MINIMALIST - collection of tactile finishes

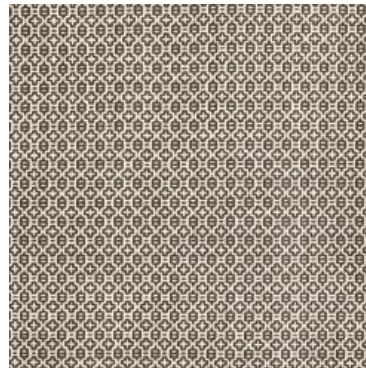

Showcasing the beauty of imperfection, texture is given centre stage within Minimalist. Inspiration of natural materials is woven into the collection's gallery of tactile finishes, which softens more uniform geometric motifs featured throughout. These are complemented by basket weaves and 3D-effect designs, to stripes featuring handwoven embroideries. The collection's gallery of sheers feature texture such as boucle yarns and embroideries throughout, perfect for layering. A sleek palette is in keeping with the artisan feel, spanning muted greys through to richer ambers and snippets of green.
