OUR PORT AND RAIL CONCESSIONS

AGL designs, invests in, modernises, and operates terminals capable of handling all types of cargo: containers, RoRo, multipurpose, and bulk. Through this comprehensive approach, we meet the needs of national, intra-regional, and international trade by optimising vessel reception, storage capacity, cargo handling, and container yard management.

Through our rail network crossing Cameroon and connecting Côte d'Ivoire and Burkina Faso, we link production areas to consumption hubs. From passenger transport to industrial freight, our teams manage operations, maintenance, and traffic control to provide a reliable solution that supports mobility and regional economic development.

OUR LOGISTICS AND MARITIME SERVICES

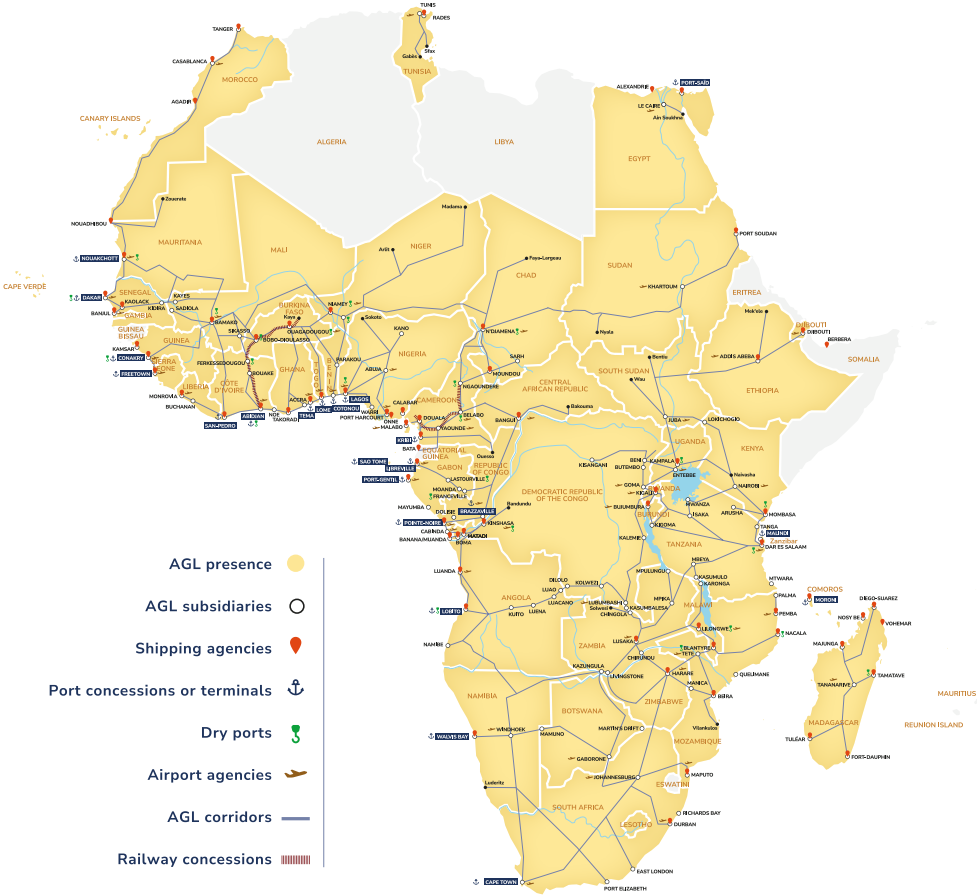

AGL offers a comprehensive range of logistics services, including multimodal transport (air, maritime and land), freight forwarding, regulatory compliance, contract logistics and intra-Africa solutions. AGL also excels in managing large-scale projects, delivering efficient and cost-effective logistics solutions. Our tailored approach strengthens the competitiveness of our clients across various sectors through reliable, innovative, and flexible solutions, adapted to the specificities of local markets.

AGL offers maritime agency services in both coastal and landlocked countries, including 24/7 operations for tramp vessels and full operational and commercial representation of containers, RoRo, and NVOCC shipping lines.

We ensure continuous coordination with our shipowner clients, port handling operations, storage in warehouses or silos, as well as pre- and post-shipment carriage.
