

Reiman Foundation Challenge

Acknowledging that Wisconsin's kids and teens were facing an unprecedented mental health crisis, in 2019 the Reiman Foundation generously pledged \$15 million as a dollar-for-dollar matching challenge to help Children's Wisconsin expand and transform mental and behavioral health services for kids and families across our state.

During the course of 15 months, the challenge raised more than \$30 million, which included seven donors who made gifts of \$1 million or more. This generosity accelerated our work and inspired even more donors to help Wisconsin's kids and families. Because of your support, we are able to provide care in spaces where we find kids and teens the most — at home, at school and throughout the community.

Children's Wisconsin is honored to recognize the generosity of the following donors who made contributions to the Reiman Foundation Challenge.
