

AGL

AFRICA GLOBAL LOGISTICS

Innovative logistics to fuel Africa's ambitions

AGRIBUSINESS

AN INTEGRATED LOGISTICS CHAIN

AGL provides a comprehensive range of logistics services and has strong expertise in managing investment projects to enhance infrastructure and value-added services. We ensure efficient and cost-effective logistics solutions that strengthen our customers' competitiveness. From the handling of agricultural inputs to the export of processed goods, we support every step of the value chain with solutions adapted to local realities.

OUR VALUE PROPOSITION

As a key player in the continent's development, AGL facilitates agricultural trade from import to export while boosting intra-African commerce. Through an integrated, financed, and connected value chain, we offer end-to-end logistics solutions serving all stakeholders in the sector: equipment suppliers, input providers, producers, processors, distributors, and industrial project developers.

In 2024, over 1.6 million tons of agricultural products were expertly handled through our warehouse network.

136,000 MT
Coffee

664,000 MT
Cotton

76,000 MT
Cashew

513,000 MT
Cocoa

65,000 MT
Tea

234,000 MT
Derived cocoa

A WIDE RANGE OF AGRICULTURAL PRODUCTS

In addition to these agricultural products, AGL operates across a wide range of other commodities, including shea, rice, maize, sesame, malt, soy, sorghum, sugar, and wheat.

ADRESSING YOUR LOGISTICS CHALLENGES

On a continent blessed with exceptional agricultural potential, AGL puts its expertise at the service of industry players to transform logistical challenges into performance drivers. Thanks to our in-depth knowledge of the field, we design innovative solutions tailored to local realities: flow optimisation, storage modernisation, and operational digitalisation. By effectively connecting producers, processors and markets, we help build more fluid, resilient and competitive supply chains.

A COMPREHENSIVE LOGISTICS APPROACH

TRANSPORT

- Transportation from factories to warehouses with AGL fleet or partners
- Planning, execution and tracking of shipments

AGRICULTURAL STORAGE

- Unloading and weighing of batches
- Storage adapted to raw materials
- Quality control on receipt
- Fumigation, palletising, repackaging

TECHNOLOGY & TRACEABILITY

- Dedicated WMS system
- Real-time reporting on stock and operations
- Last-mile distribution

CUSTOMS CLEARANCE & COMPLIANCE

- Import / export management
- Customs coordination and adherence to local compliance requirements

THIRD-PARTY DETENTION

- Supervision of imported / exported goods
- Strict framework with enhanced security; insurance included
- Recognised experience working with banks and trading partners

VALUE-ADDED SERVICES

- Sorting, cleaning, bagging, grading, moisture control, packaging, inventory management, and blending
- Customised solutions using Flexitank and ISO tank for liquid transport

MASTERY OF AGRIBUSINESS OPERATIONS

AGL's expertise is based on:

A network of logistics experts dedicated to the agricultural and food sector.

Multi-service platforms for fresh and processed products, as well as silo storage facilities and temperature-controlled warehouses.

An extensive network of multi-purpose terminals and dry ports.

Strategically positioned assets across Western, Central, Southern and Eastern Africa, as well as corridor management to serve landlocked countries.

Rigorous procedures and certifications ensuring compliance with the most demanding international regulations.

The  **Live** platform centralises flow monitoring and cold chain control, ensuring complete traceability through IoT solutions.

CASE STUDY: MANGO CAMPAIGN

CONTEXT

AGL, the leader in mango export through West Africa, supports producers and exporters with efficient logistics solutions and strengthens their competitiveness in international markets.

CHALLENGES

- Preserve the freshness and quality of the product for export.
- Ensure end-to-end temperature-controlled logistics.
- Manage seasonality and container availability.
- Speed up customs formalities and optimise deliveries.

AGL SOLUTIONS

- End-to-end services for a smooth supply chain.
- Seasonality planning with pre-reserved empty container stock.
- Provision of suitable containers directly from AGL depots.
- Loading close to production areas to preserve product integrity.
- Transport via the South Burkina Faso, South Mali, and North Côte d'Ivoire corridor.
- Appropriate infrastructure: freight stations, cold storage facilities, and dedicated docks.
- Customs formalities.
- Shipping via AGL Abidjan terminals.

KEY FIGURES

- **5,000 SQM** of ambient temperature storage areas (12,000 pallet spaces).
- **1,000 SQM** of suitable cold rooms: negative, positive.

CASE STUDY: OPTIMISING THE EXPORT OF KENYAN COFFEE

CONTEXT

Kenya is a strategic hub for coffee export, primarily to Europe and Asia. AGL implements an integrated logistics system there, meeting the highest standards of quality, traceability, and compliance.

CHALLENGES

- Preserve coffee quality.
- Reduce losses and defects.
- Ensure ISO & Fair Trade compliance.
- Guarantee visibility and logistical performance.

AGL SOLUTIONS

- Quality inspection, sorting (manual, optical, gravity).
- Reconditioning, bagging, fumigation.
- Advanced warehouses with moisture control.
- Traceability via automated WMS & Live platform.
- Complete management of export flows.
- Customs and regulatory compliance: ISO and Fair Trade certifications.

KEY FIGURES

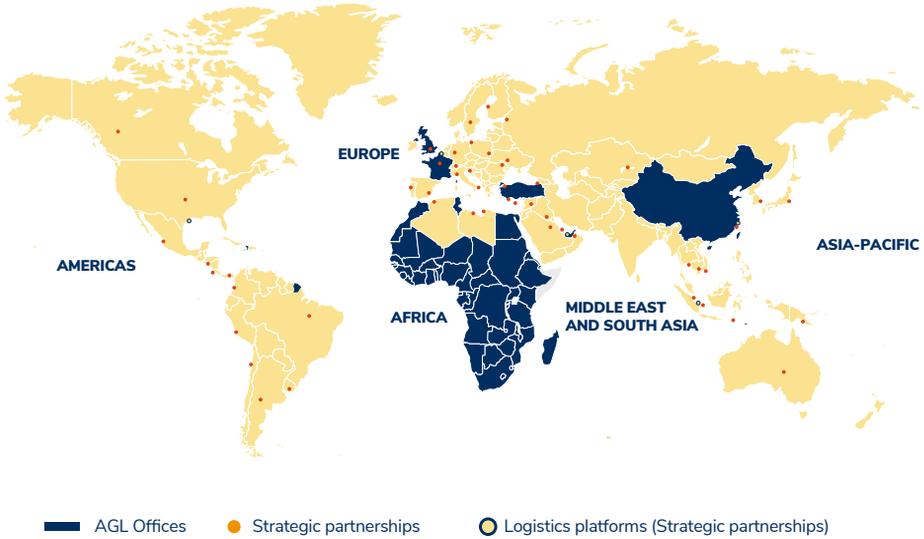

- **60%** of coffee exported from Kenya is processed by AGL.
- **12,000 SQM** of dedicated warehouses in Nairobi.
- Gravity sorting: **4 MT/h** | Optical sorting: **3,5 MT/h**.

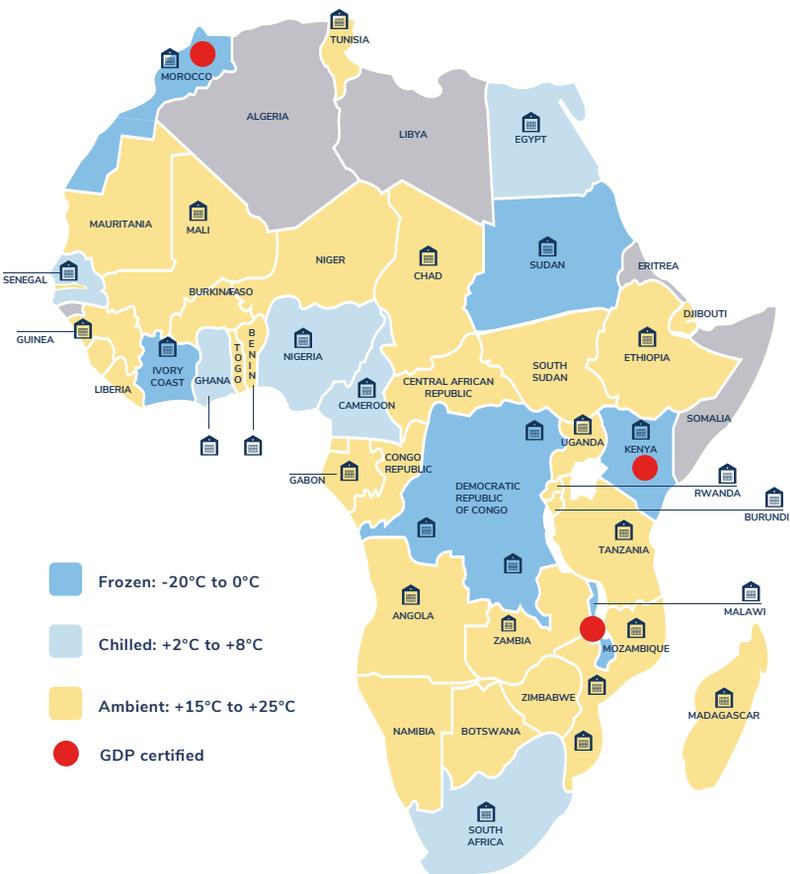

OUR NETWORK

International logistics network

To conduct its logistics operations, Africa Global Logistics relies on a network of interconnected hubs across the continent and beyond.

shipyards

 **66**
dry ports

 **74**
shipping agencies

 **10 millions**
tons of general cargo

Key figures 2024

OUR COMMITMENTS

At AGL, we place quality, safety, ethics, and respect for the environment at the heart of our approach, with the aim of reconciling operational performance and responsibility, while ensuring the satisfaction of our customers and the fulfillment of our employees. We are committed to:

-  **Reducing our environmental impact**
-  **Prioritising health and safety**
-  **Promoting ethics and inclusion**
-  **Continuously optimising the quality of our services**
