# 2024 PLAN CHOICES THAT INSPIRE HEALTH

## New for 2024 Prosano Health

An elevated experience with a dedicated primary care provider team, available exclusively for members enrolled in a BlueSignature<sup>SM</sup> Prosano plan. There is no cost for in-person and virtual care services provided by the Prosano Health care team. Prosano Health care centers offer a benefit liaison who will help you and your employees understand benefits, costs, and network options. A clinically trained care guide will partner with you or your employees to help schedule appointments with specialists and diagnostic providers.

## Balanced Funding solution

Balanced Funding is a self-funded solution for employers with five or more enrolled employees. Balanced Funding provides employers with financial predictability and control over monthly healthcare costs.<sup>1</sup> With Balanced Funding, employers pay a fixed, monthly amount that includes the cost of administrative services, stop-loss insurance, and all claims coverage.<sup>2</sup> Detailed claims and experience reports help employers manage their expenses. This product minimizes surprises and provides the opportunity to earn money back, if claims are lower than expected.

## Low copays for Tier 1 generic drugs

All EverydayHealth PPO and HMO plans feature \$3 copays on 30-day supplies of Tier 1a generic prescriptions including select insulin. Prescription drugs in Tier 1b have low copays that range from \$5 to \$35 on a 30-day supply, depending upon the plan.

For more information on AZ Blue's Tier 1a Drug List, visit [azblue.com/pharmacy-management/Tier1a-Drug-List](https://azblue.com/pharmacy-management/Tier1a-Drug-List).

## PLAN OPTIONS

### PPO Plans

- A wide selection of primary care providers (PCPs) and specialists
- No requirement to have an assigned PCP or get referrals before seeing a specialist
- Access to healthcare out of state with the BlueCard<sup>®</sup> network when traveling or vacationing
- Out-of-network care covered, but at a higher cost

### HMO Plans

- A wide selection of primary care providers (PCPs) and specialists
- No requirement to have an assigned PCP or get referrals before seeing a specialist
- Out-of-network services not covered except in emergencies, select ancillary services performed by out-of-network providers at an in-network facility, and rare situations when preauthorized by BCBSAZ.

## NETWORKS & PROVIDER AFFILIATIONS FOR PPO AND HMO PLANS

**Statewide** – Affiliations statewide

**Statewide/National PPO + Prosano<sup>3</sup>** – Affiliations statewide and Prosano Health Care Centers

**Alliance (Maricopa and Pinal counties)** – Banner Health and HonorHealth

**Alliance PPO + Prosano<sup>3</sup>** – Banner Health, HonorHealth, and Prosano Health Care Centers

**PimaConnect (Pima County)** – Tucson Medical Center and Northwest Medical Center

<sup>1</sup>Medical criteria are used to establish rates for Balanced Funding arrangements. Not all businesses will qualify.

<sup>2</sup>With Balanced Funding, composite rates are fixed. Monthly payments may still change based on a business's employee census, as employees or dependents are added or removed.

<sup>3</sup>All in-network Prosano Health doctors and Prosano Health Care Centers are located in Maricopa County. Please ask AZ Blue or your broker to learn more about BlueSignature Prosano plans.

# A PLAN FOR ALL NEEDS AND BUDGETS

## Health plan options in 2024:

### BlueSignature Prosano

This new product is an excellent choice for those who want a dedicated primary care provider team. There are four PPO plan options to choose from. Prosano Health Care Centers offer a clinically trained care guide to assist with scheduling appointments to see specialists and diagnostic providers. A benefit liaison is also available to help members better understand benefits, costs, and network options.

- There is no cost for in-person and virtual care services provided by the Prosano Health care team
- Most in-network services performed outside of Prosano Health Care Centers are subject to deductible and coinsurance

### EverydayHealth

This popular product is a top choice for those who want comprehensive coverage. There are 20 PPO and seven HMO plan options that offer copays for many common services.

### Portfolio (HSA-qualified plan)

There are six PPO and three HMO Portfolio plan options to choose from. When paired with a health savings account (HSA), a high-deductible PPO plan gives employees the flexibility to choose how their healthcare dollars are spent and offers potential tax savings. This plan is a popular choice for those who want to pair their health plan with an HSA and either:

- Don't expect to need frequent doctor visits or prescriptions, or
- Do expect higher medical costs, and want to use an HSA for its tax advantages

#### All plans offer coverage for most common healthcare needs, such as:

- Doctor visits
- Prescriptions
- Urgent care and ER visits
- Surgeries
- Virtual visits with BlueCare Anywhere<sup>SM</sup>\*
- Behavioral health needs
- Pediatric dental care from in-network providers
- Preventive care at \$0 out-of-pocket cost from in-network providers
- Routine pediatric vision care

\* Virtual visits do not provide emergency care. In an identified or probable emergency, the virtual visit provider will direct the patient to seek emergency care.

This is only a brief summary of the benefit plans, designed to help you compare features of different plans. All plans are subject to the exclusions and limitations listed on page 22 of this summary. More detailed information about benefits, cost share, exclusions, and limitations is in the benefit plan booklets and plan Summary of Benefits and Coverage (SBC), which are available on request. If the terms of this summary differ from the terms of the benefit plan booklets, the terms of the booklets control and apply.

Employers benefit from  
consumer-directed health  
savings account (HSA)  
integration in several ways:

#### Easy

Hassle-free account setup,  
management, and eligibility  
data sharing

#### Streamlined

One bill captures monthly  
premiums and HSA  
administration fees

#### Convenient

Dedicated employer  
customer service for  
employers integrating any  
of the following types of  
spending accounts:

- HSAs
- HRAs
- FSAs
- DCFSAs
- LPFSAs

# BLUESIGNATURE PROSANO HEALTH PLAN

At a time when the healthcare experience can be impersonal, disconnected, and too expensive, Prosano Health provides an inspiring alternative. Built by AZ Blue, with partners and providers who have a forward-thinking track record and ability to guide the healthcare needs of Arizonans for a lifetime, Prosano Health delivers a powerful new solution of advanced primary care.

## Here is what a BlueSignature Prosano plan has to offer:

In-person and virtual services at Prosano Health are provided at no cost. Cost-share amounts are for covered services by providers in the plan's network. Services by out-of-network providers are typically subject to higher cost-share amounts. Only formulary drugs are covered unless a formulary exception is approved. Members in plans with a copay drug benefit who pick a brand-name medication when a generic is available will pay the difference in cost plus the copay and any applicable deductible. All plans are subject to the exclusions and limitations on page 22.

Cost-share amounts are for covered services by providers in the plan's network. Services by healthcare professionals outside the network are generally not covered except for emergencies, select ancillary services performed by out-of-network providers at an in-network facility, and other special circumstances when use is preapproved. Only formulary drugs are covered unless a formulary exception is approved.

Members in plans with a copay drug benefit who pick a brand-name medication when a generic is available will pay the difference in cost plus the copay and any applicable deductible. All plans are subject to the exclusions and limitations on page 22.

In-network services available through the BluePreferred<sup>®</sup> Dental network. A listing of providers in the BluePreferred Dental network can be found at [azblue.com](http://azblue.com).

<sup>1</sup> These plans are offered to employers considered small for purposes of the Affordable Care Act (ACA).

<sup>2</sup> All per-year benefits mean per calendar year.

<sup>3</sup> Only the allowed amount, as based on least expensive available treatment (LEAT), if applicable (and not billed charges), counts to satisfy the deductible. There may be several methods for treating a specific dental condition. All claims for restorative services such as fillings and crowns are subject to analysis for the least expensive available treatment (LEAT). Benefits for restorative procedures will be limited to the LEAT only. For these procedures, AZ Blue will only pay benefits up to the LEAT fee. Members may elect to receive a service that is more costly than the LEAT, but the member will be responsible for cost share based on the LEAT, and will also pay the difference between the fee for the LEAT and the more costly treatment (LEAT balance bill). Any payment made for this LEAT balance bill will not count toward the deductible or out-of-pocket maximum.

<sup>4</sup> AZ Blue dental coverage guidelines are available upon request. Not all dentally necessary services are covered benefits.

AZ Blue has partnered with Sharecare® to bring employers a truly differentiated digital health and wellness experience. Our members can expect immediacy, simplicity, and relevancy in a mobile app.

**RealAge Test**

Sharecare’s next-generation health assessment evaluates a variety of behaviors and existing conditions to calculate the body’s true age. For users, this is their first step toward optimizing their health. They are armed with information about how lifestyle choices can help them stay younger—or age faster—than their chronological age. After completing the RealAge® Test, members will be able to manage their health profile, get personalized recommendations, and receive expert guidance to stay supported and motivated.

**RealAge Program**

Upon completion of the RealAge Test, users can begin participating in Sharecare’s RealAge program, a healthy behavior program targeting the highest lifestyle risks—stress, sleep, nutrition, and activity. The program is personalized to the individual based on risk level for each lifestyle category gathered through RealAge Test responses and personal interest. It’s fully integrated with other features of Sharecare, such as Trackers, to drive sustained engagement and promote behavior change that can lead to a lower RealAge.

# CARE MANAGEMENT

---

AZ Blue's programs support the patient/provider relationship and enhance the overall healthcare experience for our members. When we help members better manage their health, they can more effectively manage their daily activities, be more productive at work, and reduce their (and your) healthcare costs.

Members can take advantage of the following programs:

## Health Management

Members with conditions like diabetes, congestive heart failure, asthma, COPD, coronary artery disease, behavioral health, or hypertension can get extra help. Care managers work with members to understand their health needs, help coordinate care, find health resources, and provide guidance for managing their condition and health goals.

---

## Hospital to Home

When members are transitioning home from a critical care hospital stay, we help ensure that they're getting the care, medications, and equipment they need to reduce potential hospital readmissions. We will assess the member's needs and assist the member with follow-up doctor and therapy appointments, equipment, and community services, to name a few.

# WE'RE HERE TO HELP

# HELPFUL TERMS AND DEFINITIONS

---

## Allowed Amount

The amount AZ Blue has agreed to pay for a covered service. The allowed amount includes both the AZ Blue payment and your cost share. Example: A doctor may normally charge \$100 for a particular service. But he has an agreement with your plan to accept only \$80 as reimbursement for that service. \$80 is the “allowed amount.” The allowed amount includes any amount paid by the plan, plus any amount the member pays as a cost share, including copays and deductibles.

## Balance Bill

This is the difference between the AZ Blue allowed amount and a non-contracted provider’s billed charge. Noncontracted providers have no obligation to accept the allowed amount, with the exception of emergency and ancillary services provided in an in-network facility. Any amounts paid for balance bills do not count toward any deductible, coinsurance, or out-of-pocket limit.

## Business Size Definitions

2-50: These plans are offered to employers considered small for purposes of the Affordable Care Act (ACA)—the average number of total employees on business days during the previous calendar year was 50 or fewer. These plans are also available to an employer considered large for purposes of the ACA, but considered small for purposes of Arizona law (on a typical business day, 50 or fewer employees are eligible for health benefit plan coverage).

## Emergency Services

For emergency services, members will pay their in-network cost share, even if services are received from out-of-network providers. Also, out-of-network providers can’t balance bill for the difference between the allowed amount and the billed charge.

## Out-of-Pocket Costs

These are expenses for medical care that aren’t reimbursed by insurance. Out-of-pocket costs include deductibles, coinsurance, and copayments for covered services, plus all costs for services that aren’t covered. Not all out-of-pocket expenses are applied to the plan’s maximum out-of-pocket benefit.

## Prior Authorization

Some services and medications require prior authorization (sometimes referred to as precertification). Except for emergencies, urgent care, and maternity admissions, prior authorization is always required for inpatient admissions (acute care, behavioral health, long-term acute care, extended active rehabilitation, and skilled nursing facilities), home health services, and most specialty medications. Prior authorization may be required for other covered services and medications.

## Prescriptions and Medications

AZ Blue applies limitations to certain prescription medications obtained through the pharmacy benefit. A complete formulary list of covered medications and limitations is available online at [azblue.com](https://www.azblue.com) or by calling AZ Blue. These limitations include, but are not limited to, prior authorization, quantity, age, gender, dosage, and frequency of refill limitations. Plans are also subject to:

- A closed formulary. This means that only medications included on the formulary listing are covered. Any medications not found on that list would require a formulary exception to be made or is simply not a benefit of the plan (please refer to the benefit book for a list of excluded categories).
- A step therapy program that requires members to take preferred products, including but not limited to, the generic version of certain medications before AZ Blue will consider coverage of the brand-name version of that medication.
- A preferred generics program. This means that when a member or provider selects a brand-name product when a generic product is available, the member will be responsible for their copay and any applicable deductible plus the cost difference between the brand-name and generic product. Exceptions are only made when the member is approved for the brand-name medication through the step therapy program or if AZ Blue prefers the brand-name product over the generic product. No additional exceptions to this cost-sharing amount will be made.
- \$3 Tier 1a generic prescription drugs. \$3 copays on 30-day supplies of common everyday prescriptions including select insulin. Prescription drugs in Tier 1b have low copays that range from \$5 to \$35 on a 30-day supply, depending upon your plan.

AZ Blue prescription medication limitations are subject to change at any time without prior notice.
