YOUR PLAN NETWORK

See your Summary of Benefits and Coverage (SBC) and ID card for the name of the plan network that applies to your benefit plan. You'll find the complete directory of providers in your plan's network at <u>MyBlue</u>SM. If you do not have Internet access, would like to request a paper copy of the directory, or have questions about whether or not a certain provider is in the network, please call Blue Cross[®] Blue Shield[®] of Arizona (BCBSAZ) Customer Service at the number on your ID card. It's important to make sure your provider is in your plan network before you receive services.

MEMBER COST SHARING AND OTHER PAYMENTS

Members pay part of the costs for benefits received under this plan. What you pay depends on your particular benefit plan, the service you receive, and the provider you choose. You may have an access fee, coinsurance, copay, deductible, or some combination of these payments as detailed in the tables that follow. You can refer to Appendix A in your Base Benefit Book for a definition of the terms. Your SBC explains which cost-share types and other payments apply to each benefit. BCBSAZ uses your claims to track whether you have met some cost-share obligations. We apply claims based on the order in which we process the claims and not based on date of service.

Type of Cost Share	Amount of Cost Share
Calendar-Year Deductible	\$6,000 per member
	\$12,000 per family
Out-of-Pocket Maximum	\$8,150 per member
	\$16,300 per family

COST-SHARE TABLE

Until you meet your deductible, you will pay the allowed amount for most services. For services that require a copay, the calendar-year deductible is waived. If you have family coverage, there is also a calendar-year deductible for the family. Amounts counting toward an individual's calendar-year deductible will also count toward any family deductible. When the family satisfies its calendar-year deductible, it also satisfies the deductible for all the individual members. An individual member cannot contribute more than his or her individual deductible toward the family's deductible.

Cost share for ancillary services provided by an out-of-network provider at a network facility will be based on the Qualifying Payment Amount, as defined by federal law. All out-of-network cost share for these ancillary services will be counted toward any in-network deductible and cost-share limits.
