YOUR PLAN NETWORK

See your Summary of Benefits and Coverage (SBC) and ID card for the name of the plan network that applies to your benefit plan. You'll find the complete directory of providers in your plan's network at [MyBlueSM](#). If you do not have Internet access, would like to request a paper copy of the directory, or have questions about whether or not a certain provider is in the network, please call Blue Cross® Blue Shield® of Arizona (BCBSAZ) Customer Service at the number on your ID card. It's important to make sure your provider is in your plan network before you receive services.

MEMBER COST SHARING AND OTHER PAYMENTS

Members pay part of the costs for benefits received under this plan. What you pay depends on your particular benefit plan, the service you receive, and the provider you choose. You may have an access fee, coinsurance, copay, deductible, or some combination of these payments as detailed in the tables that follow. You can refer to Appendix A in your Base Benefit Book for a definition of the terms. Your SBC explains which cost-share types and other payments apply to each benefit. BCBSAZ uses your claims to track whether you have met some cost-share obligations. We apply claims based on the order in which we process the claims and not based on date of service.

COST-SHARE TABLE

PLEASE NOTE: The member cost share noted in the following grid is waived for items or services furnished to an American Indian or Native Alaskan by the Indian Health Service, a Tribe, Tribal Organization, or Urban Indian Organization or through referral under contract health services.

Type of Cost Share	Amount of Cost Share
Calendar-Year Deductible	\$0 per member
	\$0 per family
Out-of-Pocket Maximum	\$1,025 per member
	\$2,050 per family

Cost share for ancillary services provided by an out-of-network provider at a network facility will be based on the Qualifying Payment Amount, as defined by federal law. All out-of-network cost share for these ancillary services will be counted toward any in-network cost-share limits.
