Employer Match and Profit Share

<Plan Name> Retirement Plan

Picture your retirement. What do you see yourself doing? Traveling the world? Relaxing with family and friends? Pursuing a lifelong interest? Whether your retirement dreams are simple or elaborate, you will need money to make them come true. And the amount of money you will have available to finance your dreams will depend on the actions you take now.

<Plan Name> is committed to helping you achieve your retirement goals. Their generous match and profit-sharing contributions add significant value — essentially free money that grows alongside your own savings. By taking full advantage of these benefits, you're building a stronger, more secure financial future.

Hypothetical based on a $40,000 salary, 5% employee contribution, 7% employer contribution. Annual return 7%
Your own plan account may earn more or less than this example and income taxes will be due when you withdraw from your account. Investing in this manner does not ensure a profit or guarantee against a loss in declining markets. This information is intended to be educational and is not tailored to the investment needs of any specific investor. **Investing involves risk, including the risk of loss.**
