

Allow yourself to be charmed by the endearing nature of Pippin. Each fabric was lovingly designed in-house, helping to create beautifully rustic spaces with a hand crafted, vintage feel. The collection's small-scale designs are sweet and simple yet effective. Their timeless appeal shines through in a variety of print techniques, including block prints, embroidery stitch effects, and striking geometrics. These are complemented by intricate textures that amplify Pippin's hand-crafted nature. A nature-inspired palette captures all 4 seasons, spanning refreshing Cucumber greens through to autumnal Pumpkin hues.
