

**The Journey Beyond Collection**  
Maximalism takes a new Direction

Maximalism takes a new direction in Journey Beyond. The adventure unfolds through five printed velvets, featuring restful archive artwork, dramatic tropical vistas, prowling tigers and distressed damask motifs. Used individually, the designs are a talking point, combining bold colours and patterns to spectacular effect.

*Designer's Notes*

This is our statement collection of the season and, inspired by the Maximalist trend, we have gone bold with colour and pattern. We have treated each design as a work of art and coloured each design to suit this. The collection is not designed to match together, yet this could work fantastically in an eclectic bohemian style home. The tree in Forbidden Forest was taken from an old document piece that we have restored to its original glory. For the Hidden Paradise design, we tried to capture the drama of the original artwork, while keeping the grand scale of the original panel.
