

Level crossing upgrade at Archer Road, Mullion Creek

Community Notification

September 2026

On behalf of Transport for NSW, UGL Regional Linx (UGLRL) is upgrading the level crossing at **Archer Road, Mullion Creek**. Work started in April and is expected to be completed in October 2026.

What work are we doing?

The level crossing at Archer Road, Mullion Creek, will be upgraded from a passive level crossing with signs and road markings to an active crossing with boom gates and flashing lights to improve safety. The work will be completed in three stages.

Stage one was completed on **15 May 2026**.

Stage two was completed on **31 July 2026**.

Stage three will complete the final testing and activation of the new lights and boom gates between 14 September and 26 October 2026.

The community will be notified ahead of any work.

When and where will we be working?

We'll carry out this important work at Archer Road, Mullion Creek, from **Monday 14 September to Monday 26 October 2026**, between **6am** and **6pm**.

Some weekend work will be required.

A map of the work location is provided over the page.

What will this mean for you?

During the work, you will notice:

- Stop/slow traffic control
- increased vehicle movements in the area
- some noise from machinery

Managing our impacts

UGLRL will aim to minimise community and environmental impacts. This includes:

- turning off machinery when not in use
- instructing workers to keep noise to a minimum
- servicing machinery to reduce noise and environmental impact

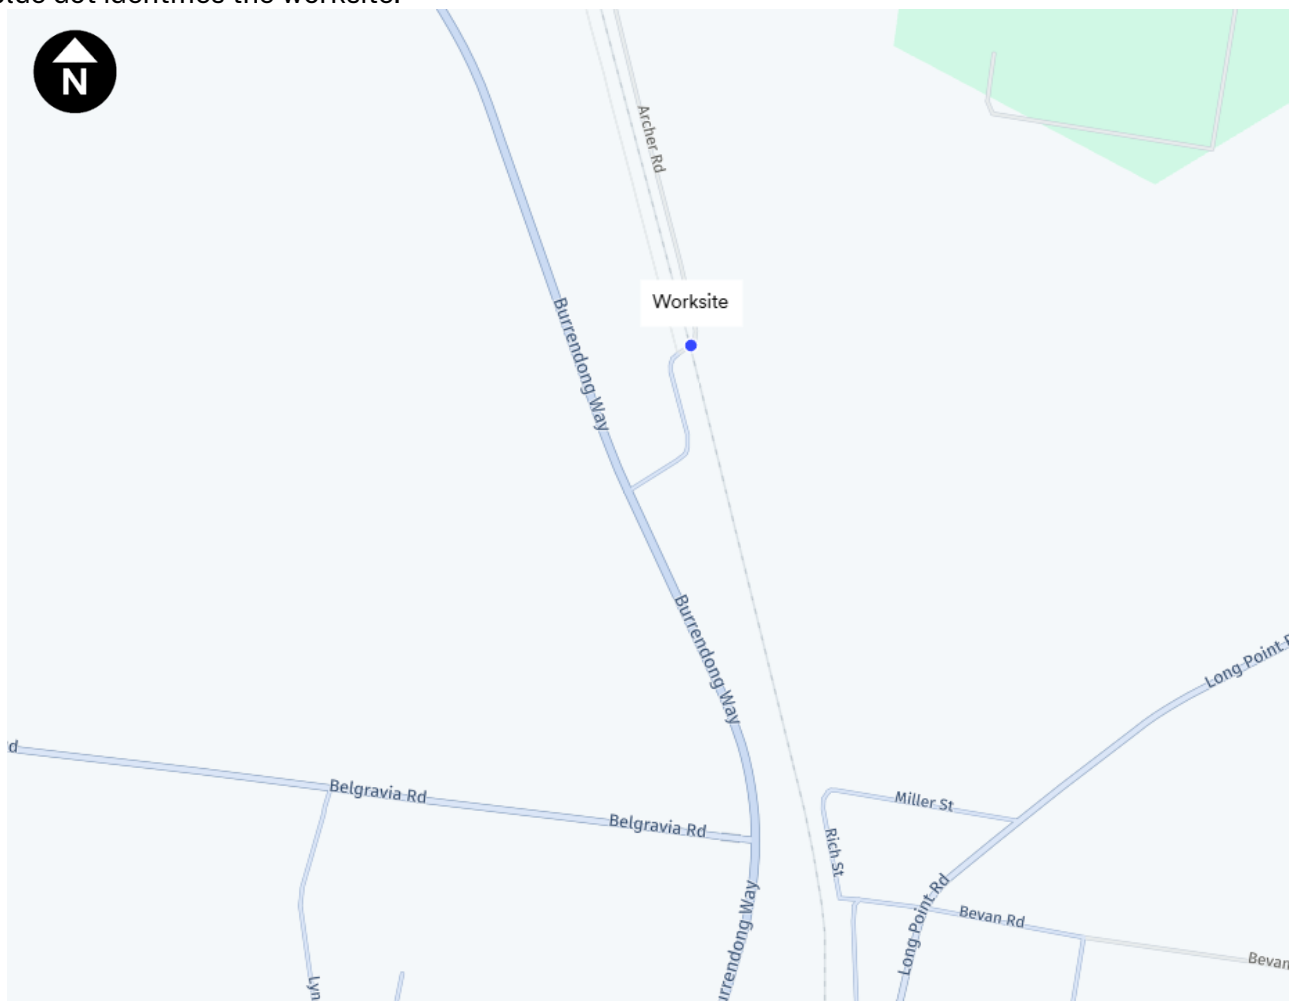

Why we are doing this work

The Australian and NSW governments are jointly funding the upgrade of the Archer Road, Mullion Creek level crossing through the Australian Government's Regional Level Crossing Upgrade Fund (RLCUF) and the NSW Level Crossing Improvement Program (LCIP).

Together, these programs will upgrade twenty-three high-priority level crossings in regional areas with high-intensity LED lights, bells, and retro-reflective boom gates to improve safety and reduce the risk of collisions and near hits.

Site Location
