

BFF has received from Bank of Italy communication on bans removal and on updated SREP requirements

Bans imposed on 29th April 2024¹, including on distribution of profits, have been lifted.

Additional Pillar II capital requirements ("P2R") have been confirmed.

Dividend policy updated by the Bank increasing by 100 bps its target capital ratio vs. previous level.

Milan, 2nd November 2025 – BFF Bank S.p.A. ("BFF" or the "Bank") announces that it has received from Bank of Italy (the "Supervisory Authority" or the "Regulator") communication on the closing of the proceedings pertaining:

1. **removal of bans** on (i) distribution of profits or other equity reserves; (ii) payment of employees variable remuneration; (iii) further expansion abroad;
2. **decision on updated capital requirements** following the conclusion of the supervisory review and evaluation process ("SREP"), which confirms the additional Pillar II capital requirements ("P2R") currently in force².

The SREP communication provides that – starting from the own funds regulatory reporting date of 31st December 2025 – BFF is to comply at consolidated level with the following capital requirements³, **unchanged vs. the ones already in force**:

- **a Common Equity Tier 1 (CET 1 ratio)** of 9.00%, consisting of a binding component of 6.50% (of which 4.50% of minimum regulatory requirements and 2.00% of additional requirements determined as a result of the SREP process) and of a capital conservation buffer component ("CCoB") of 2.50%;
- **a Tier 1 (Tier 1 ratio)** of 10.50%, consisting of a binding component of 8.00% (of which 6.00% of minimum regulatory requirements and 2.00% of additional requirements determined as a result of the SREP process) and of a CCoB component equal to 2.50%;
- **a Total Capital Ratio (TC ratio)** of 12.50%, consisting of a binding component of 10.00% (of which 8.00% of minimum regulatory requirements and 2.00% of additional

requirements determined as a result of the SREP process) and of a CCoB component equal to 2.50%.

As of 30th June 2025, BFF had a consolidated CET 1 ratio, Tier 1 and TC ratios well above the requirements above.

The removal of the bans allows BFF to return to a normalised context with regards to shareholders remuneration, employees incentivisation and expansion into new markets, in a context of Group's sustainable growth.

With the objective of maintaining a strong level of capital, the Bank resolved to update its dividend policy increasing by 100 bps its target capital ratio. Therefore, the CET 1 reference level above which the Bank envisages the payment of dividends is 13.0%, in compliance with all other current and forward looking capital requirements.

As of 30th June 2025, the Bank had a CET 1 ratio, including the adjusted net income for the period, equal to 14.3%, with €65m excess capital vs. the target 13.0% for the purpose of dividends payment.

The Bank will apply its dividend policy starting from the 2025 annual results, with the approval process of the financial statements to be completed in April 2026.

As a result of the application of the new dividend policy, the cumulated dividends to 2026 are expected to be approximately €50m – €70m lower than the cumulated dividends target previously communicated to the market, without taking into account any extraordinary capital management action on the Bank's credit portfolio.

BFF also informs that, as part of its capital optimization plan, has already mandated leading advisors to evaluate strategic capital management options on its credit portfolio.

Today BFF Board of Directors resolved to start the regulatory process to obtain Bank of Italy's authorization for the shares' buy-back programme to support the remuneration and incentive policies.
