

Self-Schedule Your Next Visit!

Families can schedule many Children's National visits on their own. This includes primary care, specialty care, vaccines and lab work. Log in to MyChildrensPortal or visit appointments.childrensnational.org to pick a day and time that works best for your family.

Express Book on MyChildrensPortal *(for families who already have access to the portal)*

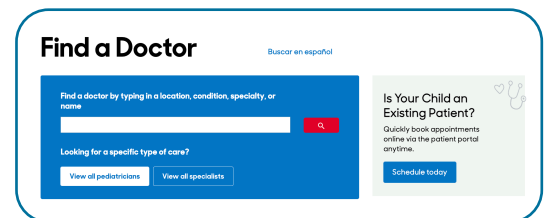

1. Log into MyChildrensPortal on the app or online
2. In the **Schedule an Appointment** search box, type a provider's name, location, health concern or specialty
3. Add filters to choose visits by location, language, specialty and more
4. Choose the appointment type, date and time that work for you
5. Click **View All Appointments** to choose the visit type and see more dates and times
6. Answer the pre-booking questions to make sure that you picked the correct visit type
7. Fill out the registration form
8. Click **Book Appointment**
9. You'll receive an email or text with the appointment confirmation

Visit childrensnational.org/portal for assistance with your MyChildrensPortal account.
