Giving Opportunities at Banner Health

Health care and philanthropy

Philanthropy plays a vital role in health care by providing essential resources to support medical research, innovation, patient care, and even our own team members in times of struggle. Gifts from leaders like you help fund initiatives that make life better for Sofia but often fall outside the traditional model of care delivery and reimbursement. Giving is a unique way to make a meaningful impact at your facility, for a program important to you, and in the lives of your team members.

Lead through giving: Better Together

Each year, Banner team members give generously through the Better Together campaign. These donations to the Banner Health Foundation and Banner Alzheimer's Foundation support vital community programs and services, facility enhancements, advanced technology, special programs for patients and families, and even our own team members through the SOS Fund.

There are hundreds of different programs, facilities and areas of care to which you may designate your gift. And, 100% of contributions benefit your chosen program.

Your giving matters. Charitable gifts provide budget relief in key areas of care, support the launch of innovative new programs, sustain community health programs over time, and boost groundbreaking research activities. Donor gifts are critical in helping us advance our Banner Health mission to make health care easier, so life can be better.

Supporting the Better Together campaign is extremely important because community partners and individual donors give more when they learn employees also donate to Banner Health. When you give via a one-time cash gift or payroll deduction at any level, it inspires the community to give as well.

☐ PTO

☐ Cash/Check

☐ Stocks/Bonds* I wish to learn more about other giving options

☐ Credit Card (one time or monthly pledge payment)

Signature _____ Date _____ ☐ I wish that my gift remain anonymous

*Smarter Ways to Give...

If you are interesting in learning about other ways to support Banner's mission beyond payroll deduction, writing a check or using a credit card, we would love to tell you how! We can explore smarter ways to give that may work better for you.

For example, gifts of long-term, appreciated stocks and bonds are a smarter way to give because they provide a potential double benefit: You will be eligible for both a charitable tax deduction for the value of the securities on the day you transfer, and you may not be responsible for taxes on any gains from the time you acquired them. To learn more and explore your giving options, please contact: Meagan Hawk, Development Director, Meagan.Hawk@Bannerhealth.com 602-909-5098
