

MONTROSE ~ Classic collection of decadent designs

Drawing inspiration from grand manor houses, Montrose is a classical collection of decadent designs. A refined and elegant addition to any home, the prints, jacquards, and rope embroidery tell a story of extravagance with large rose florals, distressed stone urns and statement damasks. The colour palette reflects the collection's decadence with tones of rich red and green, while also offering a modern twist with the introduction of pastels and subtle periwinkle.
