200 Series Product Label

Note:

Every 200 Series Inswing Door will have an identification label **or** glass etching containing a unique Product ID. The Product ID on 200 Series Inswing Doors will be located at the top of the door frame or etched into the glass. See [Service Guide 9051877](#). The Product ID may be up to 14 digits long (excluding hyphens), depending on the age of the unit. Replacement parts will also get their own unique Product ID. When ordering replacement parts, providing the Product ID ensures that replacement parts match the specifications.

Handle Extender - 1" (1999 to Present)

Note:

Each extender adds one inch to the distance between the door handle and the door panel. Extenders are often used when space is needed for window treatments.

A longer [spindle](#) is necessary to accommodate the extender. The standard spindle length is 3 3/4". If using one extender a 4 3/4" spindle is necessary. If using two extenders a 5 3/4" spindle is necessary. Review the installation video, [Installing Handle Extenders on Frenchwood Hinged Doors](#).

Used for handle sets offered 1999 to present. Handles manufactured prior to 1999 are not compatible.

Vintage Handles (1988 - 1999), the handle extenders are no longer available. Use the current style interior and exterior handle, handle extender(s), spindle, bushing(s) and set screw(s) as replacements

Service Replacement Only Parts

Note:

This section is specifically designed for parts that should only be ordered if a Field Service Manager/Service Provider Company has requested them to be ordered or if the customer agrees to also pay for a non-warranty repair/replace service job (subject to availability) for these parts to be installed. We do not recommend anyone other than a trained AW employee or Service Provider install these parts due to the complexity of installation, modifications required for installation and/or requirement of special tools.
