

Universal Remote – Video Transcription

Setting up the Cable One universal remote to control both your TV and digital receiver

Please note these steps are for the Cable One remote only. For any other remote, please refer to that remote's owner's manual.

Step one: Power on your TV, and then press the TV button on your remote.

Step two: Press and hold the Setup button. The LED will blink twice.

Step three: Press 9-9-1. The LED will blink twice.

Step four: Press the Power key.

Step five: Press the Channel + button until the TV turns off.

Step six: Press Setup when the TV turns off.

You will now be able to control your TV and digital receiver using just the Cable One remote. If you are still experiencing technical difficulties, please contact the Cable One Technical Care Center at support.cableone.net for more assistance.
