

Track renewal near Canola Way, Old Junee

Community notification

April 2026

UGL Regional Linx (UGLRL) operates and maintains the Country Regional Network (CRN) on behalf of Transport for NSW.

UGLRL will start scheduled maintenance work on the track near Canola Way, Old Junee, in early May 2026.

What work are we doing?

We'll be carrying out work to improve track stability, reliability and long-term performance, helping ensure the safe operation of both freight and passenger trains.

The work includes:

- setting up a temporary work site
- removing the existing rail and steel sleepers
- carrying out structural repairs to the track
- reinstalling the rail and resurfacing the track.

To complete the work, we will use a range of equipment and machinery, including:

- excavators
- mechanised track equipment
- cranes and lifting equipment
- light and heavy vehicles
- hand and power tools.

When and where we'll be working

We'll be working near Canola Way, Old Junee for 24 hours a day from **6am on 2 May 2026 to 6pm on 4 May 2026**.

This means work will take place during the day, evening and overnight across this period.

What will this mean for you?

During the work you may notice:

- increased numbers of workers and vehicles in the area, including overnight
- noise from machinery and equipment during both day and night work
- lighting towers operating overnight in the rail corridor to safely light the work area. Lighting will be directed towards the track and work site.

Managing our impacts

UGLRL will take all necessary steps to minimise impacts on the community and environment while this work is carried out.

This includes, but is not limited to:

- installing fencing to maintain safety and security
- reducing our noise as much as possible
- carefully managing overnight work and lighting to reduce disturbance to nearby residents.

Location of work area

Further information

Working closely with the local community is a priority for UGLRL. If you have any questions or are likely to be impacted by this work, please contact the project Infoline and provide the asset number: **TRW00273A**.
