- Presentation and Scientific Lecture by **Anthony A. Killeen, MB, BCh, PhD, MSc**

Anthony A. Killeen, MB, BCh, PhD, MSc is currently the President of the Association for Diagnostics & Laboratory (ADLM) Medicine, formerly AACC.

Anthony A. Killeen, MB, BCh, PhD, MSc, is a Professor of Laboratory Medicine and Pathology and the Director of Clinical Laboratories, University of Minnesota Medical Center (Adult Hospital). He has served in many leadership positions within the Association of Diagnostics & Laboratory Medicine (ADLM) (formerly AACC), including ADLM Secretary from 2017 to 2020. Dr. Killeen served as chair of the Education Core Committee from 2022-2023. He served as ADLM President-Elect from August 2023-July 2024. Dr. Killeen is currently serving as President of ADLM.

Dr. Killeen's research interests are in clinical trials, hypertension, and the use of "big data" in laboratory medicine.
