

PT301|S6 v3.7: Contents

Preface.....	ix
Lesson 1: Pro Tools S6 Overview.....	1
What Is Pro Tools S6?	2
Master Module.....	2
Automation Module	6
Fader Module.....	7
Process Module.....	7
Knob Module.....	8
Display Module.....	9
Joystick Module	9
Post Module	10
Master Meter Module	11
Pro Tools S6 Hardware Configurations.....	11
Configuring the Pro Tools S6 Hardware.....	12
Connecting Workstations to Pro Tools S6.....	17
Enabling EUCON Connectivity.....	23
Master Module Overview	24
The Master Module Screens	24
Attention Track Knobs	29
Main Menu Switches.....	30
Navigation Switches	30
Soft Key Switches.....	31
Monitoring Controls.....	31
Automation Module Overview	35
Attention Fader	35
Transport Section.....	36
Jog/Shuttle Wheel.....	36
Soft Key Switches.....	37
Synchronizer, Locate Switches, and Numeric Keypad	39
Channel Strip Basics.....	40
Fader Module.....	40
Process Module.....	43
Knob Module.....	45
Display Module.....	46
Basic Surface Navigation.....	52
Channel OLED Displays	52
Banking Tracks.....	53
Nudging Tracks	56
Selecting Tracks.....	56
Attentioning Tracks	58
Review/Discussion Questions.....	60
Practical Challenges/Tasks.....	60

Lesson 2: Working with the Master Module.....	61
Session Navigation from the Master Module.....	62
Overview of the Tracks Screen.....	63
Managing the Tracks Screen.....	65
Selecting Tracks from the Tracks Screen.....	68
Attentioning Tracks from the Tracks Screen.....	70
Banking Tracks from the Tracks Screen.....	72
Linking Track Selections and the Attention Track.....	73
Enabling Record, Input Monitoring, Solo, and Mute from the Tracks Screen.....	75
Clearing Record, Input Monitoring, Solo, and Mute from the Tracks Screen.....	80
Working with Tracks from the Master Module.....	82
Overview of the Home Screen.....	82
Attentioning Tracks from the Home Screen.....	83
The Attention Track Editor.....	87
The Function Scroller.....	88
The Function Editor.....	89
Working with the Attention Track Knobs.....	90
Functions with Additional Editing Features/Function Graphs.....	95
Advanced Editing Features and Use of Function Graphs.....	100
Review/Discussion Questions.....	103
Practical Challenges/Tasks.....	103
Lesson 3: Working with Panning and Sends.....	105
Working with Pans.....	106
Working with Pans from the Function Editor/Attention Track Knobs.....	106
Working with Pans from the Process/Knob Modules.....	111
Viewing Pan Functions on the Display Modules.....	118
Working with Sends.....	118
Working with Sends from the Function Editor/Attention Track Knobs.....	118
Working with Sends from the Process/Knob Modules.....	121
Viewing Send Parameters on the Display Modules.....	128
Additional Workflow Enhancements.....	128
Flip to Faders.....	128
Knob Speed and Sensitivity.....	130
Review/Discussion Questions.....	133
Practical Challenges/Tasks.....	133
Lesson 4: Working with Plug-Ins and Inserts.....	135
Working with Plug-In Inserts.....	136
Working with Inserts from the Function Editor/Attention Track Knobs.....	136
Working with Inserts from the Process/Knob Modules.....	146
Viewing Insert Assignments and Parameters on the Display Modules.....	152

Working with Dynamics Inserts.....	152
Working with Dynamics from the Function Editor/Attention Track Knobs.....	152
Working with Dynamics from the Process/Knob Modules	156
Assigning Default Dynamics Plug-Ins.....	160
Viewing Dynamics Functions on the Display Modules.....	161
Working with EQ Inserts.....	162
Working with EQs from the Function Editor/Attention Track Knobs	162
Working with EQs from the Process/Knob Modules.....	170
Assigning Default EQ Plug-Ins	174
Viewing EQ Functions on the Display Modules.....	175
Review/Discussion Questions.....	176
Practical Challenges/Tasks.....	176
Lesson 5: Introduction to Expand and Layouts	177
Introduction to Expand.....	178
Strip Expand	178
Expand with the Channel Process/Knob Modules.....	179
Working with EQs and Dynamics in Expand.....	181
Working with Inserts in Expand.....	183
Working with other Functions in Expand.....	184
Use of the Expand All Function	184
Auto Expand on Function.....	185
Viewing Expanded Functions on the Display Modules	186
Introduction to Layouts	187
Layout Mode	188
Creating Layouts.....	190
Recalling Layouts.....	198
Editing and Deleting Layouts	202
Inserting, Deleting and Clearing Tracks from Layouts	203
Auto Store Layout on Recall.....	204
Saving and Loading Layout Sets/Titles.....	205
Auto-Load From Titles and Sessions	208
Review/Discussion Questions	210
Practical Challenges/Tasks.....	210
