

## DESIGN AND EFFICIENCY

200 Series products deliver Andersen quality at an uncommon value. Built with the right materials in the right places, they offer durability, long-term beauty and options to fit your project needs. And like all Andersen® products, they are supported by over 115 years of commitment to quality and service that can only come from one of the most trusted names in the industry.

- Weather-resistant construction for greater comfort and energy efficiency
- Exclusive Andersen Perma-Shield® system give our windows a tough, protective shell that safeguards the wood inside. It repels water, resists dents\* and stays beautiful for years.
- Variety of Low-E glass options available to help control heating and cooling in any climate
- Narrow profiles maximize light and view
- Gliding windows feature a single operating sash for ventilation
- Add curb appeal with grilles and exterior trim

### PRODUCT TYPES

- Tilt-wash double-hung windows
- Gliding windows
- Picture & half circle windows

\*Hardware is sold separately, except standard hardware.

Oil rubbed bronze is a "living" finish that will change with time and use.

Printing limitations prevent exact replication of colors and finishes. See your Andersen supplier for actual color and finish samples.
