INSTINCT - texture and style in abundance

Trust the Instinct Collection to add a striking edge to your home. The trend for animal print has been given a contemporary yet subtle spin, for spaces brimming with sophistication. Texture and pattern are in abundance, with a peacock feather-inspired print setting the tone for the adventure to come. Two sumptuous velvets create drama and intrigue, joined by a checkerboard-style weave, speckled, animal-effect jacquard, and textured cut chenille that is beautifully soft-to-the-touch. The collection's colour banks of Storm, Grassland, Dusk and Desert all continue Instinct's journey through the wild, for pieces that are as adventurous as they are elegant
