

Meadow by Prestigious Textiles ~ flora and fauna of the English countryside

Embracing the flora and fauna of the English countryside, Meadow combines sustainably sourced cotton and recycled polyester in a collection of prints, jacquards and embroideries. The new PT Eco range has been inspired by nature's whimsical forms, with Meadow's five designs embracing bark textures, eucalyptus stems and watercolour florals. The collection's palette of soft, muted pastels has been taken from meadow wildflowers to complement the floral designs.
