

A woman in a blue hard hat and high-visibility vest is smiling and holding a clipboard. She is standing in a large warehouse with high ceilings and many cardboard boxes on pallets. In the background, another worker in a blue uniform is visible, and a yellow forklift is partially seen on the left. The overall scene is bright and professional.

AGL FZE ENABLES CUSTOMERS TO:

Enter Djibouti Effortlessly

- This model guarantees **transparency, compliance, and trust**, enabling multinational manufacturers, traders, NGOs, and project cargo operators to utilize the AGL FZE license for importing goods into the Djibouti Free Zone.
- This approach allows them to **trade through this platform as a secure logistics base** without the need to establish their own entity in Djibouti, while also avoiding any conflict of interest.

Trade Securely & Compliantly

- Accelerate **market access to Ethiopia and neighbouring hinterland markets** through seamless corridor connectivity.
- Increase **supply chain flexibility** via bonded and non-bonded warehousing, consolidation and staging solutions.
- Reduce **total landed cost** through Free Zone advantages, optimized storage solutions and streamlined cargo flows.
- Mitigate regulatory and operational risk by operating within a **fully compliant Free Zone framework**.
