

Radiology Wasteful and Inappropriate Service Reduction (WISeR) Model Checklist

(Effective January 1, 2026)

1. Confirm Applicability

- Check if your state is part of the WISeR pilot: **AZ, NJ, OH, OK, TX, WA.**
- Verify if your radiology services fall under WISeR PA or review requirements (e.g., CPT codes for percutaneous vertebral augmentation or epidural steroid injections for Pain Management).
- Review Coverage Pathways and WISeR Model Workflow (see Operational Guide section 2).

Refer to ACR Advocacy News Items - [CMS WISeR Model: What Radiology Providers Need to Know](#) and [CMMI WISeR Model Participants Announced](#) (November 2025)

2. Prior Authorization (PA)

- **Determine PA necessity** for applicable CPT codes before scheduling procedures.
- Submit PA requests via WISeR participant portal or fax (see Operational Guide sections 3.3 and 3.4 for contact info).
- Include **all required documentation**:
 - Clinical notes supporting medical necessity.
 - Imaging reports relevant to the procedure.
 - Any prior conservative treatment evidence if required by LCD/NCD.

Note: If a provider or supplier chooses not to submit a prior authorization request for an included service, their claim for the service would be subject to pre-payment medical review for any date of service on or after January 15, 2026.

3. Documentation Standards

- Follow updated **documentation requirements** (see Operational Guide section 6)
- Ensure imaging studies are properly labeled and attached to PA submissions.
- Maintain compliance with NCD/LCD requirements (e.g., L34106, L38201, L35130 for PVA for VCF).

4. Determinations & Timeframes

- **PA Determination:** WISeR issues decision within 3 days (expedited: 2 days).

- **Pre-payment Review:** Providers submit documentation within 45 days; WISeR participant sends decision to MAC within 3 days of receipt. MAC will approve or deny payment.

5. Claim Submission

- Submit claims only after PA affirmation or prepare for pre-payment review.
- Track PA decision types: **affirmation**, **non-affirmation**, or **provisional affirmation**.

6. Monitor Updates

- Review **quarterly updates** for CPT code changes.
- Stay current with WISeR FAQs and CMS transmittals for new guidance.

7. Appeals & Resubmissions

- Unlimited PA resubmissions are allowed at no cost.
- If claim denied post-payment, use standard MAC appeal process.

8. Internal Training

- Train staff on WISeR workflows, documentation requirements, and timelines.
- Update EHR templates to capture required PA documentation.

Announcement

CMS is working closely with WISeR participants to implement their web portals by January 5, 2026, and test for readiness. CMS is firmly committed to ensuring timeliness, accuracy, and transparency under the WISeR model, and will take corrective actions as appropriate to ensure these goals are met. CMS will continue to work with providers, suppliers, and WISeR participants to ensure that any issues are rapidly identified and resolved. WISeR participants that are unable to deliver active WISeR participant electronic portals will face consequences, e.g. payment penalties or other corrective actions.
