

Tailor-made logistics solutions, to meet humanitarian challenges in Africa

AID & RELIEF

AN INTEGRATED AND CONTROLLED LOGISTICS CHAIN

AGL is a leader in integrated logistics, recognised for its multi-sector expertise and its ability to meet the challenges of difficult contexts and complex environments. The company designs tailor-made, reliable and traceable solutions for emergency and development missions.

With a comprehensive range of services and solid project management experience, AGL optimises its customers' performance by offering personalised and innovative approaches that guarantee efficiency and sustainable value from the first mile to the last.

A VISION OF YOUR LOGISTICS CHALLENGES

The humanitarian sector operates in a complex environment, characterised by:

	The urgency of interventions		Coordination of multiple stakeholders
	The management of sensitive products		Strict regulatory requirements

Faced with intensifying humanitarian and climate crises, expectations in terms of responsiveness, traceability and logistical security are growing, making this sector a strategic pillar of international solidarity.

EXPERTISE IN THE HUMANITARIAN CONTEXT

AGL supports the international aid sector with expert logistics for humanitarian and development missions. Not only for emergency operations, but also for long-term aid programmes, offering tailor-made solutions for actors such as:

- **United Nations**
- **NGO**
- **Ministries**
- **Foundations**
- **Specialised suppliers**
- **Beneficiaries**

AGL effectively coordinates all stakeholders, ensures operational safety through strict protocols, provides rigorous shipment tracking and optimises each intervention. Its structural agility and the expertise of its teams enable continuous adaptation to complex environments, thus ensuring the continuity of humanitarian operations.

INTEGRATED LOGISTICS SOLUTIONS

EMERGENCY LOGISTICS

- Rapid mobilisation (24–48 hours)
- 24/7 supervision via a control tower
- Air charter
- Set-up of distribution centres
- Management of sensitive products
- Supply of essential goods

CUSTOMS COMPLIANCE

- Customs clearance under exemption
- Regulatory assistance
- Compliance with QHSE and local standards

HUMANITARIAN LOGISTICS

- Organisation of aid missions
- Multimodal transport
- Local and regional distribution
- Coordination of multi-stakeholder logistics projects

SENSITIVE PRODUCTS

- Cold chain and real-time monitoring (temperature, humidity, shocks, etc.)
- Appropriate packaging and traceability documentation
- Upstream checks & deviation management

MASTERY OF COMPLEX OPERATIONS

Our expertise in humanitarian aid is based on:

Dedicated field experts and project managers

Interconnected and active logistics hubs
pre-positioned in Africa

Corridor and last-mile management tailored to local
contexts

Expertise in OOG transport and heavy package lifting

GDP/ISO certified infrastructures

A harmonised Quality Management System

24/7 monitoring of critical operations via regional
control towers

The  **Live** platform for complete traceability via IoT
and strict cold chain control

CASE STUDY: CHEGAR PROJECT

AGL has been entrusted by the **U.S. Department of State** with the vital mission of delivering **life-saving medicines** across Mozambique.

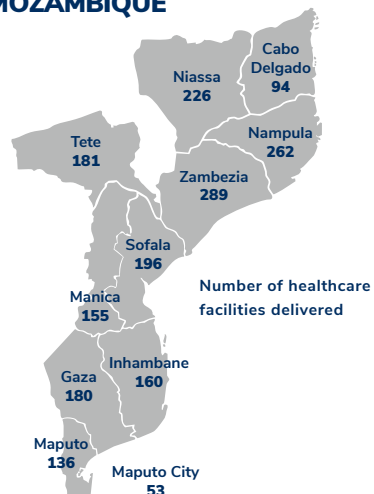

CHEGAR covers **1,932 delivery locations** across Mozambique, including:

- **130 district warehouses**
- **1,725 health centres**
(including hospitals)
- **77 private pharmacies**

On average, **6,000 m³** of medical products are transported each month to the last mile, equivalent to 88 x 40-inch containers.

AGL has a dedicated team of over 230 employees to ensure operational efficiency.
