

## RIDEWELL FLEET ADD ON PRICING AND FEATURE DESCRIPTION

<u>Solution</u>	<u>Discounted Upfront Price</u>	<u>Discounted Monthly Price</u>
<b><u>Safety Cam Plus</u></b>		
<b>Upfront Purchase:</b>	<b>\$239.00</b>	<b>\$27.00/vehicle (no contract)</b>
<b>3-year payment plan*</b>		
<b>*Requires 36-month contract:</b>	<b>N/A</b>	<b>\$31.99/vehicle (36-mo term)</b>
<p><i>This premium dashcam enables customers to view video footage of road situations and driver (dual facing) awareness at the point that a risky driving event occurred <b>as well as distracted driving events by monitoring the driver's behavior</b>. Advanced Driver Assistance System (ADAS) provides real time voice alerts to drivers when risky behavior occurs. Benefits include enhanced fleet safety and reduction in operational risks to better protect your business. Solution is entirely plug and play by using the OBD port power connector.</i></p>		
<b>Driver Identification Mobile Application</b>	<b>N/A</b>	<b>\$1.50/driver</b>
<p><i>This is a premium feature add on to the mobile application that enables customers to positively identify the mobile worker driving each vehicle. The mobile application communicates directly with the Azuga device in the vehicle to identify the driver without the driver needing to take any action other than to be logged on to the application. Please refer to the datasheet for more information.</i></p>		
<b>Driver Identification QR Code</b>	<b>N/A</b>	<b>\$1.50/driver</b>
<p><i>This solution enables customers to positively identify the mobile worker driving each vehicle through the deployment of a QR code which is affixed to the vehicle interior. Upon entering the vehicle, the driver uses their smart phone to scan the QR code which pairs that driver to the associated vehicle. Please refer to the datasheet for more information.</i></p>		
<b>Driver Identification Beacon Card</b>	<b>\$15.00</b>	<b>\$1.50/driver</b>
<p><i>This solution enables customers to positively identify the mobile worker driving each vehicle through the deployment of a credit card sized plastic card. The card identifies the driver by communicating a driver-specific code to the Azuga device in the vehicle via Bluetooth. No action is required by the driver other than to have the card present, typically in their wallet or employee badge holder. Please refer to the datasheet for more information.</i></p>		
<b><u>Electronic Logs Application (ELD/DVIR)</u></b>	<b>N/A</b>	<b>\$8.00/Driver</b>
<p><i>This utility supports customers whose drivers need to be in compliance with government mandates regarding hours of service. Please refer to the datasheet for more information.</i></p>		
<b><u>Asset/Equipment Tracking</u></b>	<b>N/A</b>	<b>\$13.00/device</b>
<p><i>This solution includes either a purpose-built hardwired device or long-life battery device designed to be out in the elements to support the tracking of equipment. No upfront cost but offered on a 36-month term commitment.</i></p>		
<b><u>Azuga Routes</u></b>	<b>N/A</b>	<b>\$30/driver and \$30/user</b>
<p><i>This is a premium feature add on for our field service management (FSM) solution that supports a broad range of functionality including scheduling/dispatching, time management, work order management, contact management, billing management, and more.</i></p>		
<b><u>Azuga Coach</u></b>	<b>N/A</b>	<b>\$3.15/driver</b>
<p><i>Training videos are sent to any driver who's driving the week prior put them in the risky driver zone. Tests need to be taken to measure comprehension after each lesson. Managers measure training compliance through portal view. Requires 12-month term commitment.</i></p>
