

# TITLED EQUIPMENT LEASE

A lease from BOK Financial allows you to acquire commercial titled trucks, trailers, and specialty vehicles your business needs with payments that are generally lower than if you were to finance with a traditional loan.

The BOK Financial Equipment Finance team can provide customized and flexible financing solutions that best suit your needs. We act as trusted advisors to clients by helping analyze equipment utilization and plan annual budgets for capital expenditures.

With a properly structured lease, you can:

- **Maximize cash flow** through 100% financing on most titled equipment types, freeing up cash and working capital to help meet your business' goals.
- **Unlock tax savings** with a qualifying lease. In Arizona, you'll qualify for sales tax exemption. Be sure to seek the assistance of a tax professional.
- **Increase flexibility** with customized monthly payments and term lengths

## EQUIPMENT LEASING OPTIONS

Most types of titled commercial equipment qualify for **sales tax exempt** lease financing:

- Buses and motor coaches
- Company vehicles
- Emergency vehicles
- Light, medium, and heavy trucks
- Maintenance vehicles
- Refuse and recycling
- Semi-Trailers
- Tow, utility, and tire service trucks

**Contact us today and let the BOK Financial team help your business grow.**
