ANDERSEN WINDOWS & DOORS

# INSTALLATION MATERIALS

## HIGH PERFORMANCE INSTALLATION MATERIALS, TAILORED TO FIT YOUR PROJECT.

Andersen™ installation materials are a durable, high performing system that increases the quality of window and door installations for peace of mind.

- Compatible with all Andersen® products and materials
- Compatible with common building materials
- Window and door exterior color matched materials available
- Configurable to installation type and quantities needed

### SEALANT

Excellent durability and adhesion to Andersen® product substrates and common building materials. Andersen sealant is paintable after one hour, can be applied from 10°F to 110°F and comes in 11 colors.

### INSTALLATION FOAM*

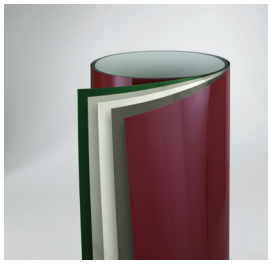
A minimal expanding low-pressure build foam that remains soft and pliable. Andersen foam is trimmable in as little as 60 minutes, repels moisture and offers superior performance in a wide range of environments.

### STRAIGHT FLASHING TAPE

A superior product that provides excellent adhesion to all Andersen product substrates and common building materials. Andersen flashing tape is asphalt and solvent free, offers a wide application temperature range and has a split release liner for easy and accurate application and seals.

### COLOR-MATCHED MATERIALS

Trim coils, coil nails, and drip caps are offered color-matched to Andersen exterior colors.



Visit **andersenwindows.com/installmaterials** to learn more.

*Foam dispensing gun required.

# ORDERING ANDERSEN INSTALLATION MATERIALS

Installation materials can be ordered in our quote tool using the part numbers below or by visiting parts.andersenwindows.com.
