

## **ATTORNEY REFERRAL INFORMATION**

The ACR Legal Department provides referrals to attorneys for those radiologists and radiation oncologists who do not have representation, or who have an attorney but would like to consult with a specialist in a particular area of the law, such as medical staff bylaws. We also may provide general information on specific issues, such as contracts, with this referral sheet. Some of the information may be in sample format. Please be advised that any materials we provide are for informational purposes only and not meant to substitute for legal counsel.

While it is not essential that you have local counsel to represent you, your attorney should be familiar with your state law and administrative regulations pertaining to medical practice. Of course, it is important that you and the attorneys discuss fee arrangements, as well as the time they expect to spend on the matter, before retaining any of them to represent you.

Thank you for contacting the ACR Legal Department. If you need further assistance or have questions about the *Business Practice Issues* section of the web site, please call 1-800-227-5463 and ask for Dee Salem or you may email her at [dsalem@acr.org](mailto:dsalem@acr.org) or [legal@acr.org](mailto:legal@acr.org).

Mr. Lacy is a partner in the Richmond, VA office. His practice focuses on regulatory issues, particularly in the areas of health care licensing, insurance, and education. His health care practice emphasizes licensing matters for health maintenance organizations, hospital contracts with physicians including Medicare fraud and abuse and tax exempt issues, certificate of public need matters, provider licensing and certification disputes, and insurance-related problems. He is extensively involved in representing hospitals and other health care providers before the General Assembly of Virginia and the State regulatory bodies in formulating policies, statutes and regulations affecting the health care industry.
