

Level crossing upgrade on Irrigation Way at Widgelli

Community notification

August 2026

On behalf of Transport for NSW, UGL Regional Linx (UGLRL) is upgrading the level crossing on Irrigation Way at Widgelli between August and November 2026, weather permitting.

What work are we doing?

The level crossing on Irrigation Way at Widgelli is an active level crossing currently equipped with lights and signage.

To further improve safety, boom gates will be installed as a part of the upgrade to the level crossing.

When and where will we be working?

We'll carry out this important work on Irrigation Way, Widgelli, from **Monday 17 August to Monday 23 November 2026**, between **7am and 6pm**, weather permitting. This will include some weekend work.

A map of the work location is provided over the page.

What will this mean for you?

UGLRL is committed to minimising the impact of work on the local community.

During the work, you will notice:

- increased vehicle movements in the area
- some noise from machinery
- stop-and-go traffic control during the work.

Managing our impacts

UGLRL will take all necessary steps to minimise community and environmental impacts. This includes, but is not limited to:

- turning off machinery when not in use
- instructing workers to keep noise to a minimum
- maintaining machinery to reduce noise and environmental impact.

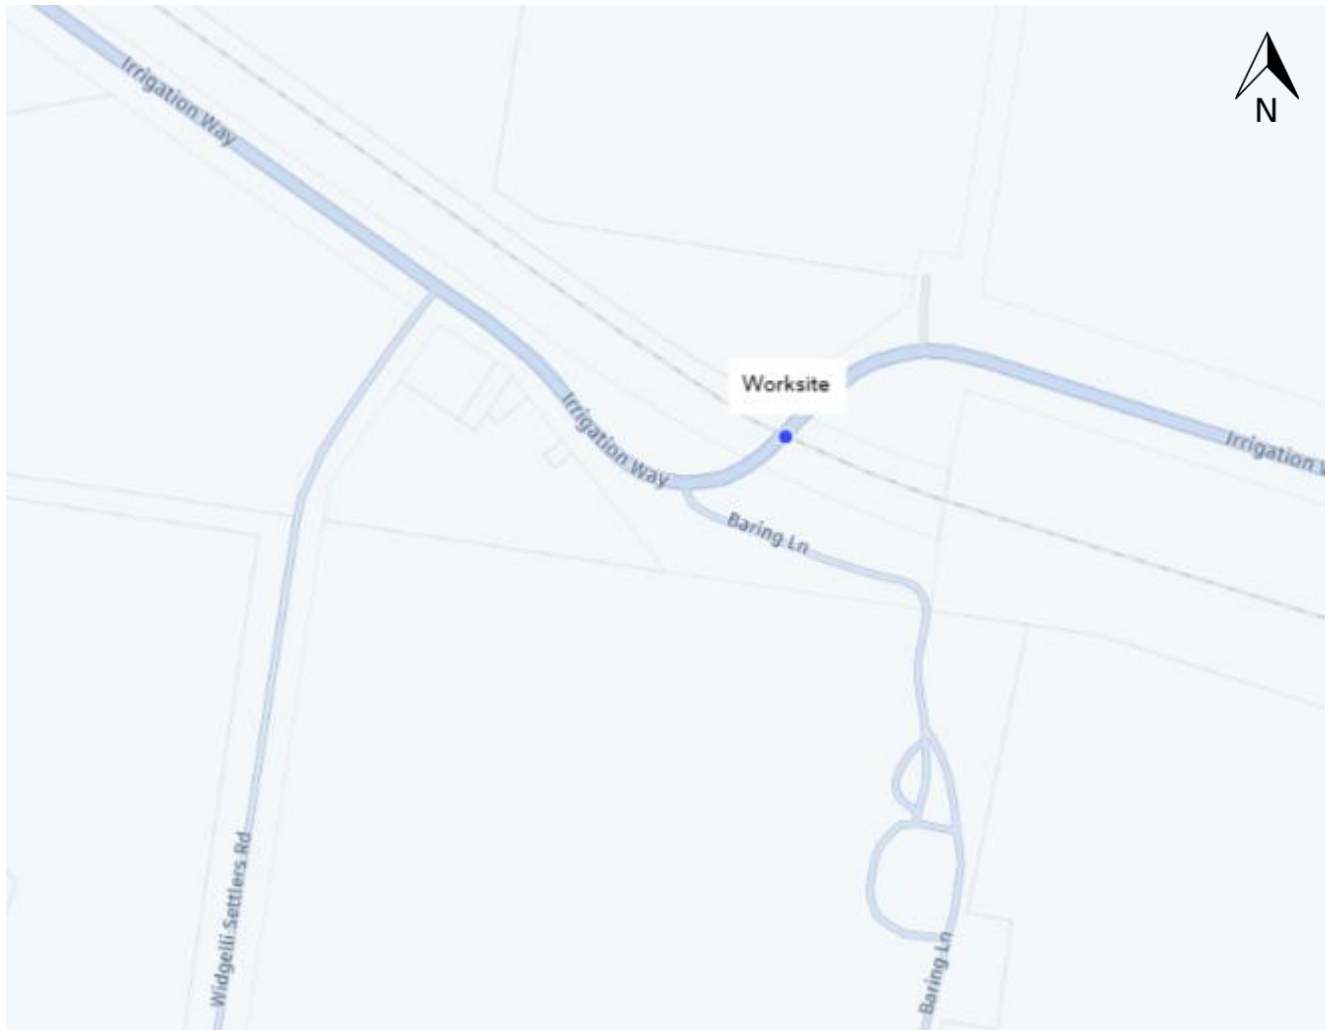

Why we are doing this work

The Australian and NSW governments are jointly funding the upgrade of the Irrigation Way, Widgelli level crossing through the Australian Government's Regional Level Crossing Upgrade Fund (RLCUF) and the NSW Level Crossing Improvement Program (LCIP).

Together, these programs will upgrade 23 high-priority level crossings in regional areas with high-intensity LED lights, bells, and retro-reflective boom gates to improve safety and reduce the risk of collisions and near misses.

Site location

The blue dot identifies the worksite.

More information

UGLRL prioritises working closely with the local community. If you have any questions or are likely to be affected by this work, please contact the communications team and provide your location.
