Note:

Replace both upper and lower right hand jamb liners on 52 height when replacing jamb liners on units manufactured prior to 1986.

Replace both upper and lower right hand jamb liners on 66 height use a 62R for the lower liner and a 46R for the upper.

For left hand side jamb liner 66 height use 72 size liner for replacement/cut to fit as there is no liner sized to fit.

See [Balancer and Jamb Liner Replacement Video](#).
