

PERSPECTIVE ~ statement prints, textured semi-plains and tactile jacquards

Playing on optical illusions and embracing layered finishes, the Perspective Fabric collection includes statement prints, textured semi-plains and tactile jacquards. Taking inspiration from natural stone, marble effects and stonework, depth is created with two striking prints embracing three dimensional effects. Imbued with subtle hints of metallic, complementary jacquards further enhance the theme for creating multi layered interior schemes. Embracing a colour palette of charcoal tones, rusty oranges, deep moss greens and indigos, the fabrics have also been designed to complement the Perspective Wallpaper range.
