FLEUR - fashion inspired floral prints, and complementary jacquards

Allow your space to blossom with the beauty of Fleur. A fashion-inspired blend of floral prints and complementary jacquards showcase a range of techniques throughout, highlighting the individual beauty of each design. From abstract painterly effects and botanical illustrations featuring sprawling butterflies to detailed dot work reminiscent of stitching, every finish tells a different story of nature. A pair of two-tone jacquards have been designed to pair effortlessly with Fleur's vibrant prints, showcasing colourways featured in the collection's rich florals for cohesion. All 4 seasons are depicted through the collection's palette, which utilises fresh pastels and uplifting meringue hues through to rich purples.
