INTRODUCTION	ix
Using This Book	ix
Prerequisites	ix
System Requirements	x
Using The Course Material	x
Becoming Avid Certified	x
Lesson 1: Getting Started.....	1
The Core Avid Workflow	2
Media Composer Files and Relationships	3
Launching Media Composer	4
Understanding the Select Project Window	5
Opening a Project	7
The Media Composer Interface	7
Closing Primary Windows	10
Exercise 1.1: Launch Media Composer	11
Creating a Project.....	12
Setting the Save Location	12
Creating a New Project	13
Exercise 1.2: Create a New Project.....	15
Creating a New User Profile and Changing User Profiles	16
About Settings and Personalizing the Application	17
Personalizing the Application	19
Using Workspaces.....	19
Customizing a Workspace	20
Adjusting the Interface Setting	21
Customizing How Bins Display	22
Working with Bins	24
Identifying Objects in Your Bins	30
Essential Tool: The Fast Menu	31

Exercise 1.3: Set Up Your Project	33
Making Subclips.....	34
Saving a Bin	34
Exercise 1.4: Create Subclips and Save bins	36
Lesson 1 Review & Discussion Questions	37
Lesson 2: Avid NEXIS, Media Central Production and Newsroom Management	39
Launching Media Composer with NEXIS and Production Management.....	40
Connecting to Avid NEXIS Shared Storage.....	41
Connecting to MediaCentral Production Management	42
Exercise 2.1: Connecting to Nexis and Production Management	47
Working with MediaCentral Production Management.....	48
Bins in a NEXIS Environment.....	49
The Production Management window	50
Exercise 2.2: Working with Production Management	57
Using the NRCS Tool	58
Exercise 2.3: Using the NRCS Tool	61
Lesson 2 Review & Discussion Questions	62
Lesson 3: Media Ingest	63
The Different Input Methods.....	64
Understanding Consolidate and Transcode	66
Understanding Import	67
Media Creation Settings	67
Using Source Browser Window	68
Adding Video to Your Project.....	72
Exercise 3.1: Link to Media Files	76
Exercise 3.2: Link to Media Files	77
Importing Audio Media.....	78
Exercise 3.3: Link to Media Files	81
Link Workflows.....	82
Lesson 3 Review / Discussion Questions	85
Lesson 4: Basic Editing	87
The Media Composer Source and Record Monitors.....	88
Ways to Play Clips.....	90

Exercise 4.1: Source and Record Monitors and Playing Clips.....	93
Marking the Edit Points	94
Locating an Audio Edit Cue	94
Exercise 4.2: Marking Edit Points	97
Adding Shots.....	98
Exercise 4.3: Adding Shots to the Timeline	103
Working with Audio Tracks.....	104
Using Undo	105
Moving Along the Sequence	106
Zooming In and Out in the Timeline.....	106
Sync Locks.....	107
Removing Material from a Sequence.....	107
Renaming Tracks in the Timeline	109
Exercise 4.3: Working with Audio	110
Lesson 4 Review / Discussion Questions	111
Lesson 5: Refining the Sequence	113
Understanding Segment Mode.....	114
Repositioning Segments in the Timeline.....	115
Adding Tracks Using Drag and Drop	118
Exercise 5.1: Segment Mode	119
Understanding Trim	120
Modifying Clips within the Sequence	126
Exercise 5.2: Modifying Clips within a Sequence.....	129
Useful Tools for Trim.....	130
Using Dynamic Trim Techniques	130
Creating Split Edits	132
Changing the Watch Point in Trim Mode	133
Maintaining Sync	133
Exercise 5.3: Modifying Audio and Maintaining Sync	137
Slip and Slide Segments.....	138
Exercise 5.3: Modifying Audio and Maintaining Sync	141
Lesson 5 Review & Knowledge Check.....	142

Lesson 6: Using Additional Techniques.....	143
Configuring the Timeline.....	144
Adding and Deleting Tracks.....	145
Saving Timeline Views.....	146
Mapping User-Selectable Buttons.....	146
Mapping Menu Commands.....	147
Using Command Palette Buttons.....	148
Exercise 6.1: Customize the Media Composer Display.....	149
Duplicating Sequences.....	150
Using Match Frame.....	150
Using Markers.....	151
Using Timecode to Find a Frame.....	152
Exercise 6.2: Timeline Extras.....	153
Exercise 6.3: Create New Sequences.....	154
Lesson 6 Review / Discussion Questions.....	155
Lesson 7: Refining Audio.....	157
Voices, Clips, Tracks and Channels.....	158
Monitoring Audio Level for Mixing and Delivery.....	158
Sequence Mix Format.....	159
Mix Mode Selection.....	159
Combining Sequence Mix Format with Mix Mode Selection.....	160
Adjusting Level and Pan in the Audio Mixer Tool.....	160
Using Add Edits to Split Audio Clips.....	163
Exercise 7.1: Working with Audio Tools.....	165
Adding Audio Crossfades.....	166
Adjusting Volume with Keyframes.....	166
Changing the Audio Sample Rate.....	170
Exercise 7.2: Audio Crossfades and Keyframes.....	171
Lesson 7 Review / Discussion Questions.....	172
Lesson 8: Polish and Output.....	173
Adding Video Transitions.....	174
Exercise 8.1: Adding A Video Transition.....	177
Creating a Title with Avid Titler+.....	178
Fading a Title In and Out.....	185

Modifying a Title	187
Exercise 8.2: Adding and Modifying a Title	189
Exporting a Sequence	190
Going to Air.....	192
Exercise 8.3: Send a Packaged Item for On-air Playout	195
Lesson 8 Review / Discussion Questions	196
Lesson 9: Introduction to Effects.....	197
Effect Types	198
Applying Effects.....	198
Nesting	200
Video Compositing and Monitoring.....	200
Using the Effect Palette.....	200
Working with Transition Effects.....	201
Exercise 9.1: Transition Effects	205
Working with Segment Effects	206
Exercise 9.2: Segment Effects	207
Effect Mode Basic Techniques.....	208
Adjusting a Typical Segment Effect – Blur.....	211
Exercise 9.3: Effect Mode Techniques	213
Working with Temporal Effects	214
Mixed-Rate Clips	217
Exercise 9.4: Motion Effects	221
Rendering Effects.....	222
Exercise 9.5: Polishing a Sequence with Effects	224
Lesson 9 Review / Discussion Questions	225
Lesson 10: Color Correction.....	227
About Automatic Color Correction.....	228
Adjusting Contrast and Balance Automatically.....	229
Exercise 10.1: Automatic Color Correction	231
Selecting AutoCorrect Options.....	232
Exercise 10.2: Auto Correct Options.....	233
Applying Automatic Color Corrections from the Effect Palette	234
Removing a Color Cast.....	234

Exercise 10.3: Color Cast	236
Lesson 10 Review / Discussion Questions	237
Lesson 11: Managing Media	239
Consolidating and Transcoding	240
Exercise 11.1: Consolidate and Transcode	243
Media Management in a Production Management Environment	244
Using the Media Tool (Standalone Media Composer Only)	244
Identifying Media Relatives	245
Deleting Media Files Using the Media Tool	246
Locking Items in the Bin	249
Exercise 11.2: Media Management	251
The Avid Attic	252
Exercise 11.3: The Avid Attic	253
Media Troubleshooting Tips for Standalone Media Composer	254
Lesson 11 Review / Discussion Questions	255
