

## SCANDI ~ an ode to Scandinavian Style

Switch off from the outside world and sink into the irresistible finishes of Scandi. An ode to the enduring Scandinavian style, soft, sweeping geometrics, tactile qualities, and a monochromatic colour palette all embody the undeniable charm of this inherently cosy collection. The trend for boucle has been given an unexpected twist with a curation of intriguing boucle jacquards, pairing harmoniously with tufted geometrics, 3d rope embroideries, and distressed semi-circle weaves. The collection's motifs resemble fluid natural forms, spanning abstract pebble designs and water-inspired swirls to create maximum interest. Scandinavian styles are further embodied in the collection's gentle palette, with richer tones of copper and rust alluding to the recent 70s revival.
