

## Amplify Your Voice in Radiology

From Capitol Hill to your local practice, ACR® advocacy champions the issues that matter most to radiologists and their patients. Discover how ACR influences legislation, shapes policy and drives economic reform — while empowering members to take action and lead change. Whether you're new to advocacy or a seasoned RADVOCATE, [make a lasting impact now.](#)

## Explore the Latest in AI

[A message from Christoph Wald, MD, PhD, MBA, FACR, Vice Chair, Board of Chancellors and Chair, Commission on Informatics](#)

### **ARCH-AI — Governance You Can Trust**

ARCH-AI provides a trusted governance framework that helps hospitals and health systems adopt AI responsibly. Covering governance, validation, workflow integration and clinical oversight, ARCH-AI ensures that radiology AI tools are deployed safely, ethically and at scale — building confidence for both physicians and patients in the future of imaging. [Become a recognized center](#)

### **Assess-AI — Real-World Monitoring, Real-World Confidence**

Assess-AI is a first-of-its-kind performance registry designed to monitor AI tools in everyday clinical practice. By validating accuracy, consistency and safety, helps radiologists and health systems ensure that AI performs as expected in real-world workflows. Assess-AI transforms oversight into action, turning performance data into confidence for providers, patients and decision-makers. [Learn more](#)

### **AI Central — Your Hub for Trusted Radiology AI**

AI-Central is the authoritative ACR hub for FDA-cleared AI tools in radiology. Featuring model cards, regulatory updates and practical resources, it helps clinicians and health systems evaluate, compare and adopt AI solutions with confidence. AI Central makes the fast-evolving AI landscape transparent and accessible, turning information into actionable insights.

[Explore AI Central](#)

### **Pediatric Federated Learning Project — Advancing Pediatric Imaging Responsibly**

The Pediatric Federated Learning Project pioneers an innovative way to train AI models on pediatric imaging data without moving sensitive patient information. This approach protects privacy while enabling the development of robust, diverse AI systems that can improve diagnostic accuracy for children, one of the most vulnerable patient populations in medicine. [Learn more](#)

### **Exclusive Access to AI Tools for Alzheimer's Imaging**

The Alzheimer's Network for Treatment and Diagnostics (ALZ-NET) Imaging Network, managed by the ACR Center for Research and Innovation™, offers exclusive access to discounted FDA-cleared AI tools and data visualization resources to enhance Alzheimer's imaging workflows and patient safety. [Join the interest list](#)

## Clinical Resources

### Evidenced-Based Hub for Clinical Excellence

Empower your practice with evidence-based tools, guidelines and registries designed to support high-quality imaging, reporting and patient care. Whether seeking appropriateness criteria, safety protocols, data registries or practice parameters, ACR connects you to [everything you need](#) to elevate clinical decision-making and drive better outcomes.

### ACR Accreditation: The Gold Standard in Medical Imaging

When your facility displays the ACR gold seal of accreditation, patients know they can trust you to provide safe, high-quality imaging care. [Achieve the gold standard](#) in medical imaging with ACR Accreditation and then [share this patient-friendly, animated video](#) about your gold seal. Or [help your patients find another ACR-accredited imaging facility](#).

## ACR Annual Meeting and Resolutions

### Exploring Solutions and Networking With Peers

The [ACR Annual Meeting](#) is where members gather together to advance professional development, network with peers and leaders, and participate in elections and policy discussions. From the inspiring Convocation ceremony to dynamic caucus and council meetings, this event is your opportunity to connect and contribute.

### Shape the Future of Radiology — One Resolution at a Time

ACR members can influence policy and radiology practice by submitting a resolution for ACR Council review. Whether advocating for change or clarifying standards, [member ideas fuel the College's mission](#). To learn how to submit a resolution, [watch this video](#) for guidance on writing each section, meeting key deadlines and submitting your document online. You may also [download this template](#) to start composing your draft.

## Governance

### ACR Leadership and Governance

The driving force behind the mission of the ACR, [our leadership team](#) aims to collectively lead the field of radiology into the future.

### ACR Bylaws

[ACR bylaws](#) outline the organization's governance structure, responsibilities, and operational procedures.

### ACR Strategic Plan

The future direction and impact of ACR is guided by the vision, priorities and goals outlined in the [ACR Strategic Plan](#), developed by, with and for members.

### Digest of Council Actions

The [ACR Policy Finder Tool](#) allows members to explore the Digest of Council Actions to access official ACR policies and decisions adopted by the Council.

## Get Involved

### Volunteer Opportunities

If you've ever thought about volunteering with ACR, [find volunteer positions](#) suited to your interest, expertise and availability, including commission and committee member positions, ACR representatives and micro-opportunities.

### Answer the Call to Serve

Considering a role in ACR leadership and governance? Help lead the future of radiology by participating in the annual College Nominating Committee [Call for Nominations](#) for available elected and/or selected positions.

### Run for the Resident and Fellow Section (RFS) Executive Committee

Each year, passionate, self-motivated and dedicated residents and fellows are invited to submit their nominations for consideration on the [RFS Executive Committee](#). Help shape the policies and framework of the radiology profession!

### Calling All Future Radiologists

Medical students are encouraged to sign up annually as a [Rad Reserves member](#) to gain access to exclusive benefits and stay connected to the radiology community. You'll receive monthly updates and timely alerts about volunteer opportunities, including outreach efforts and special projects as well as ways to participate in events and programs.

## Level Up Your Career

### ACR Career Center

Looking for a new role? We've got you covered. Browse the [Featured Radiology Jobs](#) Guide to explore employment opportunities from top radiology organizations. Hiring? Let us help you find top-tier candidates. [Learn more about the ACR Career Center](#).

### Career Training for Every Step of Your Journey

The ACR [Radiology Leadership Institute](#)® provides professional development, leadership training and networking opportunities to support practicing radiologists as well as residents and fellows throughout their careers.

## Member Value

### Become an ACR Member

As an ACR member, you'll have access to industry-leading support, resources and advocacy that move our profession forward. Connect with more than 40,000 ACR members, take advantage of educational opportunities, find insights to propel your career and make your voice heard. Discover our dynamic suite of [member benefits](#) to learn how ACR supports every stage of your professional journey. [Join the ACR today](#).

### Renew Your Membership

ACR membership provides the requisite clinical tools for high-quality patient care. From consensus documentation to collaborative peer learning, the ACR is your go-to for professional confidence. [Renew today](#)

## Questions About Your Membership?

Our team is ready to help maximize your benefits, renew your membership, update your member profile or help you sign up for volunteer opportunities. [Contact us online](#) or call ACR Member Services at 800-227-5463, Monday through Friday, 8am to 5pm ET.

## 2024 ACR Impact Report

See all the ways that ACR improved the specialty for both members and the patients they serve — advancing the specialty by meeting member needs. [Read the report](#)

## Annual Accomplishments

Discover how the ACR is advancing radiology through innovation, advocacy, education and member-driven initiatives. Our annual reports highlight key accomplishments, financial health and strategic priorities, offering a transparent look at how ACR delivers value to members and patients. [Explore ACR annual reports](#)

## Show Your Pride: ACR Online Store

Shop now to find the perfect items to represent ACR at conferences, in the workplace or in your everyday life with a curated selection of high-quality apparel and accessories, including ties, hats, scarves and t-shirts. [Shop now](#)
