

From 2020-2025, Children's Wisconsin led its most ambitious engagement and philanthropy campaign in history, **Brighter Than Ever**. We had one goal: To power a holistic approach to health and well-being. More than 70,000 of our community members chose to invest in our mission, helping us exceed our goal and raise more than \$308 million to support:

- **Spark Forward**, focusing on eradicating disease and innovating health care
- **Glow Beyond**, caring for the whole child and empowering families to build strong communities
- **Shine Through**, creating solutions for mental and behavioral health
- **Immediate Impact for Kids**, enabling flexible funding so Children's can respond without delay, ensuring teams have the resources they need when kids can't wait

Children's Wisconsin is honored to recognize the generosity of the following donors who made contributions of \$1,000 or more to Brighter Than Ever.

Thank you for helping Wisconsin's kids and families be healthier, safer and braver for generations to come.
