

# Protect your quality of life by **PROTECTING YOUR EYES.**

Enjoy driving, reading, and video chats with friends and family? Then get your eyes checked annually.

**You pay nothing for a routine eye exam from one of 22,000 preferred Davis Vision® providers in Arizona.\***

A comprehensive annual eye exam can do more than protect your eyesight, it can also detect early signs of other systemic conditions including diabetes, thyroid disease, high blood pressure, and neurological impairments.

Blue's vision plan is administered by

Your Medicare Advantage plan from Blue includes a routine eye exam, as well as:

- Health review
- Simple visual acuity tests
- Refraction test
- Visual field assessment

\*Routine vision services including routine non-medical eye examination through Davis Vision providers without any medical conditions or symptoms for the purpose of checking vision and/or updating eyeglasses or contact lens prescription. Specialist copayment applies for Medicare-covered eye exams performed by ophthalmologist or optometrist. The relationship between Blue Cross® Blue Shield® of Arizona (BCBSAZ) and Davis Vision and preferred vision care providers is that of independent contractors to provide vision services to BCBSAZ members. Other providers are available in our network. BCBSAZ is contracted with Medicare to offer HMO and PPO Medicare Advantage plans and PDP plans. Enrollment in BCBSAZ plans depends on contract renewal.
