## DEFINITIONS

Words defined in this “Definitions” section or sections that appear in the “Table of Contents” will be capitalized throughout this Benefit Book.

“**Allowed Amount**” means the total amount of reimbursement allocated to a covered Service and includes both the BCBSAZ payment and the Member Cost-share payment. BCBSAZ calculates deductible and Coinsurance based on the Allowed Amount, less any access fees or Precertification Charges. BCBSAZ uses the Allowed Amount to accumulate toward any Out-of-pocket Coinsurance Maximum or out-of-pocket maximum that applies to the member’s Benefit Plan. The Allowed Amount does not include any balance bills from noncontracted Providers. The Allowed Amount is neither tied to, nor necessarily reflective of, the amounts Providers in any given area usually charge for their services. The table below shows how BCBSAZ determines the Allowed Amount.

Type of Provider	Type of Claim	Basis for Allowed Amount
Providers contracted with BCBSAZ	Emergency and non-emergency	Generally, the lesser of the provider’s Billed Charges or the applicable BCBSAZ Fee Schedule, with adjustments for any negotiated contractual arrangements and certain “ <i>Claims Editing Procedures and Pricing Guidelines</i> .”
Providers contracted with a vendor	Emergency and non-emergency	Generally, the lesser of the provider’s Billed Charges or the vendor’s Fee Schedule, with adjustments for any negotiated contractual arrangements
Providers contracted with another Blue Cross or Blue Shield plan (“Host Blue”)	Emergency and non-emergency	Lesser of the provider’s Billed Charges or the price the Host Blue plan has negotiated with the Provider
Noncontracted Providers (in Arizona)	Non-emergency claims and emergency ground ambulance claims	Lesser of the provider’s Billed Charges or the applicable Fee Schedule, with adjustments for certain “ <i>Claims Editing Procedures and Pricing Guidelines</i> .” For emergency ground ambulance claims, the Allowed Amount is based upon the ambulance provider’s Billed Charges.
Noncontracted Providers (outside Arizona)	Non-emergency claims and emergency ground ambulance claims	Lesser of the provider’s Billed Charges or the amount the Host Blue would pay the nonparticipating Provider. In the event that the Host Blue has not established an amount it would pay the nonparticipating Provider, the Allowed Amount is based on the applicable Fee Schedule, with adjustments for certain “ <i>Claims Editing Procedures and Pricing Guidelines</i> .” For emergency ground ambulance claims, the Allowed Amount is based upon the ambulance provider’s Billed Charges.
Noncontracted Providers (in Arizona and out-of-state)	Emergency	The highest of the three following amounts, not to exceed Billed Charges: <ul style="list-style-type: none"> <li>• The median in-network Provider negotiated rate for the Emergency Services furnished,</li> <li>• The amount for the Emergency Services calculated using the same method BCBSAZ generally uses to determine reimbursement for out-of-network services, or</li> <li>• The amount that would be paid by Medicare Part A or B.</li> </ul>

“**BCBSAZ**” or “**We**” means Blue Cross Blue Shield of Arizona when acting as the issuer of insurance coverage or as the administrator of a group Benefit Plan. Within this Benefit Book, “BCBSAZ” or “We” may also include contracted vendors, when a contracted vendor is performing functions on behalf of BCBSAZ.

“**Blue Cross Blue Shield of Arizona**” is an independent licensee of the Blue Cross and Blue Shield Association. BCBSAZ is a not-for-profit corporation organized under the laws of the state of Arizona as a hospital, medical, dental, and optometric services corporation and is authorized to operate a healthcare services organization as a line of business.

**“Benefit Book”** means this document.

**“Benefit Plan”** means the Contract of insurance between an individual Member and BCBSAZ. Your BCBSAZ Benefit Plan includes this book and any SBC, your application for coverage, any waivers issued in connection with your Benefit Plan, your ID card, any Benefit Plan that is issued to replace this Benefit Plan, and any rider, amendment, or modification to this Benefit Plan.

**“Billed Charges”** means:

- For a Provider that has a participation agreement governing the amount of reimbursement, the amount the Provider routinely charges for a Service;
- For a Provider that has no participation agreement governing the amount of reimbursement, the lowest amount that the Provider is willing to accept as payment for a Service.

**“Cancer Treatment Medication”** means prescription drugs and biologicals that are used to kill, slow, or prevent the growth of cancerous cells.

**“Chiropractic Benefits Administrator (CBA)”** means American Specialty Health Networks, Inc., the independent company that administers chiropractic benefits for BCBSAZ. The CBA develops and manages the BCBSAZ network of chiropractic Providers, processes chiropractic claims, determines medical necessity and handles utilization management, grievances, and appeals related to Chiropractic Services.

**“Complications of Pregnancy”** means a medical illness or sickness that is distinct from the pregnancy, but is adversely affected by the pregnancy or caused by the pregnancy and is considered to be life- or health-threatening to the mother and/or fetus. Covered Complications of Pregnancy are determined by BCBSAZ.

**“Contract”** means a member’s application for coverage and the Benefit Plan.

**“Contract Holder”** means:

**“Cosmetic”** means surgery, procedures, or treatment and other services performed primarily to enhance or improve appearance, including but not limited to, and except as otherwise required by state or federal law, those surgeries, procedures, treatments, and other services performed in the absence of a functional impairment of a body part or organ as documented in the medical record, even if such services will improve emotional, psychological, or mental condition or function.

**“Cost Share”** means the member’s financial obligation for a covered Service. Depending on the plan type, Cost Share may include one or more of the following: deductible, Copay, Access Fee, Coinsurance, pharmacy deductible, Precertification Charges, and balance bills.

**“Custodial Care”** means health services and other related services that meet any of the following criteria:

- Are for comfort or convenience;
- Do not seek to cure;
- Are provided to support or assist with activities of daily living, including, for example, personal hygiene, nutrition, or other self-care; or
- Are provided when acute care is not required or do not require continued administration by licensed skilled medical personnel, such as a licensed practical nurse (LPN), registered nurse (RN), or licensed therapist.

**“Diagnosis Related Grouping (DRG)”** means a method for reimbursing hospitals for inpatient services. A DRG amount can be higher or lower than the actual billed charge because it is based on an average for that grouping of diagnoses and procedures.

**“Domiciliary Care”** is a supervised living arrangement in a home-like environment for individuals who are unable to live independently and who need assistance with activities of daily living, such as bathing, dressing, and food preparation.

**“Evidence-based Criteria”** means BCBSAZ medical, pharmaceutical, dental, and administrative criteria, which are based on industry-standard research and technology. These criteria help BCBSAZ determine

whether a Service, procedure, medical device, or drug meets the industry standard for medical necessity and/or is a covered benefit. Criteria may include prescription medication or service limitations. BCBSAZ ensures that Evidence-based Criteria is reviewed regularly and updated in response to changes and advancements in the healthcare industry. Decisions are based on the Evidence-based Criteria in effect at the time of Service. You can obtain additional information by calling the Customer Service number on your ID card. BCBSAZ contracted vendor(s) may establish Evidence-based Criteria of their own for services the vendor provides or administers pursuant to the vendor's contract with BCBSAZ.

**“Fee Schedule”** means a proprietary schedule of Provider fees compiled by BCBSAZ or BCBSAZ's contracted vendors. BCBSAZ or BCBSAZ's contracted vendors develop proprietary schedules of fees based on annual reviews of information from numerous sources, including but not limited to: Medicare fee schedules from the Centers for Medicare and Medicaid Services (CMS), BCBSAZ's or the contracted vendor's historical claims experience, pricing information that may be available to BCBSAZ or the vendor, information and comments from Providers, and negotiated contractual arrangements with Providers. BCBSAZ and/or BCBSAZ's contracted vendors may change their fee schedules at any time without prior notice to members. If the Allowed Amount is based on a Fee Schedule, a change to the Fee Schedule may result in higher Member Cost Share.

**“Medication Synchronization”** is defined as the coordination of medication refills for a patient taking two or more medications for a chronic condition that are being dispensed by a single network pharmacy to facilitate the synchronization of the patient's medications for the purpose of improving medication adherence.

**“Member” or “You”** means an individual, employee, participant, or dependent covered under a Benefit Plan.

**“Pharmacy Coverage Guidelines”** means pharmaceutical and administrative criteria that are developed from review of published peer-reviewed medical and pharmaceutical literature and other relevant information and used to help determine whether a medication or other products, such as medical devices or supplies, are eligible for benefits under a member's retail or mail order benefit. Pharmacy Coverage Guidelines are available by going to [www.azblue.com](http://www.azblue.com) under Prescription Medications and then Pharmacy Coverage Guidelines. **“Primary Care Provider (PCP)”** means a healthcare professional who is contracted with BCBSAZ as a PCP and generally specializes in or focuses on the following practice areas: internal medicine, family practice, general practice, pediatrics, or any other classification of Provider approved as a PCP by BCBSAZ. Your Benefit Plan does not require you to have a PCP or to have a PCP authorize Specialist referrals.

**“Provider”** means any properly licensed, certified, or registered person or facility furnishing medical care to you, such as a doctor, hospital, laboratory, or other health professional. A Provider can be related to a member.

**“Rehabilitation Services”** are services that help a person restore skills and functioning for daily living lost due to injury or illness.

**“Respite Care”** is the provision of short-term, temporary relief of the daily routine and stress to provide those who are caring for family members a personal break from their role as Caregiver.

**“Service”** means a generic term referencing some type of healthcare treatment, test, procedure, supply, medication, technology, device, or equipment.

**“Specialist”** means either a Physician or other healthcare professional who practices in a specific area other than those practiced by PCPs, or a properly licensed, certified, or registered individual healthcare Provider whose practice is limited to rendering Behavioral Health Services. This definition of “Specialist” does not apply to dentists. BCBSAZ does not require you to obtain an authorization or referral to see a Specialist.

**“Summary of Benefits and Coverage (SBC)”** means a federally required document in a specified template with information on applicable access fees, Coinsurance percentages, copays, deductible amounts, other cost-sharing amounts, benefits, exclusions, limitations; and other important information. # UNDERSTANDING THE BASICS

## Your Responsibilities

Before you receive services:

- Check your provider's network status and know whether your Provider is a network Provider with BCBSAZ.
- Know how much Cost Share you will have to pay.
- Know the limits and exclusions on coverage.
- Know your coverage.
- Read your benefit materials

After you receive services:

- Read your explanation of benefits (EOB) and monthly health statements.
- Tell BCBSAZ if you see any differences between the amounts on your claims documents and what you actually paid.

## BCBSAZ ID Card

Bring your ID card with you each time you seek healthcare services and have your ID card available for reference when you contact BCBSAZ for information. BCBSAZ will mail you an ID card with basic information about your coverage:

- Cost-share amounts
- Identification numbers
- Important phone numbers and addresses
- Who is covered (Contract Holder and dependent names)

## Changes

You will be notified of any Changes as required by law. BCBSAZ will provide you with 60 days' advance written notice of material modifications to this plan.

## Covered Services

To be covered, a Service must be all of the following:

- A benefit of this plan;
- Medically Necessary as determined by BCBSAZ or BCBSAZ's contracted vendor(s);
- Not excluded under any provision of this plan;
- Not experimental or investigational as determined by BCBSAZ or BCBSAZ's contracted vendor(s) (does not apply to Covered Services as part of an eligible cancer clinical trial);
- Precertified where Precertification is required;
- Provided while this Benefit Plan is in effect and while the person claiming benefits is eligible for benefits; and
- Rendered by an eligible Provider acting within the provider's scope of practice, as determined by BCBSAZ or BCBSAZ's contracted vendor(s).

## Experimental or Investigational Services

BCBSAZ, or BCBSAZ's contracted vendor, in its sole and absolute discretion, decides whether a Service is experimental or investigational. A Service is considered experimental or investigational unless it meets all of the following criteria:

- The Service must have final approval from the appropriate governmental regulatory bodies if applicable;
- The scientific evidence must permit conclusions concerning the effect of the Service on health outcomes;
- The Service must improve the net health outcome;
- The Service must be as beneficial as any established alternative; and
- The improvement resulting from the Service must be attainable outside the investigational setting.

In addition to classifying a Service as experimental or investigational using the above criteria, BCBSAZ or its contracted vendor may also classify the Service as experimental or investigational if any one or more of the following apply:

- Published reports and articles in authoritative (peer reviewed) medical and scientific literature show that the prevailing opinion among experts is that further studies or clinical trials are necessary to determine maximum tolerated dose, toxicity, safety, appropriate selection, efficacy or efficacy as compared with the standard treatment for the diagnosis;

- The Provider rendering the Service documents that the Service is experimental or investigational; or
- The Service cannot be lawfully marketed or used without full (unrestricted) approval of appropriate governmental regulatory bodies and approval for marketing or use has not been given at the time the Service is submitted for Precertification or rendered.

### **Grandfathered Status of Plan**

BCBSAZ believes this plan is a “grandfathered health plan” under the Affordable Care Act (ACA). As permitted by ACA, a grandfathered health plan can preserve coverage that was already in effect when that law was enacted. Since this plan is a grandfathered plan, it will not be subject to certain mandatory benefit changes required by ACA for non-grandfathered plans. However, ACA will require grandfathered health plans to make certain benefit revisions. You may contact BCBSAZ with questions regarding which changes apply and which changes do not apply to a grandfathered health plan by calling the number located on the back of your BCBSAZ ID Card.

### **Medically Necessary**

BCBSAZ, or BCBSAZ’s contracted vendor, in its sole and absolute discretion, decides whether a Service is Medically Necessary based on the following definition. A Medically Necessary Service is a Service that meets all of the following requirements:

- Is consistent with the diagnosis or treatment of a symptom, illness, disease, or injury;
- Is not primarily for the convenience of a Member or a Provider;
- Is the most appropriate site, supply, or Service level that can safely be provided; and
- Meets BCBSAZ’s, or its contracted vendor’s, “*Medical Necessity Guidelines and Criteria*” in effect when the Service is precertified or rendered. If no such guidelines or criteria are available, BCBSAZ or its contracted vendor will base its decision on the judgment and expertise of a medical professional or medical consultant retained by BCBSAZ or the vendor.

### **Medical Necessity Guidelines and Criteria**

BCBSAZ uses Evidence-based Criteria to make medical necessity decisions. Call the Customer Service number on your ID card for additional information on Evidence-based Criteria.

Decisions about medical necessity may differ from your provider’s opinion. A Provider may prescribe, order, recommend, or approve a Service that BCBSAZ decides is not Medically Necessary and therefore is not a covered benefit. You and your Provider should decide whether to proceed with a Service that is not covered. Also, not all Medically Necessary services are covered benefits under this plan. All benefit plans have exclusions and limitations on what is covered. A Service may be Medically Necessary and still excluded from coverage.

BCBSAZ contracts with vendors to administer some or all of the benefits covered under this plan. These contracted vendors make medical necessity determinations based on their own Medical Necessity Criteria, which are also available to you on request.

## MEMBER COST SHARING

Members pay part of the costs for benefits received under this plan. Depending on your particular Benefit Plan, the Service you receive, and the Provider you choose, you may have an Access Fee, Balance Bill, Coinsurance, Copay, deductible, or some combination of these payments. Each Cost-share type is explained below. This section, the benefit descriptions in this book, and your SBC will explain which Cost-share types apply to each benefit. BCBSAZ uses your claims to track whether you have met certain Cost-share obligations. We apply claims based on the order in which we process the claims and not based on date of Service.

### Access Fee

An Access Fee is a fixed fee you pay to a Provider for certain Covered Services, usually at the time of Service. If an Access Fee applies to a particular Service, you must pay the Access Fee in addition to any other applicable Cost Share for the Service. Access fees do not count toward meeting your Calendar-year Deductible or toward satisfaction of the Out-of-pocket Coinsurance Maximum.

### Balance Bill

The Balance Bill refers to the amount you may be charged for the difference between a noncontracted provider's Billed Charges and the Allowed Amount. Any amounts paid for balance bills do not count toward deductible, Coinsurance, or the Out-of-pocket Coinsurance Maximum.

Noncontracted Providers have no obligation to accept the Allowed Amount. You are responsible to pay a noncontracted provider's Billed Charges, even though BCBSAZ will reimburse your claims based on the Allowed Amount. Depending on what billing arrangements you make with a noncontracted Provider, the Provider may charge you for full Billed Charges at the time of Service or seek to Balance Bill you for the difference between Billed Charges and the amount that BCBSAZ reimburses you on a claim.

### Benefit Maximums

Some benefits may have a specific benefit maximum or limit based on the number of days or visits, type, timeframe (calendar year or Benefit Plan), age, gender, or other factors. If you reach a benefit maximum, any further services are not covered under that benefit, and you may have to pay the provider's Billed Charges for those services. However, if you reach the benefit maximum on a particular line of a claim, you will be responsible for paying only up to the Allowed Amount for the remaining charges on that line of the claim. All Benefit Maximums are included in the applicable benefit description.

### Calendar-Year Deductible (Individual and Family)

A Calendar-year Deductible is the amount each Member must pay for Covered Services each calendar year before the Benefit Plan begins to pay for Covered Services. The deductible applies to every covered Service unless the specific benefit section says it does not apply. The deductible is calculated based on the Allowed Amount. You may have separate deductibles for in-network Providers and out-of-network Providers. Amounts you pay for copays and access fees do not count toward the deductible. If the amount of your Calendar-year Deductible increases on your annual renewal date, you must pay the additional deductible amount during the calendar year in which the increased deductible takes effect.

If you have family coverage, there is also a Calendar-year Deductible for the family. Amounts counting toward an individual's Calendar-year Deductible will also count toward any family deductible. An individual Member cannot contribute more than his or her individual Calendar-year Deductible toward a family Calendar-year Deductible. When the family satisfies its Calendar-year Deductible, it also satisfies the deductible for all the individual members.

### Coinsurance

Coinsurance is a percentage of the Allowed Amount that you pay for Covered Services after meeting any applicable deductible. BCBSAZ subtracts any applicable access fees or Precertification Charges from the Allowed Amount before calculating Coinsurance. Coinsurance applies to every covered Service unless the specific benefit section says it does not apply. In most cases, your Coinsurance percentage is higher when you use an out-of-network Provider.

BCBSAZ normally calculates Coinsurance based on the Allowed Amount. There is one exception. If a hospital provider's Billed Charges are less than the hospital's DRG reimbursement, BCBSAZ will calculate your Coinsurance based on the lesser billed charge.

## **Copay**

A Copay is a specific dollar amount you must pay to the Provider for some Covered Services. If a Copay applies to a covered Service, you must pay it when you receive services. Different services may have different Copay amounts and are shown on your SBC. Usually, if a Copay does not apply, you will pay applicable deductible and Coinsurance.

## **Out-of-Pocket Coinsurance Maximum (Individual)**

An Out-of-pocket Coinsurance Maximum is the amount each Member must pay as Coinsurance each year before BCBSAZ begins paying 100 percent of the Allowed Amount on most Covered Services with Coinsurance, for the remainder of the calendar year. You are still responsible for other types of Cost-share payments, even after you have met your Out-of-pocket Coinsurance Maximum. Depending on your Benefit Plan, you may have separate out-of-pocket coinsurance maximums for in-network and out-of-network Providers. Accruals toward the Out-of-pocket Coinsurance Maximum are calculated on a calendar year and not on your Policy Year.

The payments listed below do not count toward the Out-of-pocket Coinsurance Maximum. Other than the deductible, which must be met before Coinsurance applies, you must keep paying the following even after you have met your Out-of-pocket Coinsurance Maximum:

- Amounts above a benefit maximum
- Amounts for Medical Foods
- Any amounts for balance billing
- Any amounts for noncovered services
- Any charges for lack of Precertification
- Coinsurance and copays for "Pharmacy Benefit" medications
- Coinsurance for 61 or more days of Inpatient Rehabilitation Services in a calendar year\*
- Coinsurance for 91 or more days of skilled nursing services in a calendar year\*
- Coinsurance for 366 or more days of Long-term Acute Care services\*
- Copays and access fees
- Copays for specialty medications

\*Coinsurance for services submitted with a primary mental health and/or substance use disorder diagnosis applies to the Out-of-pocket Coinsurance Maximum.

## **Pharmacy Deductible**

A prescription medication deductible ("prescription deductible") applies to covered medications on levels 2, 3, and 4 under the benefit for "Pharmacy Benefit." Your prescription deductible amount is shown on your SBC. Each Member must meet this separate prescription deductible, in addition to any other deductibles required by this plan. Until you meet your prescription deductible, you will pay the Allowed Amount for level 2, 3, or 4 medications. After you meet this deductible, your medications will be subject to copays, as shown on your SBC. Amounts paid toward the prescription deductible do not count toward any medical deductibles or out-of-pocket coinsurance maximums.

## **Precertification Charges**

If your out-of-network Provider does not obtain Precertification from BCBSAZ for a Service that requires it, you are subject to a Precertification charge or complete loss of your benefit. Applicable Precertification Charges are shown on your SBC. Amounts applied as Precertification Charges do not count toward the Calendar-year Deductible or Out-of-pocket Coinsurance Maximum.

# PROVIDERS

## Provider Directory

The BCBSAZ Provider Directory is available online at [www.azblue.com](http://www.azblue.com). If you do not have Internet access, would like to request a paper copy of the directory, or have any questions about a provider's network participation with BCBSAZ, please call Customer Service at the number on your ID card before you receive services.

## Provider Eligibility and Network Status

Know your provider's network and eligibility status before you receive services. To be eligible for coverage, a Service must be rendered by an eligible individual Provider acting within his or her scope of practice, and, when applicable, performed at an eligible facility that is licensed or certified for the type of procedure and services rendered.

## Eligible Providers

Not all medical professionals are Eligible Providers. Eligible Providers include the properly licensed, certified or registered Providers listed below, when acting within the scope of their practice and license. Scope of practice is determined by the regulatory oversight agency for each health profession. It means the procedures, actions, and processes that a licensed or certified medical professional is legally allowed to perform based on the individual's specific education and experience, and demonstrated competency. For example, neurosurgery would not be within the scope of practice for a dentist.

Benefits may also be available from other healthcare professionals whose services are mandated by federal law or Arizona State law or who are accepted as eligible by BCBSAZ. The following are examples of ineligible Providers: acupuncturists and doctors of naturopathy and homeopathy. Other Provider types may also be ineligible. The fact that a Service is rendered by an eligible Provider does not mean that the Service will be covered. Not all Eligible Providers are contracted with BCBSAZ.

## Choosing a Provider

Your costs will be lower when you use an in-network Provider. Before receiving scheduled services, verify the network status of all Providers who will be involved in your care, such as assistant surgeons, anesthesiologists, and radiologists, as well as the facility where the services will be performed.

### In-Network Providers (Contracted)

- In-network Providers are the following: (1) healthcare Providers licensed in the United States who have a PPO contract with BCBSAZ (or with a vendor that has contracted with BCBSAZ to provide or administer services for BCBSAZ PPO members); and (2) out-of-state Providers licensed in the United States who have a PPO contract with a Host Blue plan.
- In-network Providers will file your claims with BCBSAZ or the Host Blue plan with which they are contracted. The provider's contract generally prohibits the Provider from charging more than the Allowed Amount for Covered Services. However, when there is another source of payment, such as liability insurance, all Providers may be entitled to collect their Balance Bill from the other source, or from proceeds received from the other source. The provider's contract does allow the Provider to charge you up to the provider's Billed Charges for noncovered services. We recommend that you discuss costs with the Provider before you obtain noncovered services.
- BCBSAZ and/or the out-of-state Blue Cross and/or Blue Shield plan directly reimburse in-network Providers for your benefit plan's portion of the Allowed Amount for Covered Services. You are responsible to pay your Member Cost Share directly to the Provider.
- Except for emergencies, in-network Providers must render Covered Services in the United States for the services to be considered in-network and subject to in-network Member Cost Share. If an in-network Provider renders Covered Services outside the United States, the Covered Services will be considered out-of-network and subject to out-of-network Member Cost Share, including balance bills (except for emergencies).

### Out-of-Network Providers (Contracted and Noncontracted)

Out-of-network Providers are: (1) Providers who are contracted with a Host Blue plan as "Participating" only Providers; (2) Eligible Providers who have no contract with BCBSAZ or a Host Blue plan (noncontracted Providers); and (3) Providers who are contracted with Blue Cross Blue Shield Global<sup>®</sup> Core.

- *Participating-only Providers:* Participating-only Providers are contracted with a Host Blue plan as "Participating" and are not contracted as PPO or Preferred Providers. Participating-only Providers are out-of-network Providers. Participating-only Providers will submit your claims to the Host Blue plan with which they are contracted. If you receive Covered Services from a participating-only Provider, you will pay out-of-network deductible and Coinsurance and access fees. However, you will not have to pay the Balance Bill because the Provider is contracted.
- *Noncontracted Providers:* Eligible Providers who have no Provider participation agreement with BCBSAZ or any Host Blue plan are noncontracted Providers. Noncontracted Providers are out-of-network Providers. If you receive Covered Services from an eligible noncontracted Provider, you will pay out-of-network deductible and Coinsurance, access fees, and the Balance Bill. Noncontracted Providers may bill you up to their full Billed Charges. The difference between the noncontracted provider's Billed Charges and payment under this Benefit Plan may be substantial. Please check with the noncontracted Provider regarding the amount of your financial responsibility before you receive services.

Unless BCBSAZ agrees to pay the Provider directly, BCBSAZ will send payment to you for whatever benefits are covered under your plan and you will be responsible for paying the out-of-network Provider. A noncontracted Provider will not receive a copy of your EOB and will not know the amount this Benefit Plan paid you for the claim.

- *Providers contracted with Blue Cross Blue Shield Global Core:* Providers who are contracted with Blue Cross Blue Shield Global Core are out-of-network Providers. For Covered Services from these Providers, you will pay out-of-network deductible, Coinsurance, and access fees (except for Emergency Services), plus the Balance Bill.

<b>Eligible Provider Status and Payment – Summary Table</b> Subject to all terms and conditions noted in this section.				
<b>Provider Contract Status</b>	<b>Network Status and Applicable Cost Share</b>	<b>Provider Required to File Claim on Member’s Behalf</b>	<b>Accept BCBSAZ Allowed Amount and do not Balance Bill</b>	<b>Payee for Reimbursement</b>
Providers contracted with BCBSAZ	In-network	Yes	Yes	BCBSAZ reimburses the Provider the Allowed Amount, less any Member Cost Share.
Providers contracted with another Blue Cross or Blue Shield plan (“Host Blue”) as PPO Providers	In-network	Yes	Yes	The Host Blue, on behalf of BCBSAZ, reimburses the Provider the Allowed Amount less any Member Cost Share.
Providers contracted with Host Blue as Participating-only Providers	Out-of-network	Yes	Yes	The Host Blue, on behalf of BCBSAZ, reimburses the Provider the Allowed Amount less any Member Cost Share.
Providers contracted with Blue Cross Blue Shield Global Core	Out-of-network	Yes	No	Blue Cross Blue Shield Global Core reimburses the Provider the Allowed Amount less any Member Cost Share.
Noncontracted Providers (in Arizona and out-of-state) (must be Eligible Providers)	Out-of-network	No (Provider may elect to do so as courtesy to Member)	No. May charge up to full Billed Charges. Difference between Billed Charges and BCBSAZ Member reimbursement may be substantial.	BCBSAZ reimburses the Member the Allowed Amount, less any Member Cost Share. Provider does not get copy of member’s EOB or know reimbursement amount.

### Sample Differences in Financial Responsibility Based on Provider Choice

The following example shows how out-of-pocket expenses can differ depending on the Provider you choose. This example is provided for demonstration purposes only. Your savings may vary depending on your Benefit Plan and your chosen Provider. In this example, the Member has already satisfied the Calendar-year Deductible and has a 20 percent Coinsurance for an in-network Provider and 40 percent Coinsurance for an out-of-network Provider.

<b>Billed Charges</b>	<b>Allowed Amount</b>	<b>Financial Responsibility</b>	<b>In-Network Providers 20% Coinsurance</b>	<b>Out-of-Network (Noncontracted) Providers 40% Coinsurance</b>
\$1,000	\$400	BCBSAZ pays:	\$320	\$240
		You pay:	\$80 Coinsurance	\$160 Coinsurance +\$600 Balance Bill \$760

### Locating an In-Network Provider

Check the BCBSAZ Provider Directory at [www.azblue.com](http://www.azblue.com) to locate an in-network Provider who offers the services you are seeking and contact the Provider for an appointment. If you cannot get an appointment with the in-network Provider, contact Customer Service at the number on your ID card.

### Precertifications for Out-of-Network Providers

BCBSAZ does not guarantee that every Specialist or facility will be in our network. Not all Providers will contract with health insurance plans. If you believe or have been told there is no in-network Provider available to render Covered Services that you need, you may ask your treating Provider to request “*Precertification of In-network Cost Share for Services from an Out-of-network Provider.*” BCBSAZ will not issue this Precertification if we find that an in-network Provider is available to treat you. The section on Precertification explains how to make this request.

## Continuing Care from an Out-of-Network Provider

You may be able to receive benefits at the in-network level for services from an out-of-network Provider, under the circumstances described below. Continuity of care benefits are subject to all other applicable provisions of your Benefit Plan. Call Customer Service at the number on your ID card for information on requesting continuity of care.

Continuity of care only applies to otherwise Covered Services rendered by Providers. Continuity of care is not available for facility services. If the hospital or other facility at which your Provider practices is not an in-network facility, the out-of-network provisions of coverage will apply to covered facility services.

## Out-of-Area Services

### Overview

BCBSAZ has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association. Whenever you access healthcare services outside the geographic area BCBSAZ serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of BCBSAZ's service area, you will receive it from one of two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield plan in that geographic area ("Host Blue"). Some Providers ("nonparticipating Providers") do not contract with the Host Blue. We explain below how BCBSAZ pays both kinds of Providers.

### Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits (except when paid as medical claims/benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by BCBSAZ to provide the specific Service or services.

### BlueCard® Program

Under the BlueCard program, when you receive Covered Services within the geographic area served by a Host Blue, BCBSAZ will remain responsible for doing what we agreed to in the Contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

When you receive Covered Services outside BCBSAZ's service area and the claim is processed through the BlueCard program, the amount you pay for Covered Services is calculated based on the lower of:

- The Billed Charges for Covered Services; or
- The negotiated price that the Host Blue makes available to BCBSAZ.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSAZ has used for your claim because they will not be applied after a claim has already been paid.

#### Special Cases: Value-Based Programs

##### *BlueCard program*

If you receive Covered Services under a value-based program inside a Host Blue's service area, you will not be responsible for paying the Provider for any of the Provider incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSAZ through average pricing or Fee Schedule adjustments. Additional information is available upon request. Provider incentives, risk-sharing, and care coordinator fees are incorporated into the Premium and/or contribution percentage members pay for coverage.

#### Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to individual insured accounts. If applicable, BCBSAZ will include any such surcharge, tax, or other fee as part of the claim charge passed on to you.

#### Nonparticipating Providers Outside BCBSAZ's Service Area

- *Liability calculation:* When Covered Services are provided outside of BCBSAZ's service area by nonparticipating Providers, the amount you pay for such services will normally be based on either the Host Blue's nonparticipating Provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the nonparticipating Provider bills and the payment BCBSAZ will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency Services.
- *Exceptions:* In certain situations, BCBSAZ may use other payment methods, such as Billed Charges for Covered Services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount BCBSAZ will pay for services provided by nonparticipating Providers. In these situations, you may be liable for the difference between the amount that the nonparticipating Provider bills and the payment BCBSAZ will make for the Covered Services as set forth in this paragraph.

#### Blue Cross Blue Shield Global Core Program

If you are outside the United States (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core program when accessing Covered Services. The Blue Cross Blue Shield Global Core program is unlike the BlueCard program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core program assists you with accessing a network of inpatient, outpatient, and professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Service Center at (800) 810-BLUE (2583), or call collect at (804) 673-1177, 24 hours a day, 7 days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

- *Inpatient services:* In most cases, if you contact the Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your Cost-share amounts. In such cases, the hospital will submit your claims to the Service Center to begin claims processing. However, if you paid in full at the time of Service, you must submit a claim to receive reimbursement for Covered Services. You must contact BCBSAZ to obtain Precertification for non-emergency inpatient services.
- *Outpatient Services:* Physicians, Urgent Care centers, and other outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of Service. You must submit a claim to obtain reimbursement for Covered Services.
- *Submitting a Blue Cross Blue Shield Global Core claim:* When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form, and send the claim form with the provider's itemized bill(s) to the Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from BCBSAZ, the Service Center, or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If you need assistance with your claim submission, you should call the Service Center at (800) 810-BLUE (2583), or call collect at (804) 673-1177, 24 hours a day, 7 days a week.

### **Services Received on Cruise Ships**

If you receive healthcare services while on a cruise ship, you will pay in-network Cost Share, and the Allowed Amount will be based on Billed Charges. A cruise ship claim is not considered an out-of-country claim. Claims should be submitted and processed through BCBSAZ, not through the Blue Cross Blue Shield Global Core program. Please call Customer Service at the number on the back of your ID card for more information, or mail copies of your receipts to the BCBSAZ general correspondence address listed at the front of this book.

# PRECERTIFICATION

## When Is Precertification Required

Not all services or medications require Precertification. Precertification is not required for Emergency Services or Urgent Care services. If it is required, your treating Provider must obtain it on your behalf before rendering services. If Precertification is not obtained for medications that require Precertification, the medications will not be covered. Precertification may be required for services to be covered when provided in certain settings.

On the BCBSAZ website, you'll find a list of services that need to be precertified at [azblue.com/individualsandfamilies/resources/forms](https://www.azblue.com/individualsandfamilies/resources/forms) and medications that need to be precertified at [azblue.com/Pharmacy](https://www.azblue.com/Pharmacy), or call the Customer Service number on your ID card. BCBSAZ may change the services that require Precertification by posting a revised listing of medications and services at [www.azblue.com](https://www.azblue.com).

## How to Obtain Precertification

Ask your treating Provider to contact BCBSAZ for Precertification before you receive services and medications that require Precertification. Your Provider must contact BCBSAZ because he or she has the information and Medical Records we need to make a benefit determination. BCBSAZ will rely on information supplied by your Provider. If that information is inaccurate or incomplete, it may affect the decision on your request or claim.

## Factors BCBSAZ Considers in Evaluating a Precertification Request for Services or Medications

Some of these factors may not be readily identifiable at the time of Precertification but will still apply if discovered later in the claim process and could result in denial of your claim.

- Applicability of other Benefit Plan provisions (limitations, exclusions, waivers, and Benefit Maximums);
- If the treating Provider or location of Service is in-network;
- Whether the Service is Medically Necessary or investigational; and
- Whether your coverage is active.

## Prescription Medication Exception

If a covered medication requires Precertification, but you must obtain the medication outside of BCBSAZ's Precertification hours, you may have to pay the entire cost of the medication when it is dispensed. In such cases, you can file a reimbursement claim with BCBSAZ and have your treating Provider request Precertification on the next business day. Your claim for the medication will not be denied for lack of Precertification, but all other exclusions and limitations of your plan will apply.

## Precertification of In-Network Cost Share for Services from an Out-of-Network Provider

If there is no in-network Provider available to deliver Covered Services, your treating Provider may contact BCBSAZ and ask BCBSAZ to precertify the in-network Cost Share for services from an out-of-network Provider. BCBSAZ will evaluate whether there is an in-network alternative. If BCBSAZ determines that an in-network Provider is available to treat you, BCBSAZ will not precertify in-network Cost Share for services from your out-of-network Provider of choice.

Precertification of In-network Cost Share for Services from an Out-of-network Provider is a process separate from Precertification of services. If you want an out-of-network Provider to render services that require Precertification, and you also want to be eligible for the in-network Cost Share, you must ensure that your Provider makes two separate Precertification requests: one for the Service itself and one for use of the out-of-network Provider. If BCBSAZ precertifies you for the in-network Cost Share, your services will be subject to the in-network Cost Share. You will still be responsible for any Balance Bill, plus your in-network Cost Share.

## If BCBSAZ Precertifies Your Service

- Except as otherwise required by applicable law, Precertification is not a pre-approval or a guarantee of payment. Precertification made in error by BCBSAZ is not a waiver of BCBSAZ's right to deny payment for noncovered services.
- You and your Provider will receive a letter explaining the scope of the Precertification.

### **If BCBSAZ Denies Your Precertification Request**

Denial of Precertification is an adverse benefit determination. As explained in the section on Claims, BCBSAZ will send you a notice explaining the reason for the denial, and your right to appeal the BCBSAZ decision. Information on where to file an appeal is in the BCBSAZ Appeal and Grievance Guidelines. If your request for Precertification of a Service is denied because BCBSAZ decides that the Service is not Medically Necessary, remember that BCBSAZ's interpretation of medical necessity is a benefits determination made in accordance with the provisions of this plan. Your Provider may recommend services or treatment not covered under this plan. You and your Provider should decide whether to proceed with the Service or procedure if BCBSAZ denies Precertification.

## DESCRIPTION OF BENEFITS

Please review this section for an explanation of Covered Services and benefit-specific limitations and exclusions. Also, be sure to review the information about Covered Services in “*Understanding the Basics*” and refer to “*What is Not Covered*” for general exclusions and limitations that apply to all benefits. BCBSAZ does not determine whether a Service is covered under this Benefit Plan until after services are provided and BCBSAZ receives a complete claim describing the services actually rendered.

**R. LONG-TERM ACUTE CARE (INPATIENT)**

Your Cost Share: You pay applicable deductible and Coinsurance for the first 365 days of services. The Cost-share amount for the first 365 days of services will depend on the provider's network status. After you receive 365 days of Long-term Acute Care services, you pay applicable deductible and 50 percent Coinsurance for services from in-network and out-of-network Providers, even if you have met your Out-of-pocket Coinsurance Maximum. Your 50 percent Coinsurance does not apply to the Out-of-pocket Coinsurance Maximum. However, for claims submitted with a primary mental health and/or substance use disorder diagnosis, you continue to pay deductible and applicable Coinsurance after the first 365 days of services. Such services count toward the Out-of-pocket Coinsurance Maximum. If you receive services from a noncontracted Provider, you also pay the Balance Bill.

Changing Types of Inpatient Care: Some inpatient facilities provide different levels of care within the same facility (for example, acute inpatient, Inpatient Rehabilitation, and other inpatient care). If you move or transfer between different levels of inpatient care, even within the same facility, your Cost-share obligation will change to match your level of care. If you are moving to a level of care that requires Precertification, you will also need to obtain a new Precertification for the different level of care.

Benefit Description: Benefits are available for specialized acute, medically complex care for patients who require extended hospitalization and treatment in a facility that is licensed to provide Long-term Acute Care and which offers specialized treatment programs and aggressive clinical and therapeutic interventions. Room and board is only covered in a semi-private room or a standard private room (not deluxe) if the hospital only has private rooms or if a private room is Medically Necessary.

Benefit-Specific Exclusions:

- Domiciliary Care
- Medications dispensed at the time of discharge from the facility

**S. MATERNITY – COMPLICATIONS OF PREGNANCY ONLY**

Your Cost Share: You pay applicable deductible and Coinsurance. The Cost-share amount will depend on the provider's network status. If you receive services from a noncontracted Provider, you also pay the Balance Bill.

Your Cost-share obligations may be affected by the automatic addition of a newborn or adopted child, as described in the "Plan Administration" section of this book. If you have individual coverage, automatic addition of a child will result in a change from individual coverage to family coverage, and you may be required to pay additional premium. If you currently have individual coverage, when a child is added to your plan, you will also be required to meet a family deductible and Out-of-pocket Coinsurance Maximum.

**Benefit Description:** Benefits are available only for Covered Services to treat a condition that BCBSAZ has determined is a complication of pregnancy, as set forth in current Evidence-based Criteria. BCBSAZ does not classify all conditions associated with or caused by the pregnancy as a complication of pregnancy. Call Customer Service at the number on your ID card for additional information on the “Complications of Pregnancy” Evidence-based Criteria.

A Member who has a complication of pregnancy, as determined by BCBSAZ, may receive services for conditions that occur during her pregnancy, but are not diagnosed as a complication of pregnancy. Such services may be covered under another benefit in this plan.

**Benefit-Specific Exclusions:** The following services are not covered unless the services are required to treat a condition that the Evidence-based Criteria have defined as a complication of pregnancy:

- Cesarean section unless Medically Necessary to treat the BCBSAZ-defined complication of pregnancy
- High-risk Maternity and delivery
- Normal Maternity and delivery, to include prolonged, preterm, or difficult labor or difficult delivery
- Services common to every pregnancy, such as prenatal office visits, labs, and ultrasounds, as well as the costs associated with the delivery

## T. MEDICAL FOODS FOR INHERITED METABOLIC DISORDERS

**Benefit-Specific Definitions:** “**Cost**” is defined as either Billed Charges, if the Member buys the Medical Foods from an out-of-network Provider, or the Allowed Amount, if the Member buys the Medical Foods from an in-network Provider.

- The disorder is one of the diseases tested under the newborn screening program required under Arizona law (A.R.S. § 36-694);

“**Medical Foods**” means modified low protein foods and metabolic formulas that are all of the following:

- Administered for the medical and nutritional management of a Member who has limited capacity to metabolize foodstuffs or certain nutrients contained in the foodstuffs or who has other specific nutrient requirements as established by medical evaluation;

Claims for Reimbursement: You may buy Medical Foods from any source. If you buy Medical Foods from an out-of-network Provider, you must submit a claim form with the following information:

- Member's diagnosis for which the Medical Foods were prescribed or ordered;
- Member's name, identification number, group number, and birth date;
- Prescribing or ordering Physician or registered nurse practitioner;
- The amount paid for the Medical Foods;
- The dated receipt or other proof of purchase; and
- The name, telephone number, and address of the medical food supplier.

Medical Foods claim forms are available from BCBSAZ. Submit the completed Medical Foods claim form and the dated receipt to the address for claims submission in the Customer Service section of this book. ## U. MEDICATIONS FOR THE TREATMENT OF CANCER

Your Cost Share: You pay applicable deductible, Coinsurance, and copays. The Cost-share amount will depend on the provider's network status and the place you receive services. If you receive services from a noncontracted Provider, you also pay the Balance Bill. For cancer treatment medications that are also classified as Specialty Medications, you pay the level 1 retail/mail order pharmacy Copay. BCBSAZ determines which cancer treatment medications are classified as Specialty Medications.

For certain cancer treatment medications, as determined by BCBSAZ, you will receive a 15-day supply, and pay one-half of the level 1 retail/mail order pharmacy Copay the first time you receive the medication. You will be able to refill the medication every 15 days, and you will continue to pay one-half of the level 1 retail/mail order pharmacy Copay for each refill during your first 3 months of treatment with the medication. If you experience side effects from the medication during the 3-month period, your prescribing Provider may change your medication. If you tolerate the medication, you will be able to refill the Cancer Treatment Medication for up to 30 days after 3 months of treatment. If you believe you have paid more for a self-administered version of a Cancer Treatment Medication than for an injected or intravenously administered version of a Cancer Treatment Medication, please contact Pharmacy Benefit Customer Service at the number on your ID card.

Benefit-Specific Definition: **"Off-label Prescription Medication"** means a medication that is FDA-approved for treatment of a diagnosis, or condition other than the cancer diagnosis or condition for which it is being prescribed, and which meets all requirements of Arizona law for mandated coverage of off-label use. These requirements include but are not limited to scientific evidence that the drug has been recognized as safe and effective for the specific type of cancer for which it is being prescribed.

Benefit Description: Benefits are available, to the extent required by applicable state law, for off-label use of prescription medications and services directly associated with the administration of Medications for the Treatment of Cancer. All other applicable benefit limitations and exclusions will apply to this benefit.

In administering claims for an Off-label Prescription Medication, BCBSAZ does not represent or warrant that the prescribed medication is safe or effective for the purpose for which your treating Provider has prescribed the medication. Decisions regarding whether the medication is safe and effective for the type of cancer for which it has been prescribed and whether it is appropriate for you, are decisions to be made by your Provider using his or her independent medical judgment. If the medication is subject to Precertification, your Provider must specifically notify BCBSAZ that your Provider is requesting approval for this off-label use. After receiving your provider's request, BCBSAZ will review the criteria and eligibility for benefits.

## V. NEUROPSYCHOLOGICAL AND COGNITIVE TESTING

## X. PHARMACY BENEFIT

Information about this benefit: BCBSAZ works with a Pharmacy and Therapeutics (P&T) Committee to review new medications and certain devices and supplies, as well as new information about medications, devices, and supplies that are already on the market. The P&T Committee is comprised of licensed pharmacists and doctors from within the community. The P&T Committee takes into consideration safety, effectiveness, and current use in therapy information when making decisions

regarding medication coverage. Call the Pharmacy Benefit Customer Service number on your ID card to request any of the following:

- A list of covered medications that require Precertification;
- A list of covered vaccines;
- A list of Specialty Medications;
- An exception to BCBSAZ prescription medication limitations;
- Information on the assigned Cost-share level of a covered medication;
- Information regarding Maintenance Medications; or
- Other information about this Pharmacy Benefit.

Your Cost Share and Prescription Medication Deductible: You pay a level 1 Copay for level 1 medications. Until you satisfy your prescription deductible, you pay the Allowed Amount for level 2, 3, and 4 medications. After you meet the prescription deductible, you pay a level 2, 3, or 4 Copay, depending upon the medication level. Your prescription deductible and copays for each level are listed on your SBC. After meeting the prescription deductible, you pay the greater of the level 3 Copay or 50 percent Coinsurance for Compounded Medications. If you obtain medications from a noncontracted pharmacy, you also pay the Balance Bill in addition to applicable prescription deductible, Coinsurance, and copays.

Some pharmacies may charge you a lower price if the pharmacy's regular price for the medication is less than your Copay. If your prescription exceeds BCBSAZ quantity limits, your total Cost Share may be higher than the amount of your Copay.

You may obtain up to a 90-day supply of covered medications. Not all medications are available for more than a 30- or 60-day supply. Coinsurance payments for prescription medications do not apply toward any Out-of-pocket Coinsurance Maximum.

If you are taking two or more prescription medications for a chronic condition, you may request early or short refills of eligible covered medications by contacting Pharmacy Benefit Customer Service at the number on your ID card and requesting enrollment in the BCBSAZ Medication Synchronization program. If you are enrolled in the BCBSAZ Medication Synchronization program, your Cost Share for eligible covered medications will be adjusted for any early or short refills of those medications.

If you believe you have paid more for a self-administered version of a Cancer Treatment Medication than for an injected or intravenously administered version of a Cancer Treatment Medication, please contact Pharmacy Benefit Customer Service at the number on your ID card.

#### *Additional information about medication levels*

Copays are based on the level to which BCBSAZ has assigned the medication at the time the prescription is filled. BCBSAZ may change the level of a medication at any time without notice. Many medications and the level to which BCBSAZ has assigned the medication are listed in the Prescription Medication Tier Lists available at [www.azblue.com](http://www.azblue.com) or by calling Pharmacy Benefit Customer Service at the number on your ID card.

If you purchase a brand-name medication when a generic equivalent is available, you will pay the level 1 Copay plus the difference between the Allowed Amount for the generic and the brand-name medication, even if the prescribing Provider indicates on the prescription that the brand-name medication should be dispensed. If you have completed Step Therapy and are taking a brand-name medication with a generic equivalent as a result of the Step Therapy process, you pay the Cost Share applicable to the brand-name medication.

Except as set forth in this section, no exceptions will be made concerning the assigned level of a medication or the Copay or Coinsurance that will apply, regardless of the medical reasons requiring use of a particular medication. This means if you are taking a level 2, 3, or 4, or compounded medication, you pay the applicable Cost Share for that level even when there is no equivalent medication on a lower level or if you are unable to take a medication on the lower level for any reason. The assignment of a medication to any particular level is not a recommendation for the use of a medication.

Benefit-Specific Definitions: “**Compounded Medications**” are medications that contain at least one FDA-approved component and are custom-mixed by a pharmacist.

**“Designated Prescription Network Program”** is a program that requires certain members taking certain medications to obtain prescriptions for those covered medications from one designated eligible Provider and to obtain all medications designated by BCBSAZ or the PBM from one network pharmacy or Provider.

**“Generic Medications”** are medications defined as generic by the national database system used by BCBSAZ to pay prescription claims.

**“Maintenance Medications”** are medications taken on an extended and continual basis for treatment of a chronic or ongoing health condition, and which are not subject to frequent dosage or other adjustments, all as determined by BCBSAZ or the PBM. BCBSAZ and/or the PBM may designate or use national databases to designate certain medications as Maintenance Medications.

**“PBM”** means the independent pharmacy benefit manager that contracts with BCBSAZ to administer the prescription medication benefits covered under this Benefit Plan.

**“Step Therapy”** is a program that requires members to take the generic version of certain medications before BCBSAZ and/or the PBM will consider coverage of the brand-name version of that medication. BCBSAZ and/or the PBM determines which medications are part of the Step Therapy program.

Benefit Description: Benefits are available for prescription medications that meet the following criteria:

- The medication is not excluded by a different provision in this plan;
- Except as otherwise required by applicable law, the medication must be approved by the FDA for the diagnosis for which the medication has been prescribed; and
- The medication must be dispensed by a pharmacy located in the U.S. and by a pharmacist licensed in the U.S., unless the medication is needed for an urgent or emergency medical situation while the Member is traveling outside the U.S. Claims for medications dispensed outside the U.S. will be subject to the U.S. dollar exchange rate on the date the claim is paid.

You may obtain most prescription medications from retail pharmacies or the in-network mail order pharmacy. Certain vaccines are covered when obtained from in-network retail pharmacies and administered by a certified, licensed pharmacist. Limited supplies and devices are also covered under this benefit, such as diabetic test strips, lancets, diabetic syringes/needles for insulin, certain insulin pumps and monitoring devices, and spacer devices for asthma medications. Compounded Medications must be obtained from pharmacies that have been credentialed by BCBSAZ (or BCBSAZ's vendor) to dispense Compounded Medications. Please call Pharmacy Benefit Customer Service at the number on your ID card for a list of pharmacies credentialed to dispense Compounded Medications.

Prescription medications are subject to BCBSAZ limitations, including but not limited to quantity, age, gender, dosage, and frequency of refills. BCBSAZ prescription medication limitations are subject to change at any time without prior notice. You can check the list of prescription medications subject to BCBSAZ prescription medication limitations at [www.azblue.com](http://www.azblue.com) or by calling Pharmacy Benefit Customer Service at the number on your ID card.

Members or Providers can ask BCBSAZ to review coverage of a medication when the use of the medication exceeds or differs from BCBSAZ prescription medication limitations by contacting the Pharmacy Benefit Customer Service number on your ID card. There is no guarantee that a review will result in coverage of a medication or an increase in quantity. Certain medications are not Medically Necessary unless the Member participates in the Step Therapy program.

If you are currently obtaining a specialty medication from a Specialty Pharmacy and need to receive that medication from a retail pharmacy instead, please contact Pharmacy Benefit Customer Service at the number on your ID card. BCBSAZ will decide whether you are eligible to receive the specialty medication from a retail pharmacy instead of a Specialty Pharmacy.

Certain members, as determined by BCBSAZ or the PBM, will be required to participate in the Designated Prescription Network Program to obtain coverage of certain medications under this Benefit Plan. BCBSAZ or the PBM decide which network pharmacies or Provider are eligible to dispense designated medications to members in the Designated Prescription Network Program.

Your Cost Share:

*First 90 days of services in a calendar year:* You pay applicable deductible and Coinsurance.

*Second 90 days of services in a calendar year:* You pay applicable deductible and 50 percent Coinsurance (at both in-network and out-of-network Providers), regardless of whether you have met your Out-of-pocket Coinsurance Maximum, for the remainder of the calendar year. Your 50 percent Coinsurance does not count toward any Out-of-pocket Coinsurance Maximum. However, for claims submitted with a primary mental health and/or substance use disorder diagnosis, you continue to pay applicable deductible and Coinsurance after the first 90 days of services in a calendar year. Such services count toward the Out-of-pocket Coinsurance Maximum.

If you receive SNF services at a noncontracted Provider during the 180 days of care, you also pay the Balance Bill, in addition to out-of-network deductible and Coinsurance. After 180 days of care, you pay all charges for SNF services for the remainder of the calendar year.

Changing Types of Inpatient Care: Some inpatient facilities provide different levels of care within the same facility (for example, acute inpatient, Inpatient Rehabilitation, and other inpatient care). If you move or transfer between different levels of inpatient care, even within the same facility, your Cost-share obligation will change to match your level of care. If you are moving to a level of care that requires Precertification, you will also need to obtain a new Precertification for the different level of care.

Benefit-Specific Maximum: Plan coverage is limited to 180 days of SNF services per Member, per calendar year. This limit does not apply to claims for SNF services submitted with a primary mental health or substance use disorder diagnosis.

**FF. SPECIALTY MEDICATIONS**

Your Cost Share: You pay a level A, B, C, or D Copay for most medications.

If a Member obtains a specialty medication from an eligible Provider other than a pharmacy contracted with BCBSAZ for the Specialty Medications benefit ("Specialty Pharmacy"), the medication may be covered under another benefit and subject to the cost-sharing provisions and Precertification requirements of that benefit, rather than the cost-sharing provisions and Precertification requirements applicable under this benefit.

If you are taking two or more prescription medications for a chronic condition, you may request early or short refills of eligible covered medications by contacting Pharmacy Benefit Customer Service at the number on your ID card and requesting enrollment in the BCBSAZ Medication Synchronization program. If you are enrolled in the BCBSAZ Medication Synchronization program, your Cost Share for eligible covered medications will be adjusted for any early or short refills of those medications.

*Additional information about medication levels*

Copays are based on the level to which BCBSAZ has assigned the medication at the time the prescription is filled. BCBSAZ may change the level of a medication at any time without notice. Go to [www.azblue.com](http://www.azblue.com) to view a list of contracted specialty pharmacies and the specialty medication list. To confirm the status and level of a particular specialty medication, you may also call Pharmacy Benefit Customer Service at the number on your ID card.

No exceptions will be made concerning the assigned level of a medication or the Copay that will apply, regardless of the medical reasons requiring use of the medication. This means if you are taking a level B, C, or D medication, you pay the applicable Copay for that level even if there is no equivalent medication on a lower level or you are unable to take a medication on the lower level for any reason. The assignment of a medication to any particular level is not a recommendation for the use of a medication.

Benefit-Specific Definitions: "**Specialty Medications**" are medications that treat chronic or complex conditions. BCBSAZ and/or the PBM determine which medications are Specialty Medications.

"**Specialty Pharmacy**" is a pharmacy contracted with BCBSAZ and/or the PBM to dispense Specialty Medications to members.

Benefit Description: Benefits are available for Specialty Medications obtained from a Specialty Pharmacy contracted with BCBSAZ. Coverage of Specialty Medications and limitations on these medications are determined by current Evidence-based Criteria and Pharmacy Coverage Guidelines and may change at any time without prior notice.

If you are currently obtaining a specialty medication from a Specialty Pharmacy and need to receive that medication from a retail pharmacy instead, please contact Pharmacy Benefit Customer Service at the number on your ID card. BCBSAZ will decide whether you are eligible to receive the specialty medication from a retail pharmacy instead of a Specialty Pharmacy.

## CLAIMS INFORMATION

### Filing Claims

In most cases, in-network Providers will file claims for you. Noncontracted Providers may file your claims for you but have no obligation to do so. Make sure you or your Providers file all your claims so BCBSAZ can track your covered expenses and properly apply them toward applicable deductibles, Coinsurance, out-of-pocket coinsurance maximums, and Benefit Maximums.

If you choose to pay a Provider on a direct pay basis and submit a receipt to BCBSAZ, BCBSAZ will credit your deductibles and out-of-pocket coinsurance maximums as required by applicable law. You must submit a receipt that includes the amount paid, the procedure and diagnosis codes for the services rendered, and a notation indicating direct payment. If you choose to pay a contracted Provider for a covered Service on a direct pay basis, the Provider will not submit the claim to BCBSAZ for processing under this Benefit Plan.

### Time Limit for Claim Filing

A complete claim, as described below, must be filed within 1 year from the date of Service. Any claim not filed with all required content within the 1-year period is an untimely claim. BCBSAZ will deny untimely claims from contracted Providers based on the terms of the provider's contract. BCBSAZ will deny untimely claims from members except for the following situations:

- Medicare or another carrier was the primary payer on a claim where BCBSAZ was secondary payer, and the delay was caused by the need to coordinate benefits with the primary payer.
- The Member can show good cause for delay. BCBSAZ determines good cause in its sole discretion. Examples of good cause:
  - ◆ BCBSAZ gave the Member wrong information about the filing date;
  - ◆ The Member had an extended illness that prevented the Member from filing the claim; or
  - ◆ Other similar situations outside the member's reasonable control.

### Complete Claims

Claim forms are available from BCBSAZ. Go to the "Forms" section of the "Member" area of [www.azblue.com](http://www.azblue.com), or call Customer Service at the number on your ID card. BCBSAZ may reject claims filed without complete information needed for processing. If BCBSAZ rejects a submitted claim due to lack of information, BCBSAZ will notify you or the Provider who submitted the claim. Lack of complete information may also delay processing. A complete claim includes, at a minimum, the following information:

- Billed Charges
- Date of Service(s)
- Diagnosis code
- Group number
- Member ID number
- Member name
- Name of Provider
- Patient name
- Patient's birth date
- Procedure code
- Provider ID number
- Signature of Provider who rendered services

### Medical Records and Other Information Needed to Process a Claim

Even when the claim has all information listed above, BCBSAZ may need to request Medical Records or coordination of benefits information to make a coverage determination. If BCBSAZ has requested Medical Records or other information from a third party, claim processing will be suspended while the request is pending. BCBSAZ may deny a claim for lack of timely receipt of requested records.

### Explanation of Benefits (EOB) Form and Monthly Statement

After your claim is processed, BCBSAZ and/or any contracted vendors that process claims will send you an EOB. Most EOBs are consolidated and sent to you in the form of a monthly Member Health statement rather than as single EOBs. Your BCBSAZ EOBs also will be available through the Member portal on [www.azblue.com](http://www.azblue.com). An EOB shows services billed, whether the services are covered or not covered, the Allowed Amount, and the application of cost-sharing amounts. Carefully review your EOB for any

discrepancies or inconsistencies with the amounts your Provider actually collects from you or bills to you. If you paid more Cost Share than required for a covered Service, BCBSAZ may refund that amount to a network Provider, and the Provider will be responsible for refunding you. Your EOB will show any refund for Cost-share overpayments. BCBSAZ and/or any contracted vendors will also send your in-network Provider the information that appears on your EOB. This information is not sent to out-of-network Providers. Out-of-network Providers do not receive any written information on how much was paid on a claim or the reasons for how the claim processed. Save the EOB for your personal records. BCBSAZ or any contracted vendor may charge a fee for duplication of claims records.

### **Notice of Determination**

If your request for Precertification is denied, or your claim is denied in whole or in part, you will receive a notice of adverse benefit determination. In most cases, your EOB or Monthly Statement will serve as the notice and will:

- State the specific reason(s) for the adverse benefit decision (e.g., not covered because the Provider is ineligible or because services are not covered under this Benefit Plan),
- Reference the specific plan provision on which the determination is based,
- Describe additional material or information, if any, needed to perfect the claim and the reasons such material or information is necessary,
- Describe applicable grievance/appeal procedures,
- Disclose any internal rule, guideline or protocol relied on in making the adverse determination (or state that such information is available free of charge upon request),
- If the denial is based on medical necessity or experimental treatment or similar limit, explain the scientific or clinical judgment for the determination (or state the information will be provided free of charge upon request).

### **Pharmacy Prescriptions; Submission of Claims by Members**

When you submit a prescription to a retail, mail order, or specialty pharmacy, it is possible that the pharmacy could tell you that you are not eligible for coverage, that your medication is not covered, or that you have to pay more for the medication than you think you should pay. If this happens, you can:

- Call the Pharmacy Benefit Customer Service number on your ID card for assistance, or
- Pay the pharmacy for the medication, and then submit a claim to BCBSAZ for reimbursement.

If you submit a claim to BCBSAZ, BCBSAZ will review your request to determine if you should be reimbursed for some or all of the money you paid to the pharmacy and will send you an EOB. If BCBSAZ denies your claim, you will receive a document describing your appeal rights along with the EOB. Submitting a prescription to a pharmacy is not considered to be a claim and will not result in an EOB.

Coupons, patient assistance programs, and other discount programs are occasionally utilized by members, Providers, and pharmacies to reduce out-of-pocket Member costs associated with prescription medications. When coupons, patient assistance programs, or other discount programs are utilized to obtain a covered medication under your BCBSAZ "*Pharmacy Benefit*," any cost sharing amounts paid by another person on behalf of the Member for a covered medication will be applied to the member's deductible and Out-of-pocket Coinsurance Maximum if the medication is:

- A covered medication without a generic equivalent, or
- A covered medication with a generic equivalent and Member has obtained access to the covered medication drug through:
  - ◆ BCBSAZ appeal process
  - ◆ Precertification
  - ◆ Step Therapy

### **Time Period for Claim Decisions**

Post-Service Claims: Within 30 days of receiving your claim for a Service that was already rendered, BCBSAZ will send you an EOB adjudicating the claim, or a notice that BCBSAZ has requested records needed to make a decision on your claim.

If BCBSAZ does not receive the requested records within 20 days, BCBSAZ will deny the claim for lack of information needed to apply benefits. If you or the Provider later supply the requested records, BCBSAZ will reopen the claim. Generally, you or your Provider need to send us the records and request reopening of the claim within 1 year from the date of the denial decision. You have 2 years from the date of denial decision to appeal.

Pre-Service Claims: When you request coverage for a Service that has not yet been rendered (Precertification), BCBSAZ will make a Precertification decision within a reasonable time period considering the medical circumstances, but not later than 10 business days from receipt of the Precertification request.

If BCBSAZ requires Medical Records to make a Precertification decision, BCBSAZ will promptly advise your Provider of the needed records, but may not extend the 10-day time period for the decision. If BCBSAZ denies the request for lack of needed records, your Provider may resubmit the request and records at a later date. BCBSAZ will treat it as a new request for Precertification. You may also appeal any denial.

### **Concurrent Care Decisions**

BCBSAZ may require that your Provider submit a plan of care. Based on that plan, BCBSAZ may precertify a certain number of visits or services over a certain period of time. You may request Precertification for additional periods of care. If your request involves urgent care and is made at least 24 hours prior to the expiration of the existing plan of care, BCBSAZ will make a determination as soon as possible in accordance with medical exigencies but no later than 24 hours after receipt of the request. If your request is not made at least 24 hours prior to the expiration of the existing plan of care, BCBSAZ will make a determination as soon as possible in accordance with medical exigencies but no later than 72 hours after receipt of the request. If Precertification is denied, you may appeal the denial in the same way you appeal any other coverage denial.

### **Urgent Claims**

When your Provider submits an urgent Precertification request, a determination will be made as soon as possible, but no later than 72 hours after receipt of the request. Federal law defines an “urgent” medical situation as the following:

- One in which application of the “non-urgent” time periods could seriously jeopardize the member’s life, health or ability to regain maximum function, or
- One which, in the opinion of a Physician with knowledge of the member’s medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

## PLAN ADMINISTRATION

### Changes to Your Information

If you do not tell us about changes, correspondence from BCBSAZ may not reach you in a timely manner. Also, you may have to reimburse BCBSAZ for claims payments we make on behalf of you or your Dependents, if you or your Dependents became ineligible but incurred claims before you gave us notice. You may also have to pay costs incurred by BCBSAZ for collection of claims payments made after you or your Dependents became ineligible.

While you are covered with BCBSAZ, tell us right away about any changes in the following:

- A disabled dependent age 30 or older who is no longer disabled
- Eligibility of you or your Dependents for Arizona Health Care Cost Containment System (AHCCCS) coverage during the term of this Contract or other Medicaid coverage during the term of this contract
- Eligibility of you or your Dependents for Basic Health Plan (BHP) coverage during the term of this contract
- Eligibility of you or your Dependents for individual coverage purchased through a federal or state Exchange
- Eligibility of you or your Dependents for Medicare during the term of this Contract
- Eligibility of you or your Dependents for the Children's Health Insurance Program (CHIP) coverage during the term of this contract
- Individuals being added to the Benefit Plan: spouse, newborns, adopted children, children placed for adoption, stepchildren
- Individuals removed from the Benefit Plan due to divorce or death
- Other medical coverage that you or your Dependents add or lose, including any changes in benefits
- Your mailing address or phone number

### Changing Your BCBSAZ Plan

To determine your options for Changing Your BCBSAZ Plan without losing grandfathered status, check the MyBlue Member area on [www.azblue.com](http://www.azblue.com) or contact Customer Service at the number on your ID card. If you change to a plan not included in the grandfathered options, or cancel your BCBSAZ plan, you will no longer be in a plan with "grandfathered status," and you will not be able to reinstate the grandfathered plan. For more information, see "Grandfathered Status of Plan" under "Understanding the Basics."

### Child-Only Coverage

The parent or other legal guardian has contracted on behalf of the child for the benefits described in this plan. The parent or guardian is responsible for the child's compliance with all terms and conditions outlined in this plan. This includes Premium Payments, Precertification, cost sharing, consent requirements necessary to provide plan benefits, and any other requirements of this plan.

New child-only policies will be issued only in the following circumstances:

- A Contract Holder terminates his or her coverage under this Benefit Plan and the contract holder's child or children were covered as Dependents under the contract holder's policy; or
- The parent or legal guardian of a child or children who are covered under a Child-Only policy requests coverage for an additional child or children. The child or children must pass BCBSAZ's medical underwriting guidelines applicable to this Benefit Plan at the time of application to add the additional child or children.

### Dependents

#### Eligible Dependents

The persons listed below are Dependents who can be covered under this Benefit Plan:

- The contract holder's spouse under a legally-valid, existing marriage.
- The contract holder's children or the children of the contract holder's spouse, if under age 30, including:
  - ◆ Children placed for adoption
  - ◆ Children under legal guardianship substantiated by a court order and living with the Contract Holder
  - ◆ Children who are entitled to coverage under a medical support order
  - ◆ Disabled dependent children meeting the criteria set forth in this Benefit Book
  - ◆ Legally-adopted children
  - ◆ Natural children
  - ◆ Stepchildren

In most cases, the individual will need to satisfy medical underwriting before being added. Children of your Dependents cannot be added as a dependent on your plan unless you are the legal guardian of your dependent's child.

### Disabled Dependent Child

A child who has reached age 30 may continue coverage as a dependent under this plan if the child is otherwise eligible for the plan and meets all of the following criteria:

- Has been covered under this plan up to the day he or she is no longer eligible for coverage based on the age limit(s) specified in this plan;
- Is totally disabled due to a continuous physical or mental/behavioral impairment or condition, as defined in current Evidence-based Criteria, on the date the dependent reaches age 30; and
- Is dependent on the Contract Holder for maintenance and support, as determined by BCBSAZ criteria.

Medical reports, acceptable to BCBSAZ, must substantiate the incapacity and must be submitted by the Contract Holder within 31 days of the date such dependent child reaches age 30. The child's eligibility to continue this coverage as a dependent under this plan is subject to periodic review by BCBSAZ.

BCBSAZ determines total disability in its sole and absolute discretion and will provide a copy of the Evidence-based Criteria used to make this decision upon request. A Contract Holder has an affirmative obligation to inform BCBSAZ if the child's disability ceases. Cessation of the child's disability or dependency will terminate the child's coverage as a dependent under this plan.

### Adding Dependents

*Spouse* – To add a spouse to your coverage, call BCBSAZ and request an application. The spouse must complete the application and pass BCBSAZ's medical underwriting guidelines.

*Children* – A child is automatically eligible for coverage for the first 31 days beginning on the date of birth, adoption, or placement for adoption ("qualifying date"), if the parent or guardian covered under this plan remains eligible for coverage during that period and the child is otherwise an eligible dependent under this plan. The Contract Holder must notify BCBSAZ in writing of the birth, adoption, or placement for adoption so that BCBSAZ can add the child to the policy. If the Contract Holder does not notify BCBSAZ in writing, BCBSAZ will be unaware of the birth, adoption, or placement for adoption and will be unable to add the child to the policy.

If BCBSAZ receives written notice within 45 days after the birth, adoption, or placement for adoption, BCBSAZ will automatically add the child to the policy for the 31-day period. BCBSAZ will continue coverage for the child after the 31-day period and you will be responsible for any additional Premium, unless you notify BCBSAZ in writing to remove the child from the plan. The additional Premium is prorated from the qualifying date. Even if no additional Premium is required (for example, you already have family coverage), you must notify BCBSAZ in writing if you wish to remove the child from the plan.

If BCBSAZ does not receive written notice within 45 days after the birth, adoption, or placement for adoption, the child will still be eligible for coverage for the first 31 days following birth, adoption, or placement for adoption. However, the child will have to complete an application and the underwriting process applicable to this product. The child will have a gap in coverage between the end of the initial 31-day period and completion of the underwriting process and issuance of an effective date in accordance with that underwriting process. You will be responsible for any additional applicable Premium.

To add an eligible dependent child who is not a newborn child, an adopted child, or a child placed for adoption (as described above), call BCBSAZ and request an application. The Contract Holder must complete the application, and the child must qualify for coverage under BCBSAZ's medical underwriting guidelines.

### **Effective Date of Coverage**

Effective date for Contract Holder and Dependents:

- BCBSAZ must approve you for coverage before your coverage will take effect. Your coverage will take effect on the earliest available effective date, as determined by BCBSAZ.
- Eligible Dependents will have the same effective date as the Contract Holder when the dependent is included on the contract holder's application and approved for coverage at the time the plan is issued to the Contract Holder.
- If a dependent is accepted for coverage and added to the plan after the contract holder's effective date, the dependent's effective date will be one of the following:

- ◆ The date BCBSAZ assigns after approving the dependent for coverage, or
- ◆ The date of birth, adoption, or placement for adoption.

## **Court Orders for Health Insurance Coverage**

Coverage may be available to a contract holder's child in accordance with any court order or administrative order issued by a court of competent jurisdiction to provide health benefits coverage to a child of the Contract Holder if the child qualifies for coverage under BCBSAZ's medical underwriting guidelines and meets other eligibility requirements. The order must clearly specify the name of the Contract Holder, the name and birth date of each child covered by the order, and the time period to which the order applies. The court's order applies to the Contract Holder. It does not bind BCBSAZ or mean that BCBSAZ has to accept the child for coverage.

To obtain coverage for the child, the Contract Holder must submit an application, and the children may have to meet BCBSAZ's medical underwriting guidelines. If BCBSAZ accepts the child for coverage, coverage will not be effective until the date assigned by BCBSAZ, and the Contract Holder is required to pay any additional required Premium. If the effective date coincides with a retroactive court order date, we will prorate the Premium from the first day of the time period specified in the order.

## **Benefit-Specific Eligibility for Nonmembers**

Under the following limited circumstances, a nonmember may be eligible to receive benefits under this plan:

- If a transplant recipient is covered by BCBSAZ and the donor is not a Member, the donor may be eligible for limited benefits (see benefit descriptions for "*Transplants – Organ – Tissue – Bone Marrow Transplants and Stem Cell Procedures*" and "*Transplant or Gene Therapy Travel and Lodging*").
- If a nonmember is pregnant with a baby that is to be adopted by a BCBSAZ Member, the nonmember may be eligible for benefits for "*Complications of Pregnancy*" under the following circumstances:
  - ◆ The child is adopted by a BCBSAZ Member within 1 year of birth;
  - ◆ The Member is legally obligated to pay the costs of birth; and
  - ◆ The Member notified BCBSAZ that a court has certified the Member as acceptable to adopt within 60 days of the court order or the effective date of this plan, whichever occurs later.

This benefit is considered secondary to any other coverage available to the birth mother. Benefits for Complications of Pregnancy are not available for surrogate birth mothers who are not members if the above requirements for legal adoption of the child are not met.

## **Non-Duplication of Benefits**

### Medicare

- The combined total payment by Medicare and BCBSAZ will never exceed the amount a Provider is permitted to bill the Member under applicable Medicare law. This plan will not duplicate benefits for Covered Services that are paid by Medicare as primary payer. When a Member is enrolled in Medicare Part A or Part B, the benefits available under this plan are coordinated with Medicare as primary payer. Medicare must process the claim first. If Medicare Part A or Part B is the primary payer and denies coverage for a Service that is covered under this plan, BCBSAZ will process the claim as if it were the primary payer, subject to all of the terms of this plan.
- We do not coordinate benefits with Medicare Part D.

## **BCBSAZ Benefits**

### Secondary Coverage Under a BCBSAZ Group Plan

If a Member has coverage under this plan and also under a BCBSAZ group Benefit Plan, this plan is primary. This plan pays benefits first. Payment of the claim is subject to all applicable deductibles, Coinsurance, and copays. Any combined benefit payments will not exceed 100 percent of the Allowed Amount under the plan offering the higher level of benefits.

### Coverage Under Another BCBSAZ Individual Plan

- If a Member has coverage under this plan and also under one or more additional BCBSAZ individual plans, the order of benefits is:

- ◆ If the Member is covered as a Contract Holder under one plan and as a dependent under another, the Contract Holder coverage pays first. If a child is covered under a child-only plan, the Child-only Coverage pays first.
- ◆ If a child is enrolled as a dependent under more than one individual BCBSAZ plan and the parents are married, living together or share custody of the child, then the plan of the parent whose birthday occurs earlier in the calendar year covers the child first. If both parents have the same birthday, the benefits of the plan that has covered a parent longer covers the dependent child first.
- If the dependent child's parents are legally separated or divorced and do not share custody, the following applies when the parents or stepparents are covered under a BCBSAZ individual plan:
  - ◆ Regardless of which parent has custody, if a court decree specifies which parent is financially responsible for the child's health insurance expenses that parent's coverage pays first.
  - ◆ If there is no court decree establishing responsibility for the child's health insurance expenses, the custodial parent's coverage pays first. If the custodial parent has remarried, the stepparent's coverage pays second. The noncustodial parent's coverage pays next and a noncustodial stepparent's coverage pays last.
- When none of the above applies, the coverage in force for the longest, continuous period of time pays first.

BCBSAZ does not coordinate benefits for Covered Services provided by a retail or mail order pharmacy.

#### Coverage Under Non-BCBSAZ Plans (including other BCBS Plans)

BCBSAZ does not coordinate coverage with non-BCBSAZ plans.

#### **Premium**

For individual coverage (an adult Contract Holder) and family coverage (an adult Contract Holder and spouse and/or child(ren) on one plan), premiums are determined by one or more of the following:

- The contract holder's age and sex
- The contract holder's county of residence
- The contract holder's spouse's age and sex
- The deductible amount you select
- The number of dependent children covered under the plan

Your Premium will automatically change upon your annual renewal. Premium rates in effect upon your renewal will be based on the age class of the Contract Holder and any spouse on the Contract. Age classes are available upon request from BCBSAZ. See your ID card for more information on contacting BCBSAZ. BCBSAZ will provide you with notice of premium changes in accordance with applicable law.

Your premiums will also change automatically, on your next billing date, in each of the following situations:

- A child on a child-only Contract turns age 19
- The Contract Holder changes his or her residence
- You add or remove a dependent from your Contract
- You change your deductible level

For Child-only Coverage (plan covers only one or more children), premiums are determined by each child's age, sex, county of residence for the address on file, and deductible level selected. All Premium changes due to a change in a child's age class will be effective upon annual renewal. Age classes are available upon request from BCBSAZ. See your ID card for information on contacting BCBSAZ.

When a child covered by a child-only Contract reaches age 19, the child is automatically considered an adult Contract Holder. BCBSAZ will automatically adjust the Premium on the next billing date following the member's 19th birthday. Coverage will continue according to the rates described for individual and family coverage.

#### **Premium Payments**

You pay premiums monthly. Premium Payments must be made to BCBSAZ on or before the due date. Premiums must be paid in U.S. dollars and drawn from a bank located and based in the United States. BCBSAZ mails a Premium notice to the Contract Holder before each due date. If you signed up for Sure Pay, this does not apply. Regardless of whether you receive a notice, BCBSAZ will not continue the plan unless BCBSAZ receives your payment within 31 days after the Premium due date.

## **Premium Payments by Third Parties**

You are responsible for your premium payment. BCBSAZ only accepts Premium Payments from the following third parties: Ryan White HIV/AIDS Program under Title XXVI of the Public Health Services Act; Indian tribes, tribal organizations, or urban Indian organizations; federal and state government programs; or family members. If we learn that an unauthorized third party paid your Premium, BCBSAZ may reject the payment, and the Premium will remain due.

## **Grace Period**

If you do not pay your Premium by the Premium due date, BCBSAZ provides you a 31-day Grace Period to make the payment. BCBSAZ is not responsible or liable for claims incurred during the Grace Period, unless BCBSAZ receives payment before the end of the Grace Period. A Premium not paid when due and not paid within the Grace Period, is in default. This plan terminates as of the date the Premium was originally due. If this plan is terminated for non-payment of Premium, the Contract Holder may request reinstatement. BCBSAZ has sole discretion and authority as to whether to allow reinstatement. If BCBSAZ precertified a Service during the Grace Period, that Precertification is null and void if the plan is later retroactively terminated for non-payment of Premium. The Member is responsible for all medical expenses incurred.

## **Notice of Premium Change**

With a 30-day prior notice, BCBSAZ may change the Premium.

## **Rescission**

In deciding whether to approve you for coverage, BCBSAZ relies on the information in your application. When a Member (the Contract Holder or dependent) fraudulently misstates or intentionally misrepresents any material information on the application, BCBSAZ may rescind (declare null and void) any plan issued to a Member as of the effective date of the plan. BCBSAZ will give a 30-day written notice of its intent to rescind, during which time the Member may protest the decision by writing to BCBSAZ at the address indicated in the notice and explaining why a Rescission is not appropriate or allowable.

### What Happens If Your Plan is Rescinded

- Any Precertification given is null and void as though it never existed.
- Dependents may be able to keep their coverage or switch to certain other products.
- If the contract holder's coverage is rescinded but one or more dependent children retain coverage, BCBSAZ will convert the policy to a child-only plan, as of the effective date for the rescinded policy. You must pay any required Premium for the child-only policy, and the Premium may be more costly than the family coverage rates. Any Premium changes will apply as of the original effective date.
- The Contract Holder or dependent whose coverage was rescinded is responsible for all medical expenses incurred in excess of premiums paid to BCBSAZ.
- The policy is null and void for the Contract Holder or dependent whose coverage is rescinded, and that person has no benefits.

## **Termination**

BCBSAZ does not automatically terminate a Contract Holder or dependent when that person turns age 65 or becomes eligible for Medicare for some other reason. For persons who are eligible for Medicare and at least age 65, BCBSAZ has other coverage options that may offer lower Premium rates. Please call us for additional information. If you continue your coverage under this plan, BCBSAZ will not duplicate benefits for Covered Services paid by Medicare as primary payer.

### Benefits after Termination

Except as described below, you have no coverage on and after the date coverage ends, regardless of the reason for Termination. There is one exception. If a Member is an inpatient in an acute care hospital on the day coverage ends, benefits for covered inpatient facility services delivered during that admission will be provided under this plan. Any professional services rendered during the stay, but after the date of Termination are not covered. This exception for continued coverage does not apply to inpatient stays in Long-term Acute Care, skilled nursing, Extended active rehabilitation, or behavioral health facilities.

### Continuing Coverage for Terminated Dependents

Eligible Dependents who are terminated may be able to continue coverage on a separate plan. The dependent will automatically be transferred onto a separate policy and will not be required to apply for coverage if continuing with the same plan. An application will be required if plan changes are requested. Dependents can terminate coverage at any time.

### Involuntary Termination of Coverage

The following event causes involuntary Termination of all covered individuals on the indicated date:

- The Premium is not paid within the Grace Period  
*Termination date* – the date the Premium was originally due

The following events cause involuntary Termination of Dependents on the indicated effective date:

- Divorce – the contract holder's spouse loses coverage  
*Termination date* – the date of the final divorce decree
- Dependent child turns age 30 and does not qualify as a disabled dependent  
*Termination date* – the 30th birthday
- Dependent child over age 30 whose disability ends  
*Termination date* – the date disability or incapacity ends
- Dependent child covered by a qualified medical support order is no longer eligible under the court order or administrative order  
*Termination date* – the last day of the time period specified in the court order or administrative order

If a Contract Holder dies, BCBSAZ will terminate the contract holder's policy and transfer any Dependents to a new policy.

### Involuntary Termination Based on Misrepresentation or Fraud

BCBSAZ may terminate a member's coverage on 45 days' written notice if BCBSAZ finds that the member's use of Service or benefits or conduct under this plan involved intentional misrepresentation or fraud. Termination under this section does not prejudice BCBSAZ from exercising any other legal rights and remedies it may have for the member's fraud.

### Voluntary Termination of Coverage

Except as provided in this section for Dependents subject to court order or administrative order, the Contract Holder may voluntarily cancel coverage at any time for the Contract Holder and all Dependents by sending a written notice to BCBSAZ. BCBSAZ will terminate the plan on the 1st or 15th day of the month following BCBSAZ's receipt of the request.

The Contract Holder acknowledges and agrees that the Contract Holder shall not cancel coverage for a minor child whose coverage is mandated by court or administrative order unless the Contract Holder provides BCBSAZ with satisfactory evidence that the child is enrolled or will be enrolled in other health coverage, effective on the date this coverage terminates or that the requirements of the order have been otherwise satisfied or terminated.

### New Policy Required for Individuals Who Relocate Outside Arizona

If you move outside of Arizona, BCBSAZ will not reissue your policy at the end of its term because you are outside of the service area in which BCBSAZ is licensed and authorized to do business.

## GENERAL PROVISIONS

### Access to Information Concerning Dependent Children

BCBSAZ is not a party to domestic disputes. Parental disputes over dependent coverage and information must be resolved between the parents of the dependent child. Under Arizona law, both parents have equal rights of access to information about their children, unless there is a court order denying such access. Absent a copy of such order and subject to the Confidentiality provisions described above, BCBSAZ provides equal parental access to information.

### Appeal and Grievance Process

Members may participate in BCBSAZ's appeal and grievance processes, which are described in detail in the BCBSAZ Appeal and Grievance Guidelines, a separate document provided to you. You do not have to pay any fees or charges to file or pursue an appeal or grievance with BCBSAZ. You may obtain another copy of the BCBSAZ Appeal and Grievance Guidelines by visiting us at [www.azblue.com](http://www.azblue.com) or by calling Customer Service at the number on your ID card.

If you receive a bill from an out-of-network Provider for services provided at an in-network facility and want to dispute the amount of the bill, you may be able to initiate a dispute resolution process defined under Arizona law. This process is not available for all balance bills. To initiate the dispute resolution process or to appeal a denial of Precertification for urgently needed services you have not yet received, please call Customer Service at the number on your ID card.

### Billing Limitations and Exceptions

When there is another source of payment such as a liability insurer, in-network Providers may be entitled to collect any difference between the Allowed Amount and the provider's Billed Charges from the other source or from proceeds received from the other source, pursuant to A.R.S. § 33-931. A.R.S. § 33-931 may give Providers medical lien rights independent of this Benefit Plan or any Contract with BCBSAZ. BCBSAZ is not a party to any collection dispute that may arise under the provisions of A.R.S. § 33-931.

The provisions of this section do not constitute subrogation (reimbursement to the health plan from other payment sources). BCBSAZ does not subrogate. If you are represented by an attorney in a dispute concerning recovery for injuries or illness, please show this section of your book to your attorney.

### Blue Cross and Blue Shield Association

This paragraph shall not create any additional obligations whatsoever on the part of BCBSAZ other than those obligations created under other provisions of this Agreement. Contract Holder, on behalf of self and all members, expressly acknowledges and agrees that:

- i. This Agreement is a Contract solely between Contract Holder and BCBSAZ, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association ("Association"), an association of independent Blue Cross and Blue Shield plans, permitting BCBSAZ to use the Blue Cross and/or Blue Shield service marks in the state of Arizona;
- ii. BCBSAZ is not contracting as the agent of the Association;
- iii. Contract Holder has not entered into this Agreement based on any representations by the Association or any other Blue Cross or Blue Shield plan other than BCBSAZ; and
- iv. Contract Holder and members shall not seek to hold the Association or any Blue Cross or Blue Shield plan other than BCBSAZ accountable or liable for BCBSAZ's obligations created under this Agreement.

### Broker Commissions

BCBSAZ sells health and dental coverage products either directly or through independent licensed insurance brokers. Commission payments to brokers are one of the costs factored into Premiums, but BCBSAZ's Premium calculation is not based on whether a product is sold directly or by a broker. BCBSAZ generally pays a commission to the broker of record or legal assignee designated by the broker until the insurance Contract is terminated, the Contract Holder terminates his or her relationship with the broker and notifies BCBSAZ, or the broker becomes ineligible for receipt of commissions. Brokers are required under their agreement with BCBSAZ to provide information on commission rates with BCBSAZ. More detailed information about Broker Commissions and compensation to BCBSAZ employees who are Licensed Sales Representatives for BCBSAZ individual products is available for review at [www.azblue.com](http://www.azblue.com), or you may obtain a copy by calling BCBSAZ at (602) 864-4124.

## **Claims Editing Procedures and Pricing Guidelines**

BCBSAZ uses systems to verify benefits, eligibility, claims accuracy, and compliance with BCBSAZ coding and pricing guidelines and Evidence-based Criteria. BCBSAZ uses claims coding and editing logic to process claims and determine allowed amounts. BCBSAZ regularly updates its systems, claims and pricing guidelines and edits, and Evidence-based Criteria.

## **Confidentiality and Release of Information**

We have processes and systems to safeguard sensitive or confidential information and to release such information only in accordance with federal and state law. If you wish to authorize someone to have access to your information, you can download the Confidential Information Release Form (CIRF) from [www.azblue.com](http://www.azblue.com), or call Customer Service at the number on your ID card and request a hard copy of the CIRF form.

## **Cost of Records**

In order to process your claims, BCBSAZ may need to obtain copies of your health records from your Provider. In-network Providers generally cannot charge you for providing BCBSAZ with health records. Noncontracted Providers have no contractual obligation to provide records to BCBSAZ free of charge. If you receive services from a noncontracted Provider who charges for record preparation or the cost of copies, you will need to arrange with your Provider to obtain any records required by BCBSAZ and pay any applicable fees.

## **Court or Administrative Orders Concerning Dependent Children**

When a Member is not the custodial parent of a child, but is required by a court or administrative order to provide health benefits to that child, BCBSAZ will provide benefit information to the custodial parent, permit the custodial parent to submit claims for the child and make payments directly to the custodial parent, Provider, or state agency as applicable.

## **Discretionary Authority**

BCBSAZ has Discretionary Authority to determine extent of coverage under the terms of this Benefit Plan.

## **Identity Protection Services**

Identity Protection Services are available to members of this plan. For more information, contact Customer Service at the number on your ID card.

## **Lawsuits against BCBSAZ**

BCBSAZ has an appeal process for resolving certain types of disputes with members. BCBSAZ encourages you to use the appeal process before filing a lawsuit, as issues can often be resolved when you give BCBSAZ more information through the appeal process.

Under Arizona's Health Care Insurer Liability Act, before suing BCBSAZ, a Member must first either complete all available levels of the BCBSAZ appeal process or give BCBSAZ written notice of intent to sue at least 30 days before filing the lawsuit. The written notice must set forth the basis for the lawsuit and must be sent by certified mail to the following address:

Attn: Legal Department  
Mail Stop: C300  
Blue Cross Blue Shield of Arizona, Inc.  
8220 N. 23rd Avenue  
Phoenix, AZ 85021-4872

Failure to comply with these provisions may result in dismissal of the lawsuit. A Member must complete all applicable levels of appeal before bringing a lawsuit other than a suit filed pursuant to the Health Care Insurer Liability Act. Failure to complete the mandatory levels of the appeal process may result in dismissal of the lawsuit for failure to exhaust BCBSAZ's administrative remedies. By providing this notice BCBSAZ does not waive, but expressly reserves all applicable defenses available under federal and Arizona law.

## **Legal Action and Applicable Law**

This Contract is governed by, construed, and enforced in accordance with applicable federal law and the laws of the state of Arizona, without regard to conflict of laws principles.

Jurisdiction and Venue: Jurisdiction and venue for any Legal Action or other proceeding that arises out of or relates to the Contract or this Benefit Plan shall be in any court of competent jurisdiction in the state of Arizona.

Lawsuits by BCBSAZ: Sometimes, BCBSAZ has an opportunity to join class action lawsuits, where third party payers (insurance companies) assert that an entity's conduct resulted in higher payments by the insurance company than otherwise would have been required. BCBSAZ reviews these cases and makes a good faith decision based on the unique facts of each case whether to join the case. BCBSAZ may also bring lawsuits against vendors or other entities to recover various economic damages. When BCBSAZ participates as a plaintiff and recovers damages, those funds are not returned to individual members, but are instead retained by BCBSAZ to reduce overall administrative costs. This paragraph is not intended to limit or waive any claims BCBSAZ may have against any person or entity.

## **Medicaid Reimbursement**

Member acknowledges that state Medicaid agencies, including the Arizona Health Care Cost Containment System ("AHCCCS"), (collectively referred to as "Medicaid Agencies") are considered payers of last resort for healthcare expenses of individuals who are Medicaid beneficiaries. Member further acknowledges that AHCCCS does, and other state Medicaid Agencies may, have a legal right to reimbursement of expenditures that the Medicaid Agencies have made on behalf of a Member who was also a Medicaid Beneficiary, not to exceed the lesser of the member's benefits under this plan or the Medicaid Agencies' payment. Member acknowledges and agrees that BCBSAZ shall reimburse Medicaid Agencies or their designees, for the health claims of a Member who was also a Medicaid Beneficiary on the date of Service, to the extent required by law.

## **Member Notices and Communications**

BCBSAZ sends notices and other communications to members by U.S. mail to the last address on file with BCBSAZ Customer Service. BCBSAZ may also elect to send some notices and communications electronically if the Member has consented to electronic receipt. Notice is deemed complete when sent to the member's last address of record, as follows: (1) on delivery, if hand-delivered; (2) if mailed, on the earlier of the day actually received by the Member or 5 days after deposit in the U.S. mail, postage prepaid; or (3) if transmitted electronically, on the earlier of the day of actual receipt or 24 hours after electronic transmission to the member's email address of record.

## **Non-Assignability of Benefits**

The benefits contained in this plan, and any right to reimbursement or payment arising out of such benefits, are not assignable or transferable, in whole or in part, in any manner or to any extent, to any person or entity. You shall not sell, assign, pledge, transfer, or grant any interest in or to, these benefits or any right of reimbursement or payment arising out of these benefits, to any person or entity. Any such purported sale, assignment, pledge, transfer, or grant is not enforceable against BCBSAZ and imposes no duty or obligation on BCBSAZ. BCBSAZ will not honor any such purported sale, assignment, pledge, transfer, or grant.

## **Payments Made in Error**

If BCBSAZ erroneously makes a payment or overpayment to you or on your behalf, BCBSAZ may obtain reimbursement from you or the Provider, or BCBSAZ may offset the amount owed against a future claim arising from any covered Service. Payments Made in Error by BCBSAZ do not constitute a waiver concerning the claim(s) at issue or of any right of BCBSAZ to deny payment for noncovered services.

## **Plan Amendment**

There is no guarantee of continued benefits as outlined in this plan. This plan may be amended and benefits may be added, deleted, or changed by BCBSAZ as required to comply with federal or state laws. Please review and retain this book, any replacement books, all SBCs, all riders, amendments, and other communications concerning your coverage.

## **Prescription Medication Rebates**

BCBSAZ receives rebate payments based on the volume and/or market share of pharmaceutical products used by BCBSAZ members. BCBSAZ participates in contracts with pharmaceutical manufacturers, pursuant to which BCBSAZ receives these rebate payments. These rebate contracts are subject to renegotiation and/or termination from time to time.

The rebates BCBSAZ receives on your prescription drug utilization are not reimbursable to you, including prescription costs applied to any Copay, deductible, Coinsurance calculation, or Out-of-pocket Coinsurance Maximum that may apply under your plan. You acknowledge and agree that BCBSAZ will keep all rebates.

Pharmacy rebates may cause the overall cost of a medication to fall below the amount you pay for that medication under the coverage described in this Benefit Plan. Other discount programs offered by a pharmacy may result in members of the public paying a lower cost for some medications than you pay under this Benefit Plan.

## **Provider Contractual Arrangements**

The BCBSAZ Allowed Amount reflects any contractual arrangements negotiated with a Provider. Contractual arrangements vary based on many factors. For that reason, BCBSAZ network Providers have varying compensation levels based on the provider's agreement to accept a certain reimbursement rate. This means that your in-network Cost Share for a particular Service can vary based on the network Provider you choose because not all Providers have the same negotiated reimbursement rate for the same Service. For information on your estimated Cost Share for a particular Service, please call Customer Service at the number on your ID card. You will need to provide the name of the Provider and the diagnosis and procedure code to receive an estimated Cost Share. The estimated Cost Share is only an estimate and the actual Cost Share may vary from the estimated Cost Share based on factors such as the services actually performed and the place where the services are actually rendered.

## **Provider Treatment Decisions and Disclaimer of Liability**

While rendering services to you, in-network Providers are independent contractors and not employees, agents, or representatives of BCBSAZ. Their contracts with BCBSAZ address reimbursement and administrative policies. Each Provider exercises independent medical judgment in deciding what services to provide you, and how to provide them. BCBSAZ's role is limited to administration of the benefits under this Benefit Plan. Your Provider may recommend services or treatment not covered under this Benefit Plan. You and your Provider should decide whether to proceed with a Service that is not covered. BCBSAZ has no control over any diagnosis, treatment, care, or other services rendered by any Provider and disclaims any and all liability for any loss or injury to you caused by any Provider by reason of the provider's negligence, failure to provide treatment, or otherwise.

## **Release of Records**

Subject to federal or Arizona law, the Member agrees that BCBSAZ may obtain, from any Provider, insurance company, or third party, all records or information relating to the member's health, condition, treatment, prior health insurance claims, or health benefit program. A failure to provide records needed to adjudicate a claim can result in denial of the claim.

## **Retroactive Changes**

BCBSAZ reserves the right to make certain retroactive amendments to this Benefit Plan, as may be permitted under applicable federal and state law. You will receive notice of any such amendments.

## **Third-Party Beneficiaries**

The provisions of this Benefit Plan are only for the benefit of those covered under this plan. Except as may be expressly set forth in this book, no third party may seek to enforce or benefit from any provisions of this Benefit Plan.

## **Your Right to Information and Availability of Notice of Privacy Practices**

You have the right to inspect and copy your information and records maintained by BCBSAZ, with some limited exceptions required by law. If you choose to review your Medical Records in person, BCBSAZ will

require a reasonable amount of time to research and retrieve the records before scheduling a time with you to review the records.
