-3AL External Coil Bracket Accessories

Coil Bracket Cap Kit

These durable plastic caps are designed to securely seal unused holes on coil brackets, helping prevent nesting by pests, insects, and small animals. No extra tools required with the easy press fit installation. They are resistant to weather, UV exposure, and temperature extremes and provide a clean, finished appearance for installed hardware.

- Ideal for utility, telecommunications, and industrial installations
- Helps reduce maintenance issues caused by pest intrusion
- Suitable for new installations and retrofit applications
- Kit includes eight (8) round and four (4) square caps
