

## DVR Recording – Video Transcript

### **How to record live TV for easy OneTouch recording**

Press Record on your Cable One remote while you are watching TV or navigating through the programming guide.

#### **Recording from the I Guide:**

Step one: Press the Guide button to access the I Guide.

Step two: Highlight the program you want to record from any listing screen.

Step three: Press Record to set up the recording.

#### **Programming your DVR to record a specific time and channel:**

Step one: Select DVR from the main menu.

Step two: Select Set a Recording.

Step three: Select the start and end times and the day you wish to record, and confirm your settings. A manual recording screen will appear, allowing you to choose the channel you want to record and Create a new recording screen will appear.

Step four: Select Record to confirm your settings, or select View Recording Setting.

#### **Programming your DVR to record multiple episodes of a TV series:**

Step one: Press the Menu button on the remote to access the Quick Menu.

Step two: Select the DVR icon.

Step three: Select Future Recordings.

Step four: Press Select and toggle to Future Recording Settings.

Step five: Choose between First Round Only or All Episodes.

Step six: Specify how many recordings to save and how long to save the recording. You can choose between I Delete and Space Is Needed.

#### **Don't miss the end of the game. Add record minutes so you don't miss the full event**

Step one: Press the Menu button on the remote to access the Quick Menu.

Step two: Select the DVR icon.

Step three: Select Future Recordings.

Step four: Press Select and toggle to Future Recording Settings.

Step five: Select Start Recording and Stop Recording to add minutes to the start and end times of your specific recorded program.
