## BVHS Making a Difference with 'MOMS' and the Opioid Epidemic

Blanchard Valley Health System (BVHS), in collaboration with community agencies A Renewed Mind, Century Health and Full Circle, along with the providers at Blanchard Valley Obstetrics & Gynecology, has established the Maternal Opiate Medical Support (MOMS) project for pregnant women and mothers who struggle with opioid dependence.

The purpose of the MOMP project is to:

1. Deliver healthier babies who have experienced opiate exposure
2. Improve the health of pregnant women with opiate addiction
3. Improve family stability

Individuals who join the MOMP project can work to achieve these goals by scheduling weekly appointments at Blanchard Valley Obstetrics & Gynecology, group sessions, medication-assisted treatments and behavioral health sessions. They also are given the opportunity to work with an addictionologist and a counselor at one of the treatment agencies. Together, the collaborating treatment agencies and the providers at Blanchard Valley Obstetrics & Gynecology ensure each patient receives personalized care while promoting the health, safety and well-being of infants and the recovery of pregnant women with opioid-use disorders.

Collaborating with community agencies, the Care Navigator arranges for educational programming and family resources during the weekly MOMP meetings. The first meeting has clients sign up for managed care reward programs, transportation through managed care and an overview of the MOMP project. Additionally, community agencies provide resources to assist clients, including:

- Dental Center – Proper dental care needs during pregnancy
- Hope House for the Homeless - Rental assistance and support available for homeless families
- Hancock County Job & Family Services – Work programs available to assist with skills, transportation, resumes and rewards
- Christian Clearing House – Assistance with school supplies, bills and other needs
- Public Health – Car seat safety and crib-safe sleep programs
- Women's Resource Center – Parenting skills and tips

- Blanchard Valley Obstetrics & Gynecology and BVHS Special Care Nursery - Tours of units and education on neonatal abstinence syndrome and how to have a healthy pregnancy and baby

Supportive accountability strategies are also utilized throughout the MOMP project, including:

- Policies and procedures created to support the success of the individual in the program with supportive individualized treatment plans and strategies for when the individual does not comply
- Commitment form to participate in the program
- Sign-in sheets for group sessions
- Validation and accountability of external behavior health session for the clients
- Weekly drug screenings

"Funding for this project came into fruition initially through a grant obtained by the Alcohol, Drug Addiction and Mental Health Services (ADAMHS) board of Hancock County, with a subsequent grant awarded to BVHS from the United Way and the Findlay-Hancock County Community Foundation," shared Michelle McGraw, director of behavioral health services.

The coordination of care will take place between obstetric providers,

## 'MOMS' program continued...

outpatient medication assisted treatment providers, outpatient mental health providers, the BVHS Labor and Delivery department, BVHS Special Care Nursery and BVHS MOMS registered nurse navigator. Experienced staff members deliver quality care during and after pregnancy.

"We look forward to producing success stories and are committed to providing the community with elite, quality and compassionate care," McGraw concluded.

To support the MOMS project, contact Tasha Dimling at 419.429.7605 or [tdimling@bvhealthsystem.org](mailto:tdimling@bvhealthsystem.org).

## Welcome New Legacy Society Members!

The Blanchard Valley Health Foundation would like to express sincere thanks to those who have joined the Legacy Society or increased their level of giving since the last quarterly newsletter:

# Thank You for Giving on Giving Tuesday!

Thank you for giving the gift of literacy by contributing to the "Goodnight Moon" book project.

#GIVINGTUESDAY™

Blanchard Valley Health Foundation (BVHF) proudly supports childhood literacy by offering the book "Goodnight Moon" by Margaret Wise Brown to each baby born at Blanchard Valley Hospital and Bluffton Hospital. This book combines poetry, rhythm and the 44 sounds in the English language to create a literacy-rich bedtime story.

With your generous donations, you doubled your impact! The Findlay-Hancock County Community Foundation matched donations made to BVHF (up to \$500) that were received on Giving Tuesday, November 27.

You can continue to support this project by visiting <https://www.bvhealthsystem.org/goodnightmoon>, or contact Sophie Miller at 419.425.5751 or [srmiller@bvhealthsystem.org](mailto:srmiller@bvhealthsystem.org).

## Save the Date

Julie Cole Charity Golf Classic 30th Anniversary!

**Sunday, June 2: Major Sponsor Private Reception**

**Monday, June 3: Volunteer & Tournament Award Reception**

**All events held at the Findlay Country Club**

## Be in the Know!

We want you to be the first to know about special events and projects happening at Blanchard Valley Health System. On Giving Tuesday, we emailed a new electronic newsletter to our Legacy Society members. If you did not receive an e-newsletter, we do not have your email address. If you would like to receive your Legacy Newsletter via email along with other important updates, please contact the Blanchard Valley Health Foundation at 419.423.5457.

The Carey community and Blanchard Valley Health System are excited for the Carey Medical Center to open on time and on budget! The deadline to be listed on the original donor wall is March 1, 2019. Thank you for your support!

*Leave a  
Lasting Legacy*

*Architectural renderings of the planned patient registration area.*

**Your investment  
supports caring for  
our community  
so we can care  
for you -  
Donate today!**

**Donations of \$300 or more that can be pledged over three years will be listed on a donor wall.**  
**Blanchard Valley Health Foundation staff will work closely with those interested in naming opportunities which begin at \$5,000. Contact Marty Rothey at 419.423.5591 or [mrothey@bvhealthsystem.org](mailto:mrothey@bvhealthsystem.org) for more information.**

# Honor a Doctor

National Doctors' Day provides an opportunity for patients to express appreciation for the lifesaving work of doctors everywhere. Reflect on the times, especially in critical situations, your physician was there for you. By choice or by chance, many people have been profoundly influenced by the compassionate and professional care of a doctor. In celebration, the Blanchard Valley Health Foundation (BVHF) gives donors, patients and friends the opportunity to honor physicians for dedicating their lives to our care. If you would like to honor a physician who has touched your life in a special way, please return your Doctors' Day contribution to the BVHF by March 28, 2019.

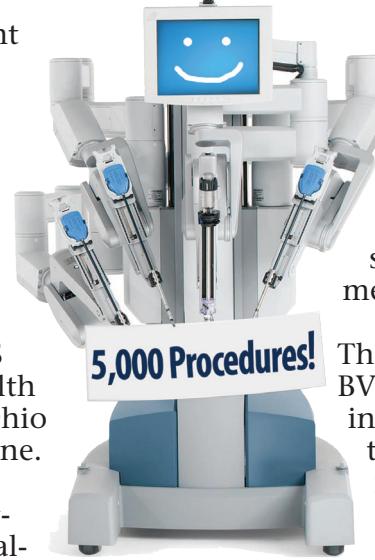

Each note of appreciation will be hand-delivered to physicians on Friday, March 29. To honor a doctor today, visit [bvhealthsystem.org/doctorsday](http://bvhealthsystem.org/doctorsday).

## 5,000 Minimally Invasive Robotic Surgical Procedures Completed at BVHS!

The surgery department of Blanchard Valley Health System (BVHS) has recently reached the milestone of 5,000 surgical procedures completed using a daVinci robot, which allows surgeons to perform minimally invasive surgery. BVHS is only the second health system in northwest Ohio to achieve this milestone.

The first robot was purchased at Blanchard Valley Hospital (BVH) in 2010 followed by three more purchased in 2011, 2015 and 2018 respectively. Utilizing this robot allows surgeons to increase accuracy due to the greater visibility it provides. Patients who undergo robotic surgery experience faster recoveries, shorter lengths of stay at the hospital and less scarring.

"The addition of minimally invasive robots in our surgery department at BVHS has allowed our experienced providers to complete a wide range

of procedures," said Trevor Schmiedebusch, RN and director of surgery at BVHS. "We are celebrating 5,000 completed robotic surgeries that have allowed our surgeons to provide elite, measurable care to patients."

The addition of robots to BVHS has allowed minimally invasive surgery to expand to Bluffton Hospital. The most common robotic surgeries include total hysterectomy, hernia and colorectal procedures.

"BVHS is committed to providing the highest quality care to our patients using today's most updated technologies," commented Chris Keller, president of Bluffton Hospital and vice president of clinical services and supply chain for BVHS. "We are proud to have accomplished 5,000 minimally invasive robotic surgeries thus far and look forward to continuing this service for our patients."

# Legacy Society Members

While the Blanchard Valley Health Foundation strives for 100% accuracy in our record keeping, if you should find an omission or correction, please contact us at 419.423.5457 or email [mmchaffie@bvhealthsystem.org](mailto:mmchaffie@bvhealthsystem.org) for any changes we need to address. **Thank You.**
