Designate Your Beneficiaries Today

Participant Services
P.O. Box 880
Tulsa, OK 74101-0880

Our records indicate your retirement plan account does not have a beneficiary on file.

In the absence of your beneficiary designations, a death benefit from your account would be processed per the plan document; therefore, it is important that you designate your desired beneficiaries as soon as possible.

You will need the following information for those you wish to designate as your beneficiaries.

- Full Name
- Social Security Number
- For a Trust or Will, Use Your Social Security Number

To update your beneficiary designations, visit startright.bokf.com, or contact Participant Services at 800.876.9557.
