

Occupational health consultation

Your right to speak to the occupational physician,
even if there are no signs of illness or absence.

What is the occupational health consultation?

The **occupational health consultation** is specially intended to **prevent absenteeism** and help you stay **healthy**. Did you know you can **always** make an appointment with the occupational physician? * Even if you're not sick or don't have any complaints yet.

Anonymous

Your visit to the occupational physician is and remains **anonymous**. Your employer will not be informed.

Costs

There are **no costs** for you as an employee for this consultation.

Privacy

Your privacy is of course guaranteed. Information is only stored in your **medical file** and is covered by the **General Data Protection Regulation (GDPR)** and **medical confidentiality**.

No information will be shared about the consultation without your permission.

How to request a consultation?

Go to **www.mkbasics.nl**
or scan the **QR code** to request
an appointment directly.

* This consultation can also be conducted by the occupational health and safety advisor.

When can you use the occupational health consultation?

- ✓ If you have questions about your **health in relation to your work**
- ✓ If you want to discuss your **working conditions**
- ✓ If you notice signs of **potential absenteeism** and want to prevent it
