

Level crossing upgrade at Eugowra Road, Parkes

Community Notification

October 2026

On behalf of Transport for NSW, UGL Regional Linx (UGLRL) is upgrading the level crossing at Eugowra Road, Parkes, between **October 2026 and May 2027**.

What work are we doing?

We are upgrading Eugowra Road, Parkes level crossing from an active level crossing currently equipped with flashing lights, to a level crossing with flashing lights and boom gates. This will improve safety for all motorists and rail services.

The work will be completed in two stages.

Stage one will involve excavation and road works from Monday 12 October to Sunday 15 November 2026.

Stage two will involve road works, installation and commissioning of new boom gates between March 2027 and May 2027.

We will notify residents and road users before stage two work begins.

When and where will we be working?

Stage one work will be carried at Eugowra Road, Parkes from **Monday 12 October to Sunday 15 November 2026**, weather permitting.

Our standard work hours will occur between **7 am and 5 pm, Monday to Friday**. This will also include some weekend work.

A continuous 24-hour shift will take place from **6am Saturday 24 October to 5pm Tuesday 27 October 2026**.

A map of the work area is provided over the page.

What will this mean for you?

During the work, you will notice:

- a continuous shift from Saturday 24 October to Tuesday 27 October 2026
- traffic control and signs to help manage vehicle movements
- increased movements of construction vehicles and machinery in the area

Please follow the directions of traffic controllers and allow extra travel time.

Managing our impacts

We will take steps to minimise impacts on the community and environmental.

This includes:

- turning off machinery when it is not in use
- instructing workers to keep noise to a minimum
- maintaining machinery to reduce noise and environmental impact

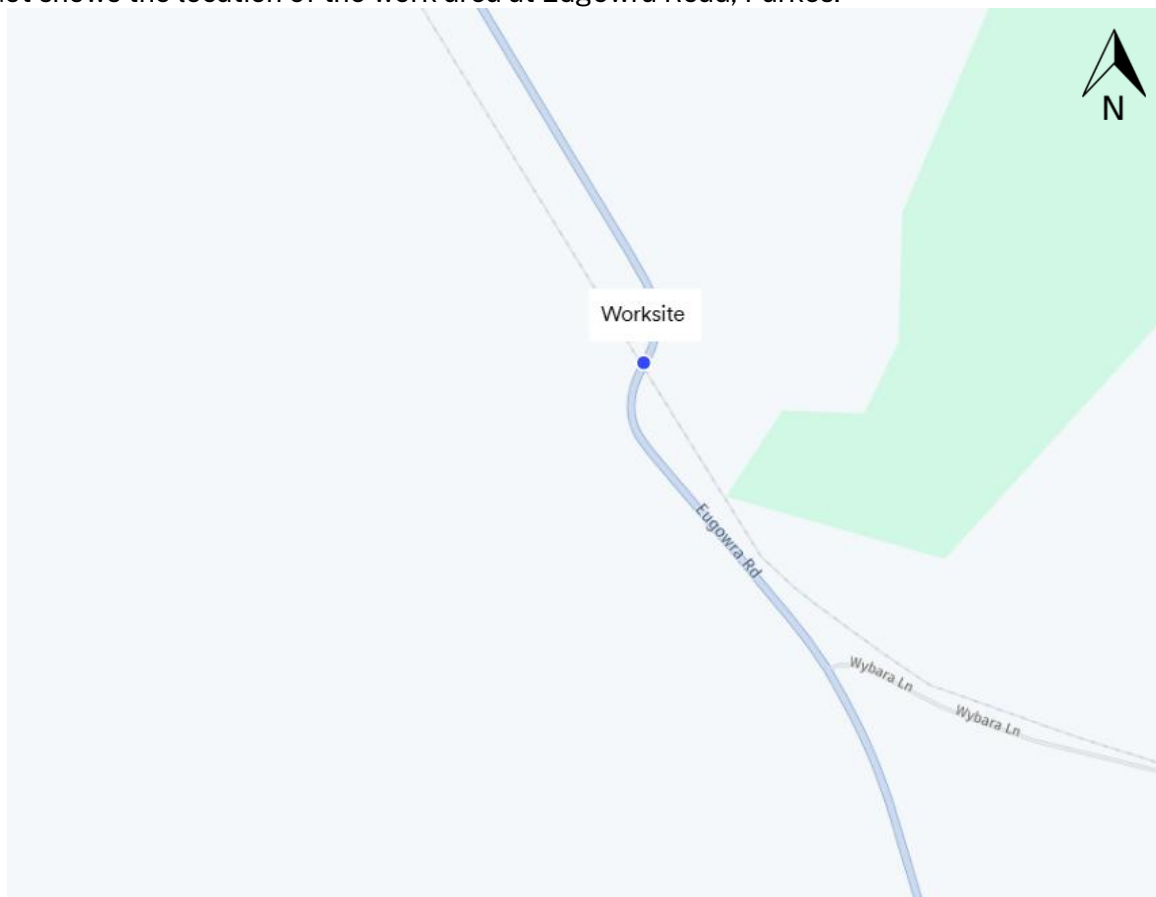

Why we are doing this work

The Australian and NSW governments are jointly funding the upgrade of the Eugowra Road level crossing through the Australian Government's Regional Level Crossing Upgrade Fund (RLCUF) and the NSW Level Crossing Improvement Program (LCIP).

Together, these programs will upgrade twenty-three high-priority level crossings in regional areas with high-intensity LED lights, bells, and retro-reflective boom gates to improve safety and reduce the risk of collisions and near hits.

Site Location
