# CTA History

## **Outspoken and Out to Make a Difference Since 1863**

When CTA was founded in 1863, only a few hundred students attended public schools and teachers were poorly prepared and seriously underpaid. Within three years, CTA persuaded the state legislature to establish free public schools for all children.

CALIFORNIA TEACHERS ASSOCIATION

## OUR MISSION

The California Teachers Association exists to protect and promote the well-being of its members; to improve the conditions of teaching and learning; to advance the cause of free, universal, and quality public education for all students; to ensure that the human dignity and civil rights of all children, youth and adults are protected; and to secure a more just, equitable, and democratic society.
