Sarah Halverson, Mortenson

CAUSE & EFFECT

The tournament benefits the physical and emotional well-being of hospitalized children by supporting Child Life. Creating a positive experience for kids in our hospitals — that is the foundation of Child Life at Banner Children's medical facilities. Working with pediatric patients, their parents and siblings, too, Child Life Specialists use a variety of tools and skills to reduce stress and anxiety, while promoting normal growth and development. Through play, pre-operative teaching and even distraction and coping techniques, these specialized — and, very special — professionals become invaluable resources for the entire family. This year's Banner Children's Open will benefit Child Life programs throughout the Valley and Tucson. Just a few of the services provided by Child Life teams include: Medical Play; Sibling Support; Bereavement.

HERE FOR THE WHOLE FAMILY

Banner Children’s Child Life Specialists provide compassionate support for the whole family — because a serious illness and frequent hospitalizations affect more than just our young patients. Child Life is there, at the right place, at the right time, to help the whole family through the challenges; to teach brothers and sisters what to expect. Often, Child Life feels like extended family.

THE COMMITTEE

The following individuals give their time, talent and resources to the 2026 Banner Children’s Open, building an event that has become the “hottest ticket in town.” Thank you all for your leadership and participation.
